Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies

The following description of Applied Control Equipment 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established August 1, 1996. The Plan adoption agreement was restated effective January 1, 2002 and amended in 2008 and 2010, and it is available to all employees age 21 years or older who have completed 250 hours within three months of service following their employment date. Employees may enter the Plan on the first day of the month following or coinciding with the date eligibility was met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Board of Directors of Applied Control Management, Inc. (the "Company") administers the Plan. Great-West Life & Annuity Insurance Company ("Great-West") serves as trustee, manages Plan assets, and maintains the Plan's records. Great-West offers Plan participants a variety of investment options through various pooled separate accounts, self-directed brokerage investments, and a guaranteed interest contract. Individual accounts are invested in the various investment options at the direction of the participants.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Contributions

Participants may make before-tax contributions up to 100% of their annual compensation, not to exceed annual IRS limits. This maximum percentage may be reduced by the Plan administrator in certain circumstances. The Plan also permits rollover contributions from other qualified retirement plans. Additional catch-up contributions are available to any participant who is age 50 or older and has made the maximum contributions for the year. Employee contributions to the Plan are made through regular payroll deductions, based on W-2 wages.

The Plan allows participants to elect that some or all of their 401(k) contributions be designated as after-tax Roth 401(k) contributions. Provided the requirements are met, withdrawals of contributions and any earnings are tax free. A participant's combined pre-tax and Roth 401(k) contributions cannot exceed the maximum annual amount allowed by law.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Contributions (continued)

It is in the Company's intention to satisfy the Safe Harbor requirement of section 401(k)(12) of the Internal Revenue Code. As a Safe Harbor 401(k) Plan, the Company will provide a Safe Harbor contribution of 100% of elective deferrals up to 3% of compensation plus 50% of elective deferrals between 3% and 5% of the participant's compensation. Additionally, the Company may make discretionary non-elective contributions and additional discretionary matching contributions on deferrals up to 6% of compensation. Non-elective and additional discretionary contributions will be allocated in proportion to the participant's eligible earnings. Participants are eligible to receive non-elective contributions if they are employed on the last day of the Plan year and completed 1,000 hours of service during the Plan year. The Company did not make any discretionary non-elective contributions or discretionary matching contributions during the year ended December 31, 2014.

Participants' Accounts

Each participant's account is credited or charged with the participant's contributions, rollover contributions, and an allocation of the Company's contribution, Plan earnings or losses, forfeitures, and Plan expenses. Allocations are based upon Plan earnings or losses and account balances, as defined in the Plan document. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting

Participants are 100% vested in their voluntary contributions, allocated earnings or losses thereon, and Safe Harbor matching contributions.

Discretionary non-elective and additional discretionary employer contributions (including forfeitures) and the earnings or losses thereon not fully vested when contributed will vest as follows:

Years of Service	Vested Interest
Less than 2 years	0%
2	20%
3	40%
4	60%
5	80%
6	100%

A participant's account becomes 100% vested upon death, attaining normal retirement age (the age of 65), retirement due to disability, or if the Plan is terminated.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Participant Loans Receivable

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balances. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 9.25%, which are commensurate with local prevailing rates at loan origination as determined quarterly by the Plan administrator, and mature at various dates ranging from August 2015 through August 2022. Beginning in September 2012, the Plan's loan policy updated interest rates to be prime rate plus 2%. Principal and interest are paid ratably through payroll deductions. Participant loans are recorded in the financial statements at an amortized cost plus accrued interest.

The Plan administrator will fix the term for repayment of any loan; however, in no instance may the term of repayment be greater than five years, unless the loan is used to purchase a principal residence, which will be repaid over a longer period, not to exceed thirty years, as established by the Plan administrator at the time of the loan.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested account balance, receive payment in annual installments, or roll over the account balance to an IRA or to another employer's qualified plan in accordance with the terms of the Plan agreement. For termination of service for other reasons, a participant may receive the value of the vested account balance as a lump-sum distribution. Accounts with balances less than $5,000 may be immediately distributed upon a distribution event. Benefits are recorded when paid.

Participant Termination and Forfeitures

If at the time of termination of employment the participant is not 100% vested, the non-vested portion ("forfeitures") of the participant's account shall be placed in a separate account. Forfeitures can be used first to pay Plan expenses, then reduce Safe Harbor matching contributions, and then to reduce non-elective employer contributions. The balance of this account at December 31, 2014 and 2013 was $2,523 and $5,362, respectively. For the year ended December 31, 2014, employer contributions were reduced by $19,017 from forfeited accounts.

Valuation of Investments and Income Recognition

Investments are recorded at fair value as reported to the Plan by Great-West. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Valuation of Investments and Income Recognition (continued)

The Plan invests in an investment contract through a guaranteed interest contract. In accordance with generally accepted accounting principles ("GAAP"), investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is a relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. No adjustment of the investment from contract value to fair value was required as contract value approximated the fair value as of December 31, 2014 and 2013.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Risks and Uncertainties

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Additionally, some investments held by Great-West are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Use of Estimates

The preparation of the financial statements in conformity with accounting principals generally accepted in the United States requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events

The Plan administrator has evaluated all subsequent events through the auditors' report date, which is the date the financial statements were available for issuance. There were no material subsequent events that required recognition or disclosure in the financial statements.

