SMITH TRUCKING, INC. 401(K) PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS

NOTE A. DESCRIPTION OF THE PLAN

The following description of the Smith Trucking, Inc. 401(k) Plan & Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit-sharing plan with 401(k) features. It is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Entities

The Plan consists of participants from Smith Trucking, Inc. which is part of a commonly controlled group and from Rose Management, Inc. which is an affiliated corporation (Plan Sponsors).

Plan Amendments

There were no plan amendments during the years ended December 31, 2014 and 2013.

Eligibility

Eligible employees of the Plan Sponsors may participate after reaching the age of 21 and completing a minimum of six months of service. Employees will begin participation in the Plan the 1st day of the month following the date the eligibility requirements are met.

NOTE A. DESCRIPTION OF THE PLAN (Continued)

Contributions

Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan, subject to Internal Revenue Service (IRS) limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Discretionary profit sharing contributions are determined and made by the employers. The employers have not made any discretionary profit sharing contributions for the years ended December 31, 2014 and 2013.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the employer's discretionary profit sharing contributions, and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants direct the investment of their contributions and any past employer's matching contributions into any of the different investment funds offered by the Plan or elect to have their investments professionally managed.

NOTE A. DESCRIPTION OF THE PLAN (Continued)

Vesting

Participants are vested immediately in their voluntary 401(k) contributions plus actual earnings thereon. Participants are 100% vested in their safe harbor matching contributions that occurred prior to January 1, 2010. The Plan applies a six-year graduated vesting schedule for employer profit sharing contributions. Participants will be 100% vested in any employer profit sharing contributions after six years of vesting service or at the time of death, disability, or retirement, provided the person has reached normal retirement age.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest based on inquiry with professional lenders in the same geographic area of the participant and Plan Sponsor to determine the prevailing interest rate for loans under like circumstances.

Loans require repayment within five years from the loan date, unless the loan is for the purchase of the participant's primary residence, in which case the repayment may be for a reasonable period of time that may exceed five years.

Payment of Benefits

If employment terminates for reasons other than death, disability or early or normal retirement, participants are entitled to receive only the vested percentage of their account balance. If the account balance does not exceed $5,000, a distribution can be made regardless of whether the participant consents to receive it.

NOTE A. DESCRIPTION OF THE PLAN (Continued)

Forfeitures

Forfeited nonvested accounts are used to either reduce the Company's discretionary matching contributions or pay Plan expenses in accordance with the provisions of the Plan. The balance of forfeited nonvested accounts at December 31, 2014 and 2013 was $0 each year. In 2014 and 2013 respectively, there were no forfeitures used to pay administrative expenses.

Withdrawn Participants

The total balance for all participants that have withdrawn from the Plan, but have not requested to have their funds distributed as of December 31, 2014 was $16,937.

NOTE B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements and supplemental schedule of the Plan were prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect amounts reported on the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

NOTE B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value was determined using the net asset values of mutual funds, which was determined by the net asset value of the underlying shares. Participant loans are valued at their outstanding principal balances, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as received.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Plan administration costs were paid through participant accounts.

NOTE B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Excess Contributions Payable

The Plan is required to return contributions received during the Plan year in excess of the Code's limits. For the years ended December 31, 2014 and 2013 there were not any excess contributions payable.

Tax Positions Interest and Penalty

Interest recognized on underpayment of income taxes is recorded to interest expense. Penalties recognized on tax positions are recorded to income tax expense. During the years ended December 31, 2014 and 2013 there were no underpayment interest or penalties to recognize.

NOTE C. INCOME TAX STATUS

The Plan Prototype obtained its latest opinion letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan Prototype, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

As of December 31, 2014, the federal 2013, 2012, and 2011 tax returns remain subject to examination.

NOTE D. CERTIFICATION BY THE TRUSTEE

The Trustee has provided the plan administrator with a certification as to the completeness and accuracy of investment assets, participants' contributions receivable and notes receivable from participants aggregating $1,048,795 and $1,063,717, for the years ended December 31, 2014 and 2013, respectively. The related net investment income, including the net appreciation in fair value of such assets, of $54,068 and $145,330 for the years ended December 31, 2014 and 2013, respectively was also included in the certifications. Such amounts and all related financial data are included in the accompanying financial statements and supplemental schedules of the Plan based on such certifications from the Trustee as being complete and accurate.

NOTE E. INVESTMENTS

The fair value of individual investments representing 5% or more of the Plan's net assets available for Plan benefits as of December 31, 2014 and 2013 is as follows:

NOTE F. FAIR VALUE MEASUREMENTS

FASB ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

NOTE F. FAIR VALUE MEASUREMENTS (Continued)

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy under FASB ASC 820 are described below:

Basis of Fair Value Measurement

Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables present by level, within the fair value hierarchy, the Plan investment assets at fair value, as of December 31, 2014 and 2013. As required by FASB ASC 820, investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement.
