NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Famous Enterprises, Inc. Employee Savings 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Famous Enterprises, Inc. and its 100% owned subsidiaries (Famous Industries, Inc. and Famous Distribution, Inc. (collectively the Company)), who have completed 90 days of service and who are not covered by a collective bargaining agreement, except those employees of the Local 287 Bargaining Unit of the LB Manufacturing Company (a subsidiary of Famous Industries, Inc.), who became covered under the Plan effective July 1, 2010. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective July 1, 2010, the Plan was amended and restated to cover certain employees, as noted above, of the LB Manufacturing Company. As a result of the amendment, assets have been transferred into the Plan from the LB Manufacturing Company 401(k) Retirement Plan and the LB Manufacturing Company 401(k) Retirement Plan for Local 287 Bargaining Unit Employees. Certain pooled separate accounts and guaranteed investment contracts held by these plans totaling $72,724 were transferred into the Plan during 2014.

Contributions

Each participant can elect to contribute a percentage of eligible earnings, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company may, at its discretion, make matching contributions or other contributions on behalf of the employees. During 2014, the Company made matching contributions equal to 50% of the participants' contributions up to 6%, for a certain class of participants as defined, and matching contributions equal to 100% of the participants' contributions up to $20 per week for a separate class of participants, subject to the provisions of the Plan document. The Company may also make discretionary non-elective contributions to the Plan for the related year. No discretionary non-elective contributions were authorized for 2014. All Company and participant contributions are subject to certain limitations imposed by the Internal Revenue Service (IRS).

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

A separate account is maintained for each participant. Each participant's account is credited with the participant's contribution, rollover contributions, any contributions by the Company, and Plan earnings or losses as defined by the Plan agreement. Plan earnings or losses are allocated daily based on each participant's balance within each investment. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account, as defined.

Vesting

Participants are immediately vested in their contributions plus actual earnings or losses thereon. Participants vest in Company matching and discretionary contributions based on a six-year graded vesting schedule. Funds contributed by certain participants into predecessor plans prior to July 2010 are subject to separate vesting schedules, as defined. Participants who terminate employment due to retirement, disability, or death will be immediately fully vested in Company matching and discretionary contributions.

Notes Receivable from Participants

The Plan allows participants to borrow money within certain limits from their individual accounts. The loans are secured by the balance in the participant's account. Such loans bear interest at a reasonable rate commensurate with current interest rates charged for loans made under similar circumstances by persons in the business of lending money, and allow terms for repayment up to five years, although longer terms are available under specific circumstances, as defined. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or periodic installments over a future period. If the participant's account balance is between $1,000 and $5,000, the plan administrator makes an automatic rollover of the account balance to a qualified individual retirement account. If the participant's account balance is less than $1,000, the plan administrator directs the trustee to make a lump-sum distribution. Participants terminated for other reasons are entitled to receive their benefits as soon as administratively feasible. Distributions of a participant's 401(k) account balance may be authorized at any time by the plan administrator under certain hardship conditions.

Forfeitures

Forfeitures are used first to restore participant forfeitures, then to reduce administrative expenses and then to reduce future employer contributions. At December 31, 2014 and 2013, forfeited non-vested accounts totaled $102,599 and $69,989, respectively. During 2014, $89,616 was transferred to the forfeiture account, and $57,961 was used to reduce employer contributions or administrative expenses.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Use of Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value as reported by PNC Bank, NA (PNC Bank), the trustee of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Assets of the Plan are held in separate accounts of a trust administered by PNC Bank as of December 31, 2014 and 2013, representing investments in mutual funds and a common/collective trust fund.

Investments of participant's contributions and the Company's contributions into these investments are at the direction of each participant.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

The Plan's administrative expenses are paid either by the Plan or the Company as provided by the Plan agreement. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Income Taxes

The Plan recognizes and discloses uncertain tax positions in accordance with GAAP. As of December 31, 2014 and 2013, and for the year ended December 31, 2014, the Plan did not have a liability for unrecognized tax benefits. The Plan is no longer subject to examination by federal and state taxing authorities prior to 2011.

Subsequent Events

Plan management has evaluated subsequent events through August 13, 2015, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY TRUSTEE

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by PNC Bank, the trustee.

Other than the fair value of the common/collective trust fund and the related adjustment from fair value to contract value for fully benefit-responsive investment contracts, PNC Bank has certified as to the completeness and accuracy of the investments it holds, changes in net assets arising from investment activity, and the schedule of assets held at end of year as of December 31, 2014 and 2013, and for the year ended December 31, 2014. The contract value of the common/collective trust fund was certified by the trustee.

NOTES TO THE FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 Other significant observable inputs including: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 Inputs are significant and unobservable (including the Plan's own assumptions used to determine value)

The assets' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust fund: Valued at the NAV of units of the common/collective trust fund. The NAV as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO THE FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

6. INVESTMENT CONTRACT WITH FINANCIAL INSTITUTION

The Plan invests in the PNC Stable Value Fund Y, formerly known as the PNC Investment Contract Fund Y, (the Fund), which is a common/collective trust fund with PNC Bank and a fully benefit-responsive investment contract. The crediting interest rate and the net actual earnings rate at December 31, 2014, were 1.57% and 1.51%, respectively. The crediting interest rate and the net actual earnings rate at December 31, 2013, were 1.41% and 1.70%, respectively.

The existence of certain conditions can limit the Plan's ability to transact at contract value with the issuers of its investment contract. Any event outside the normal operation of the Plan, which causes a withdrawal from an investment contract, may result in a negative market value adjustment with respect to such withdrawal. Examples of such events include, but are not limited to, partial or complete termination of the Plan or tax disqualification of the Plan. As of December 31, 2014, the Plan Sponsor believes that the occurrence of an event outside the normal operation of the Plan which would cause a withdrawal from an investment contract, is not considered to be probable.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by PNC Bank. PNC Bank is the trustee as defined by the Plan and, therefore, such transactions qualify as party-in-interest transactions.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

9. TAX STATUS

The Plan has adopted a prototype plan provided by PNC Bank. PNC Bank has received an opinion letter dated March 31, 2008, from the IRS stating that the prototype plan is acceptable under Section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified and the related trust were tax exempt as of the financial statement date.

NOTES TO THE FINANCIAL STATEMENTS

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
