INDEPENDENT AUDITOR'S REPORT

**To the Plan Administrator of
National Corporate Research, Ltd.
401(K) Plan**

I was engaged to audit the accompanying statements of net assets available for benefits of the National Corporate Research, Ltd. 401(K) Plan (the "Plan") as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended and the supplemental schedules of Schedule H, Part IV 4i – Schedule of Assets (Held at End of Year) for the years ended December 31, 2014 and 2013. These financial Statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by John Hancock Retirement Plan Services, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. I have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2014 and 2013, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that I did not audit, I am unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule taken as a whole, other than that derived from the investment information certified by the custodian, has been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of National Corporate Research, Ltd. (the "Company") 401(K) Plan (the "Plan") is provided for informational purposes only. Employees should refer to the Plan document for more complete information. A copy of that document can be obtained from National Corporate Research, Ltd., 10 East 40th Street, 10th Floor, New York, NY 10016. Certain information concerning the Plan is summarized herein.

General

The Plan was adopted January 1, 2000. Effective January 1, 2009, the Company amended and restated its 401(k) profit sharing plan (except for those specific provisions that have an earlier effective date). The amended and restated Plan is intended to comply with the requirements of the Employee Retirement income Security Act of 1974 (ERISA) and the Internal Revenue Code of 1986, as amended by subsequent legislation, including the Economic Growth and Tax Relief Reconciliation Act of 2001and the Job Creation and Workers Assistance Act of 2002, and it is also intended to comply with all applicable rulings and Regulations promulgated thereafter. The Plan was completely restated as mandated by the IRS/DOL under EGTRRA. There were no changes made to the provisions of the Plan, but it was a mandated plan reinstatement to update the Plan language in accordance with EGTRRA. The Plan is a defined contribution and salary reduction plan covering all full-time employees upon reaching the age 21 and completing 1 year of service. The Plan contains a cash or deferred arrangement, and once an employee is eligible to participate, the employee can contribute to the Plan on a tax deferred basis through payroll deductions.

Contributions

The participant's 401(k) contributions for any calendar year can't exceed the lesser of 100 % of the participant's compensation or the annual dollar limit on 401(k) contributions. The annual dollar limit is $ 17,500 for calendar years 2014 and 2013, and will thereafter be the amount set annually by law. 401(k) contributions are allocated to the participant's 401(k) contribution Account. If the participant is "catch-up eligible", the participant can make additional "catch-up contributions" to the Plan

NOTE 1 - DESCRIPTION OF THE PLAN (continued):

In excess of the limits on 401(k) contributions described above. You are a catch-up eligible participant for any calendar year in which you have reached (or will reach) at least age 50 by the end of that calendar year. The catch-up contribution limit is $ 5,500 for calendar years 2014 and 2013, and will thereafter be the amount set annually by law. The Company will match the participant's contribution up to a maximum of 4% of compensation of an employee who contributes 5 % of salary or up to $ 17,500. All employees contributions are 100 % vested.

Participants' Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's contributions and plan earnings. Allocations are based on participant compensation or account balances, as dictated by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants vest immediately in both their contributions and the Company contributions made after 2006 plus the actual earnings thereon. Vesting in the Company's contributions made before 2007 is based on completion of the following number of years of service:

Years of Service	Vesting Percentage
Less than 1	0
1	0
2	20
3	40
4	60
5	80
6	100

NOTE 1 - DESCRIPTION OF THE PLAN (continued):

Investment Options

Upon enrollment in the Plan, a participant may direct how their Elective Deferral Account, Matching Contribution Account, Non-Elective, contribution Account and Rollover Contribution Account will be invested. Subject to any rules or procedures established by the Administrator, you can choose from any investment alternatives approved by the Trustees, including but not limited to savings and/or money market accounts, stocks, bonds and mutual funds. A participant can switch between investment alternatives as often as is permitted under the investment alternatives you choose.

