NOTE 1 - DESCRIPTION OF PLAN

The following description of the Nidec America Corporation Employee Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established to provide retirement benefits for employees of Nidec America Corporation (NCA) and Nidec Motor & Actuators (USA), Inc. (NMA) (collectively, the Companies) who have at least 60 days of service and have reached the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute between 1% and 100% of compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers). The Companies' safe harbor matching contribution is equal to 100% of each participant's pre-tax contributions up to 5% of compensation. In addition, the Companies may make additional profit-sharing contributions for employees of NMA at the discretion of the Board of Directors. For the year ended December 31, 2014, this amount was equal to 5% of eligible compensation. At the discretion of the Board of Directors, the sponsor may also make additional matching contributions to employees of NCA. There was no discretionary matching contribution for NCA employees for the year ended December 31, 2014. All contributions are subject to certain limitations imposed by the Plan and the Internal Revenue Code (the Code).

Participant Accounts

Each participant's account is credited with the participant's contributions and Company contributions, and allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations of profit-sharing contributions, investment income and administrative expenses are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

Investment Options

Participants may direct their contributions into any of the funds offered by the Plan, which are held at Wells Fargo Bank, N.A. (Wells Fargo). These funds include a variety of investment options with various objectives and degrees of financial risk.

Vesting

Participants are immediately vested in their deferral, rollover and Company matching contributions, including the earnings on these amounts. Vesting in employer profit-sharing contributions is based on years of continuous service. Participants are fully vested in employer profit-sharing contributions upon the completion of three years of service. Participants are also fully vested upon reaching their normal retirement date, death or total disability.

NOTES TO FINANCIAL STATEMENTS

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, reduced by the excess, if any, of the highest outstanding loan balance of loans from the Plan during the one-year period prior to the date of the loan over the current outstanding loan balance, or one-half of the participant's vested account balance. Loan terms range from one to five years, except for loans to purchase a primary residence, which may be offered over a term of up to thirty years. The loans are secured by the balance in the participants' accounts and bear interest at a rate commensurate with local prevailing rates, as determined by the plan administrator. The notes currently bear interest at 4.25% to 9.25%. Participants are limited to five outstanding loans at any time. Generally, principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon retirement, disability, death or termination of employment, the participant shall become entitled to the total value of his or her vested account. Distributions will be paid in a lump sum or in installments over a number of years, based upon election of the participant or as defined in the Plan or the Code. If the participant's account balance exceeds $5,000, the participant may elect to receive the account balance upon termination or defer distribution until such participant reaches normal retirement age. If the participant's account balance is $5,000 or lower and the participant fails to take distribution of the balance, the vested balance will be transferred to an IRA account in the participant's name.

The Plan also provides for in-service withdrawals by participants who have attained the age of 59½. Upon financial hardship, a participant is entitled to the value of his or her deferral accounts, but not the earnings thereon, which is payable immediately in a lump-sum distribution.

Forfeitures

Forfeitures of profit-sharing contributions are used to reduce the Companies' future contributions or to pay plan expenses. Forfeited nonvested profit sharing accounts totaled $5,531 and $6,467 at December 31, 2014 and 2013, respectively. Company contributions were reduced by $6,468 from forfeited nonvested discretionary profit-sharing accounts for the year ended December 31, 2014.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution retirement plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because the contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Accordingly, the statements of net assets available for benefits present the fair value of investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis. The Plan's investment in the Gatmore Morley Stable Value Fund has underlying investments that include fully benefit-responsive investment contracts.

NOTES TO FINANCIAL STATEMENTS

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits to participants are recorded when paid.

