Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by John Hancock Life Insurance Company (U.S.A.), the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The financial statements are prepared on the modified cash basis of accounting. Except for assets and liabilities which arise from cash transactions and the recognition of net appreciation (depreciation) in fair value of investments, revenue is recognized when received rather than when earned and expenses are recognized when paid rather than when the obligation is incurred.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statements of net assets available for benefits presents the fair value of the guaranteed investment accounts as well as the adjustment from fair value to contract value relating to the investment contract. The statements of changes in net assets available for benefits is prepared on a contract value basis.

Investments - The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

Purchases and sales of investments are recorded on a trade date basis.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Plan Administration - The Plan is maintained under a trust agreement. John Hancock Life Insurance Company (U.S.A.) manages the Plan's operations and has custody of the Plan's assets. Benefits Outsource handles various administrative duties including the preparation of tax filings and tax compliance.

Payment of Benefits - Benefits paid to participants are recorded on distribution.

Expense Offset Arrangements - Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses - The Plan sponsor, Lawson Industries, Inc., provides and pays certain expenses of maintaining the Plan without charge or reimbursement.

Estimates - The preparation of financial statements requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Subsequent Events - Subsequent events have been evaluated through August 7, 2015, which is the date the financial statements were available to be issued.

NOTE 2. DESCRIPTION OF THE PLAN

Lawson Industries, Inc. 401(k) Plan and Trust was established January 1, 2002, and has been adopted by two related companies (collectively referred to herein as the "Companies") Lawson Industries, Inc. and Sunco Plastics, Inc. The Plan was established to provide employees of the Companies with the opportunity to save for retirement on a tax-deferred basis. The Plan is a defined contribution plan covering all nonunion employees who have at least one year of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective February 2009, all contributions to the Plan were suspended. This decision was made in direct response to the then current business conditions. During 2014 and 2013, the Companies did not reinstate contributions. Such suspension will remain in effect indefinitely until lifted by the Companies.

Each participant's account was credited with the participant's contribution. Plan earnings or losses are allocated on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant contributions were invested as directed by the participant into various investment options. Participants must evaluate their own investment goals and objectives and choose the investments best suited to achieve their goals and objectives.

Poor investment performance by the investment accounts selected by the participants may cause their vested balances to be lower than the amounts contributed to the Plan on their behalf.

NOTE 2. DESCRIPTION OF THE PLAN (CONTINUED)

Participants are immediately vested in their voluntary compensation deferrals plus actual earnings thereon. Participants become 20 percent vested in the Companies' contributions plus actual earnings thereon after 2 years of service with an additional 20 percent for each year thereafter, achieving 100 percent vesting after 6 years of service. Participants' accounts become fully vested upon retirement, permanent disability or death. Forfeited nonvested accounts are used to reduce administrative expenses of the Plan first and any excess will reduce future employer contributions. At each year ended December 31, 2014 and 2013, forfeited nonvested accounts were $21,625.

Participants may borrow from their accounts a minimum of $500 up to a maximum equal to the lower of $50,000 or 50 percent of a participant's vested account balance. Five years is the maximum length of the note receivable, unless it qualifies as a home loan, which may be for a reasonable period of time in excess of five years. The balance of the note receivable outstanding at December 31, 2014 and 2013 were $65,126 and $30,912 with interest rates ranging from approximately five to six percent. Principal and interest is paid ratably through monthly payroll deductions.

Participants should refer to the summary plan description for more information.

NOTE 3. PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies, as the Plan sponsor, have the right to terminate the Plan subject to the provisions set forth in ERISA.

NOTE 4. TAX STATUS

The Internal Revenue Service has issued a determination letter indicating that the Plan (a prototype plan), as designed, is a qualified plan under Internal Revenue Code Section 401(a). Management believes that the Plan, as designed, is being operated in accordance with applicable regulations and, therefore, is exempt from federal income taxes under Section 501(a) of the Internal Revenue Code.

The Plan files Form 5500, *Annual Return/Report of Employee Benefit Plan*, which is subject to examination by the Internal Revenue Service until the applicable statute of limitations expires.

NOTE 5. INVESTMENTS

The following summary presents the aggregate fair value for each of the Plan's investment categories. Individual investments that represent 5% or more of the Plan's net assets available for benefits are separately identified.

	2014		2013	
Insurance contract pooled separate accounts:				
John Hancock II				
Lifestyle Balanced Fund	$ 365,671		$ 396,222	
Lifestyle Growth Fund	168,706		157,024	
JPM Mid Cap Value Fund	288,271		294,554	
Blue Chip Growth	82,025		35,589	*
T. Rowe Price Health Science	83,659		64,212	*
Others	376,980		370,237	
	1,365,312		1,317,838	
Guaranteed investment accounts	19,443		32,261	
Money market fund				
John Hancock Asset Management Money Market Fund	74,332	*	75,441	
Total	$ 1,459,087		$ 1,425,540	

* - not 5%

Net appreciation of the Plan's investments including investments bought, sold, and held during the year of $111,256 and $256,911 for 2014 and 2013, respectively and is primarily from the performance of the insurance contract pooled separate accounts.