Note 2 - Investments

Great-West has certified in writing to the Plan administrator that the stated amounts for investments at fair value as of December 31, 2014 and 2013 and the income earned on the investments for the year ended December 31, 2014, as reflected in the accompanying financial statements and the supplemental schedule of assets (held at end of year), are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the trustee, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule of assets (held at end of year).

The fair value of investments greater than 5% of net assets was the following:

	December 31,	
	2014	2013
Great-West Moderate Profile II Fund I	$ 1,131,300	$ 676,523
Great-West Aggressive Profile II Fund I	$ 1,126,081	$ 1,065,210
Great-West S&P 500 Index Fund I	$ 1,053,448	$ 818,925
Great-West American Century Growth Fund I	$ 868,537	$ 776,031
Key Guaranteed Portfolio Fund	$ 776,889	$ 780,535
Great-West S&P Mid-cap 400 Index Fund I	$ 735,682	$ 1,071,161
Great-West T. Rowe Price Equity Income Fund I	$ 631,623	$ 555,861

During the year ended December 31, 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held, during the year) appreciated in value as follows::

Self-directed brokerage investments	$ 25,503
Pooled separate accounts	606,390
	$ 631,893

Note 3 - Fair Value Accounting

Generally accepted accounting principles require disclosure about how fair value is determined and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Note 3 - Fair Value Accounting (continued)

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets measured at fair value on a recurring basis as of December 31, 2014 and 2013.

Assets at fair value as of December 31, 2014 are as follows:

Description	Level 1	Level 2	Level 3	Total

Large-cap funds (a)	$ -	$ 5,209,885	$ -	$ 5,209,885

Total	$ 567,007	$ 10,599,643	$ -	$ 11,166,650

Note 3 - Fair Value Accounting (continued)

Assets at fair value as of December 31, 2013 are as follows:

Description	Level 1	Level 2	Level 3	Total
Pooled separate accounts				
Large-cap funds (a)	$ -	$ 4,274,451	$ -	$ 4,274,451
International funds (b)	-	919,467	-	919,467
Small-cap funds (c)	-	620,943	-	620,943
Mid-cap funds (d)	-	1,631,830	-	1,631,830
Bond funds (e)	-	1,054,303	-	1,054,303

Self-directed brokerage investments	547,560	-	-	547,560
Guaranteed interest contract	-	785,897	-	785,897
Total	$ 547,560	$ 9,294,084	$ -	$ 9,841,644

Level 1 assets in the Plan are self-directed brokerage accounts with quoted daily net asset values ("NAVs") that are directly observable in the marketplace by market participants. The fair value of self-directed brokerage accounts are equivalent to the NAVs at the close of business on the reporting date.

The pooled separate accounts are recorded at the NAV reported by the fund managers as a practical expedient to estimating fair value, as these investments do not have readily determinable fair market values. Due to the nature of the investments held by the pooled separate accounts, changes in market condition and economic environment may significantly impact the NAV of the pooled separate accounts and, consequently, the fair value of the accounts' interest in the funds. The fair value of these investments has been measured using the NAV per share of the Plan's ownership interest in the pooled separate accounts on an equivalent measure where it is not probable that the fund will sell a pooled separate account at a price other than NAV. There are no pooled separate accounts with redemption restrictions or unfunded commitments as of December 31, 2014.

(a) Large-cap funds invest in securities of various sizes from large market capitalizations and contain mixed characteristics of value and/or growth. Funds often feature investments in energy, financial, or manufacturing sectors.

(b) International funds seek long-term growth of capital by investing primarily in stocks of foreign companies with a variety of capitalizations.

(c) Small-cap funds invest in securities of companies with small market capitalizations and contain mixed characteristics of value and/or growth.

Note 3 - Fair Value Accounting (continued)

(d) Mid-cap funds invest in securities of companies with mid-market capitalizations and contain mixed characteristics of value and/or growth.

(e) Bond funds seek to provide a high and sustainable level of current income. The funds invest in a variety of high-quality and, to a lesser extent, medium-quality fixed income securities.

(f) Real estate funds seek capital appreciation and current income by investing in companies engaged primarily in income-producing real estate.

There were no changes to the valuation techniques used during the period.

Note 4 - Investment Contract

In 2014 and 2013, the Plan had a fully benefit-responsive investment contract with Great-West ("guaranteed interest contract"). Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest contract is included in the financial statements at contract value as reported to the Plan by Great-West. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value approximates fair value as of December 31, 2014 and 2013.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rate earned by the fund was 1.25% for 2014. The investment fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the guaranteed interest contract, and prevailing market conditions. The interest crediting rate is reset quarterly.

Note 5 - Income Taxes

The Plan adopted a prototype plan by Great-West, which received a favorable determination letter from the IRS dated March 31, 2008. The Plan administrator believes that the Plan, as originally adopted and subsequently amended, continues to be operated and administered in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provisions for federal or state income taxes have been included in the accompanying financial statements.

Note 5 - Income Taxes (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2014 and 2013 there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Administration of the Plan

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100% vested, and the Plan administrator is to distribute each participant's interest to the participant or the participant's beneficiary.

Note 8 - Party-in-Interest Transactions

Certain Plan investments are pooled separate accounts and a guaranteed interest contract, which are managed by Great-West. Great-West is the Plan trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest and are exempt from the prohibited transaction rules. Participant loans also qualify as party-in-interest transactions and are also exempt from the prohibited transaction rules.