Plan Expenses

Certain expenses of maintaining the Plan are paid directly by the Companies. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Risks and Uncertainties

The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and those changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

Subsequent events have been evaluated through August 25, 2015, the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

NOTE 3 - CERTIFICATION BY THE INVESTMENT TRUSTEE

Information presented in the accompanying statements and schedule as of December 31, 2014 and 2013, and for the year ended December 31, 2014 for investments, notes receivable from participants, investment income and interest income on notes receivable from participants was derived, without audit, from information certified to be complete and accurate by Wystar Global Retirement Solutions, a division of Wells Fargo Bank, N.A., the trustee, as permitted by the election made by the plan administrator under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 4 - INVESTMENTS

Investments representing 5% or more of the Plan's net assets available for benefits at December 31, 2014 and 2013, were as follows:

	2014	2013

During 2014, the Plan's investments (including gains on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

Collective trust	$ 5,182
Mutual funds	583,203
Net Appreciation in Fair Value of Investments	$ 588,385

NOTE 5 - FAIR VALUE MEASUREMENTS

Generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2
Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. When, as a practical expedient, an investment is measured at fair value on the basis of net asset value (NAV), its classification as Level 2 or 3 will be impacted by the ability to redeem the investment at NAV at the measurement date. If there is uncertainty or the inability to redeem an investment at NAV in the near term subsequent to the measurement date, the investment is categorized as Level 3.

The following is a description of the valuation methodologies used for assets measured at fair value:

Money Market and Mutual Funds
Money market and mutual funds are valued at the quoted NAV of shares held by the Plan at year end.

Collective Trusts
Collective trusts are stated at NAV. The NAV, as reported by the investment manager of the fund, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets and liabilities at the measurement date.

There have been no changes in the methodologies used at December 31, 2014 and 2013.

NOTES TO FINANCIAL STATEMENTS

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

	2014			
	Level 1	Level 2	Level 3	Total
Money market funds	$ 225,389	$ -	$ -	$ 225,389
Mutual funds - equity	10,054,339	-	-	10,054,339
Mutual funds - bond	2,906,717	-	-	2,906,717
Mutual funds - retirement date and balanced	2,353,109	-	-	2,353,109
Collective trust	-	917,218	-	917,218
Total Assets at Fair Value	$ 15,539,554	$ 917,218	$ -	$ 16,456,772

	2013			
	Level 1	Level 2	Level 3	Total
Money market funds	$ 254,692	$ -	$ -	$ 254,692
Mutual funds - equity	9,518,211	-	-	9,518,211
Mutual funds - bond	2,555,229	-	-	2,555,229
Mutual funds - retirement date and balanced	1,996,562	-	-	1,996,562
Collective trust	-	1,141,432	-	1,141,432
Total Assets at Fair Value	$ 14,324,694	$ 1,141,432	$ -	$ 15,466,126

There were no transfers between levels of investments during the years ended December 31, 2014 and 2013.

Investments in collective trusts provide for daily liquidity and have no redemption features or restrictions.

The following information relates to investments in entities that calculate NAV per share (collective trusts):

- The objective of the collective trust is to provide a diversified group of investments offering competitive levels of yield consistent with stable fixed income methodology and the careful and prudent assumption of investment risk, providing for preservation of capital, stability and predictability of returns, liquidity to pay plan benefits and high credit quality. The trust seeks to achieve this objective by investing in conventional, synthetic and separate account investment contracts issued by life insurance companies, banks and other financial institutions.

- There are no unfunded commitments with respect to the trust and funds may that be withdrawn within 30 days of written request.

NOTES TO FINANCIAL STATEMENTS

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds managed by affiliates of Wells Fargo. Wells Fargo is a trustee as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Investment and administrative expenses paid by the Plan to Wells Fargo or its affiliates totaled $2,925 for the year ended December 31, 2014. Certain employees of the Companies who participate in the Plan perform administrative services to the Plan at no cost to the Plan. Notes receivable from participants are also party-in-interest transactions.

NOTE 7 - INCOME TAX STATUS

The Plan has adopted a nonstandardized prototype plan that received a favorable opinion letter from the Internal Revenue Service (IRS) that it was in compliance with the applicable requirements of the Code. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, the plan administrator believes the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

NOTE 9 - SUBSEQUENT EVENT

The Plan was completely amended and restated effective January 1, 2015. All basic plan provisions remained substantially unchanged.