Payment of Benefits

Participants separating from service due to retirement, death or disability, will receive 100% of the account balance in a lump sum payment. Upon termination of service, a participant may elect to receive a lump sum amount equal to the vested value of his or her account or have such payment deferred until the participant has attained age seventy and one-half years.

Participants' Loans

Participants may borrow from their fund accounts up to a maximum and, equal to the lesser of $50,000 or 50% of their vested account balance. Loans that are less than $ 1,000 will not be granted. Terms range from one to five years. The notes are secured by the balance in the participant's account and bear a reasonable interest rate (determined at the time the loan is made). Notes are repayable through bi-weekly payroll withholding of principal and interest. Participants have the right to repay notes, in whole or in part, without premium or penalty and with accrued interest on the principal being paid to the date of such payment.

Administrative Expenses

The Plan routinely incurs expenses for the services of lawyers, actuaries, accountants, third party administrators, and other advisors. Some of these expenses may be paid directly by the Company while other expenses may be paid from the assets of the Plan. The expenses that are paid from Plan assets will either be shared by all Participants or will be charged directly to the account of the Participant on whose sole behalf the expense is incurred.

NOTE 1 - DESCRIPTION OF THE PLAN (concluded):

Forfeited Accounts

At December 31, 2014 and 2013 there were $2,969 and $3,768 respectively, of forfeitures available to be used to reduce future employer contributions. For 2014 and 2013 forfeitures in the amounts of $ 0 and $ 0 were utilized to reduce the Company's contributions to the plan in 2014 and 2013.

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan follows the fair value measurement and disclosure requirements of ASC 820, which defines fair value as the exchange price that would be received for the asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability. The Plan's investments are recorded at fair value. See Note 4 – Fair Value Measurements below for further information on the valuation of investments.

The Plan's investments are administered by John Hancock Retirement Services and are stated at fair value. Fair value is the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on trade date basis. The net asset value includes the Plan's gains and losses on investments bought and sold as well as held during the year. Participants' loans receivable are valued at cost, which approximates fair value.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (concluded):

Risks and uncertainties

The Plan may invest in various types of investment funds. Investment funds are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment funds, it is at least reasonably possible that changes in the values of investment funds will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE 3- INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED):

The Plan's only investment is a contract with John Hancock Retirement Plan Services. John Hancock Retirement Plan Services maintains the contributions in a general and separate account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by John Hancock Retirement Plan Services. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The plan's investments appreciated in value by $361,864 in 2014 and $1,229,810 in 2013 as a result of the contract with John Hancock Retirement Plan Services.

Note 4- Fair Value Measurements

ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities

Note 4- Fair Value Measurements (continued):

in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value (these are often based on internal models and there is rarely a two – way market).

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Investments held in the Plan primarily consist of mutual funds and a money market fund (interest- bearing cash). These assets are recorded at fair value on a recurring basis. Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used as of December 31, 2014 and 2013.

Mutual funds: Valued at the closing net asset value ("NAV") reported on the last business day of the fiscal year which is also the quoted market prices available on an active market.

Interest-bearing cash: Short-term money market instruments are valued at cost, which approximates fair value based on quoted market prices available on an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan administrator believes these valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4- Fair Value Measurements (concluded):

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014:

	Level 1	Level 2	Level 3	Total
Mutual funds:	$ 9,724,445	$ -	$ -	$ 9,724,445

Note 5- INCOME TAX STATUS

The plan obtained its latest determination letter on March 31, 2006 in which the Internal Revenue Service stated that the Plan was in compliance with the applicable requirements of the Internal Revenue Service Code (the "Code"). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operating in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes is included in the Plan's financial statements.

Note 6- RELATED PARTY TRANSACTIONS:

As stated in note (3) above, Plan investments are managed by John Hancock Retirement Plan Services. John Hancock Retirement Plan Services is the custodian of the Plan as defined by the Plan, and therefore, these transactions qualify as party-in-interest.