The Plan invests in various investment securities. These investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits - modified cash basis.

NOTE 6. FAIR VALUE MEASUREMENTS

The Plan prepares its financial statements on the modified cash basis of accounting. Because one of the modifications to the cash basis that the Plan has made is to carry its investments at fair value, the *Fair Value Measurements and Disclosures* Topic of the FASB Accounting Standards Codification, which established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, has been implemented by the Plan. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities
Level 2	Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly
Level 3	Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2014 and 2013. As required, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. At December 31, 2014 and 2013, the Plan held no assets at fair value classified within Level 3.

NOTE 6. FAIR VALUE MEASUREMENTS (CONTINUED)

		Fair Value Measurements at Year End Using		
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2014:				
Insurance contract pooled separate accounts:				
Lifestyle funds	$ 593,976	$ -	$ 593,976	$ -
Mid cap value	288,271	-	288,271	-
Others	483,065	-	483,065	-
Guaranteed investment accounts	19,443	-	19,443	-
Money market fund	74,332	-	74,332	-
Total	$ 1,459,087	$ -	$ 1,459,087	$ -
December 31, 2013:				
Insurance contract pooled separate accounts:				
Lifestyle funds	$ 615,671	$ -	$ 615,671	$ -
Mid cap value	294,554	-	294,554	-
Others	407,613	-	407,613	-
Guaranteed investment accounts	32,261	-	32,261	-
Money market fund	75,441	-	75,441	-
Total	$ 1,425,540	$ -	$ 1,425,540	$ -

The fair values of insurance contract pooled separate accounts are determined by reference to the accounts' underlying assets, which are principally marketable equity and fixed income securities. Units held in the insurance contract pooled separate accounts and guaranteed investment accounts are valued at the unit value as reported by the investment manager as of December 31, 2014 and 2013. Redemptions are available on a daily basis without notice.

The money market fund is valued at cost which approximates fair value.

NOTE 7. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The following is a summary of the unaudited information regarding the Plan included in the Plan's financial statements that was prepared or derived from information provided by John Hancock Life Insurance Company (U.S.A.). The Plan has obtained certification from John Hancock Life Insurance Company (U.S.A.) that such information is complete and accurate as of December 31, 2014 and 2013 and for the years then ended.

	2014	2013
Statements of Net Assets Available for Benefits:		
Insurance contract pooled separate accounts	$ 1,365,312	$ 1,317,838
Guaranteed investment accounts at contract value	$ 19,639	$ 32,381
Guaranteed investment accounts at fair value	$ 19,443	$ 32,261
Money market fund	$ 74,332	$ 75,441
Statements of Changes in Net Assets Available for Benefits:		
Net appreciation in fair value of investments	$ 111,256	$ 256,911
Interest and dividends	$ 34	$ 309

NOTE 8. GUARANTEED INVESTMENT ACCOUNTS

The Plan has entered into a benefit-responsive investment contract with John Hancock Life Insurance Company (U.S.A.) who maintains the contributions in separate accounts. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the statement of net assets available for benefits at fair value as determined using the market approach. The adjustment from fair value to contract value for the investment contract is based on the contract value as reported to the Plan by John Hancock Life Insurance Company (U.S.A.). Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The Plan may ordinarily direct the withdrawal or transfer of all or a portion of its investment at contract value.

The contract value of the guaranteed investment accounts at December 31, 2014 and 2013 was $19,639 and $32,381 respectively. The crediting interest rate at December 31, 2014 and 2013 was 0.15% and 0.97%, respectively. The average composite yield rate at December 31, 2014 and 2013 was 0.28% and 0.79%, respectively.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with John Hancock Life Insurance Company (U.S.A.). The Plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

The guaranteed investment accounts contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 9. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by John Hancock Life Insurance Company (U.S.A.), the Trustee as defined by the Plan, and therefore, these transactions qualify as exempt party-in-interest transactions.

NOTE 10. PROHIBITED TRANSACTIONS

The Companies withhold participants' loan payments from their payroll. During the year ended December 31, 2014, there were two instances where the Companies failed to remit participant loan payments to the Plan within the period prescribed by the Department of Labor (DOL) regulations. Specifically, the DOL regulations provide that the Companies are required to segregate participant loan payments to the Plan from their general assets as soon as practicable. The late payments did not meet the timeliness requirement and therefore constitute prohibited transactions with a party-in-interest. During 2014, the Companies failed to timely remit participant loan payments totaling $684. The Plan will report the 2014 prohibited transactions to the DOL on the 2014 Form 5500.
