Report on the Financial Statements

We were engaged to audit the accompanying financial statements of DRW Trading Group Profit Sharing and Salary Deferral Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified or provided by Charles Schwab Bank, except for comparing this information with the related information included in the financial statements. Charles Schwab Trust Company, a subsidiary of Charles Schwab Bank, is the trustee of the Plan. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from Charles Schwab Bank as of December 31, 2014 and 2013, and for the year ended December 31, 2014, that the information provided to the Plan Administrator by Charles Schwab Bank is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Note 1. Description of Plan

The following description of the DRW Trading Group Profit Sharing and Salary Deferral Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of DRW Holdings, LLC, DRW Associates LLC and Convexity Properties LLC (collectively, the Company) who are age 21 or older. Eligible employees are able to begin participating in the Plan the first day of the month following the later of their date of hire or attainment of age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute up to 75 percent of pre-tax or after-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may contribute a semi-annual matching contribution to active participants who are employed on June 30 or December 31 and have made salary deferral contributions during the plan year. For 2014, the Company elected to match 50 percent of the first 6 percent that a participant contributes to the Plan with that match being a maximum of $7,000. Salary deferral contributions designated as catch-up contributions are not matched. The Company may change the matching formula from year to year, and may declare a zero match for any plan year. The Company may also make discretionary profit sharing contributions to participants who were active participants in the Plan at the end of the plan year based on the Company's profitability. No profit sharing contributions were made to the Plan for the year ended December 31, 2014. The amount of the participant's pre-tax and/or after-tax contributions can be limited to ensure that the Plan satisfies the requirements of federal tax law or to honor deductions that a participant has elected (such as health insurance premiums) or that are required under law (such as wage garnishments).

Participant accounts: Each participant's account is credited with the participant's contribution, allocations of Company profit sharing and matching contributions, if any, and plan earnings, and charged with any applicable administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment: Upon enrollment in the Plan, a participant may direct the investment of their contributions in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of credited service. A participant who earns at least one hour of service on or after January 1, 2011 is 25 percent vested after one year of credited service, 50 percent vested after two years of credited service, 75 percent vested after three years of credited service, and fully vested after four years of credited service. Participants who do not earn at least one hour of service on or after January 1, 2011 are 20 percent vested after two years of credited service, 40 percent vested after three years of credited service, 60 percent vested after four years of credited service, 80 percent vested after five years of credited service, and fully vested after six years of credited service. Participants who attain normal retirement age of 65, or who terminate employment due to death or disability are 100 percent vested in their account balances.

Note 1. Description of Plan (Continued)

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Participant's after-tax contribution accounts are not available for a loan. Loan terms range from 1-5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus 1 percent, set at time of withdrawal. Participants are charged a one-time fixed fee at the time the loan is originated and may be charged an annual administration fee as described in the plan document. Interest rates on participant loans outstanding at December 31, 2014 are at 4.25 percent. Principal and interest are paid ratably through semi-monthly payroll deductions.

Payment of benefits: On termination of service due to death, disability, attainment of age 59½, proven financial hardship or retirement, a participant may elect to receive a lump-sum cash distribution equal to the value of the participant's vested interest in their account.

Forfeited accounts: At December 31, 2014 and 2013, forfeited nonvested accounts totaled $10,647 and $25,354, respectively. These accounts may be used to reduce the Company's discretionary matching contribution in future periods and/or, at the discretion of the Plan Committee, to pay reasonable administrative expenses of the Plan. As of December 31, 2014, the Company contribution receivable of $489,729 has been reduced by the forfeited nonvested account total of $10,647. During 2014, the Company's discretionary matching contributions were reduced by $17,229 from forfeited nonvested accounts. No administrative expenses were paid out of forfeited nonvested accounts for the year ended December 31, 2014.

Recent accounting pronouncement: In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-12, *Plan Accounting: Defined Contribution Pension Plans (Topic 962) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)*. The purpose of this Update is to simplify plan accounting.

- The amendments in Part I of this Update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit responsive investment contracts will be presented at contract value; accordingly there will no longer be an adjustment from fair value to contract value on the face of the financial statements.
- The amendments in Part II of this Update will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, *Annual Return/Report of Employee Benefit Plan,* as a direct filing entity, disclosure of that investment's strategy will no longer be required.
- The amendments in Part III of this Update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The Update may be adopted in whole or by part (I, II, and III), as applicable. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. Part I and Part II are not expected to have a material impact on subsequent periods. Plan management is currently evaluating the impact Part II will have on the Plan's financial statements.

Note 2. Summary of Accounting Policies

Basis of accounting: The financial statements of the Plan have been prepared on the accrual basis of accounting.

Accounting policies: The Plan follows Generally Accepted Accounting Principles (GAAP), as established by the Financial Accounting Standards Board (the FASB), to ensure consistent reporting of financial condition.

Use of estimates: The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 5 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Defaulted loans are treated as distributions based upon the terms of the plan document. No loans were deemed uncollectible as of December 31, 2014 or 2013.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Administration expenses of the Plan are paid by the Plan as provided in the plan document. Certain other administrative expenses are paid by the Company on behalf of the Plan, without reimbursement.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through August 14, 2015, the date the financial statements were available to be issued.

Note 3. Investments

The fair values of investments that represent 5 percent or more of the Plan's net assets available for benefits as of December 31, 2014 and 2013, are as follows:

	December 31, 2014		December 31, 2013	
Shares of registered investment companies:				
Vanguard 500 Index Fund Signal Shares	$ 10,686,940		$ 8,036,894	
Ivy Science and Technology Fund, Class Y	3,523,560		3,458,652	
PRIMECAP Odyssey Growth Fund	3,474,911		2,813,046	
Schwab Value Advantage Money Select Shares	2,286,915	*	2,648,757	
Goldman Sachs Bond Fund	3,999,131		-	
Vanguard Target Retirement 2050	2,866,369		2,188,268	*
PIMCO Total Return Fund, Institutional Class	5,727	*	4,574,217	
Thornburg International Value Fund	-		2,750,033	

* Investment did not represent more than 5% of the Plan's net assets.

During the year ended December 31, 2014, the Plan's investments, including gains and losses on investments bought and sold, as well as held during the year, appreciated in fair value as follows:

Shares of registered investment companies	$ 1,177,869
	$ 1,177,869

Note 4. Information Certified or Provided by Charles Schwab Bank

The following is a summary of the Plan's asset information as of December 31, 2014 and 2013, and for the year ended December 31, 2014, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information certified or provided by Charles Schwab Bank and furnished to the Plan Administrator. Charles Schwab Trust Company, a subsidiary of Charles Schwab Bank, is the trustee for the Plan. The Plan Administrator has obtained certifications from Charles Schwab Bank that the information provided to the Plan Administrator by Charles Schwab Bank related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2014	2013
Shares of registered investment companies, at fair value	$ 55,811,952	$ 48,439,109

Charles Schwab Bank also certified the completeness and accuracy of $1,177,869 of net appreciation in fair value of investments and $1,978,642 of interest and dividends related to the aforementioned investments for the year ended December 31, 2014.

Note 5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date;

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable for the asset or liability and include situations where there is little, if any, market activity for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 as compared to 2013.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 5. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2014 and 2013:

Note 5. Fair Value Measurements (Continued)

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2014, there were no transfers in or out of Levels 1, 2, or 3.

Note 6. Related-Party Transactions

Certain employees of the Company provide administrative services to the Plan and neither the Company nor the employees receive reimbursement from the Plan.

The plan recordkeeper may receive revenue sharing payments from mutual funds in which the plan assets are invested. The administrative services agreement between the Plan and its recordkeeper provides that to the extent revenue sharing payments received by the recordkeeper exceed administrative fees charged to the Plan by the recordkeeper, the excess will be credited to the Plan and can be used to pay future other administrative expenses of the Plan or be allocated to participants at the discretion of the Company.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

Note 8. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated April 15, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2011.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:
