The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

General

The Plan is a participant-directed contribution plan sponsored by Edstrom, Inc. (the "Sponsor"). Vanguard Fiduciary Trust Company ("Vanguard") is the Plan trustee and holds the Plan's investment assets and executes investment transactions.

The Plan is intended to satisfy the requirements under Section 404(c) of ERISA, and therefore, provides that participants direct their contributions and/or their account balances among the Plan's investment alternatives. All investments are participant directed.

Eligibility

Employees of the Sponsor become eligible to participate in the Plan upon attaining the age of 18. Employees become participants of the Plan on the first business day immediately following the date of meeting the Plan's eligibility requirements. Eligibility for receipt of the discretionary profit sharing contribution by the Sponsor requires a participant to be employed on the first and last day of the year to which the contribution related and to complete one year of service. College students, defined by the Plan Administrator, that are only employed by the Sponsor on an intermittent basis, are not eligible to participate in the Plan.

Contributions

Each year, participants may contribute up to a maximum of 90% of their pre-tax compensation, not to exceed the limits of the Internal Revenue Code ("IRC"). Participants may also contribute distributions from other qualified plans ("rollovers").

Discretionary Sponsor profit sharing contributions may be contributed at the option of the Sponsor's Board of Directors. The profit sharing contribution for the 2014 plan year of \$479,910 was paid into the Plan during April 2015. The 2013 profit sharing contribution of \$364,901 was paid into the Plan in April 2014.

Investment Options

Participants direct how their and Sponsor's contributions are invested among several options that cover a wide range of the fund objectives, risks, and returns. For a more complete description of the Plan's investments, participants should refer to the investment prospectuses.

Note 1: Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, Sponsor's contributions, and related Plan earnings thereon, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferral contributions and rollovers. Vesting in the Sponsor's contributions and earnings thereon vest under a three years of service cliff vesting schedule. Upon death, disability or qualified retirement participants become 100% vested.

Forfeitures

Forfeitures are portions of participant account balances that participants surrender by terminating employment prior to becoming fully vested. Forfeited nonvested account balances are reallocated to participants annually in the same manner as profit sharing contributions. Forfeitures reallocated to participant accounts were \$1,559 and \$32,419 during 2014 and 2013, respectively. Unallocated forfeitures as of December 31, 2014 and 2013 were \$2,655 and \$1,559, respectively.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.75% to 5.50%, as determined by the Plan Administrator. The Plan provides for a maximum loan period of five years unless the loan is associated with the purchase of a participant's principal residence. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Benefits under the Plan are paid upon normal retirement age, termination, death or disability. A participant may elect to receive the value of the participant's vested interest in his or her account in a lump-sum payment, installment payments, or monthly annuity payments. In-service withdrawals can commence upon attaining the age of 59 ½. The Plan does not permit hardship withdrawals.

Plan Expenses

Certain expenses incurred in conjunction with the Plan are paid by the Sponsor.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States ("GAAP"). GAAP requires investment contracts held by a defined contribution plan be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Sponsor invests in investment contracts through a common collective trust. Contract value for this common collective trust is based on the net asset value of the fund as reported by the investment advisor. As required by GAAP, the Statements of Net Assets Available for Benefits present the fair value of the investment in the common collective trust as well as the adjustment of the investment in the common collective trust from fair value to contract value relating to the investment contracts. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains (losses) and unrealized appreciation (depreciation) are recorded as net appreciation (depreciation) in fair value of investments.

Use of Estimates in Preparation of Financial Statements

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Subsequent Events

The Sponsor has evaluated subsequent events through August 20, 2015, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

GAAP specifies a three-tier fair value hierarchy, which prioritizes the inputs used in estimating fair value. These tiers include Level 1, defined as observable inputs such as quoted market prices in active markets; Level 2, defined as inputs other than quoted market prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs in which little or no market data exists, therefore, requiring an entity to develop its own assumptions.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2014 and 2013.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Valued as determined by the issuer of the common/collective trust based on the fair value of the underlying investments. Common/collective trusts with underlying investments in fully benefit-responsive contracts are valued at fair value and adjusted by the issuer to contract value.

The objective of the fund is generally to provide preservation of principal with stability and consistency of returns. The fund invests primarily in investment contracts issued by insurance companies, banks, or other financial institutions, including investment contracts backed by high-quality fixed income securities. Investments in the common/collective trusts can be purchased and sold continuously. A notice of redemption is not required. The Plan has no obligation to buy additional units.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The range for equity securities is between 41% for the 2010 fund through 87% for the 2055 fund. These funds are intended for investors planning to retire at or near a specific year, seeking to achieve investment return primarily from appreciation and secondarily from income by investing in equity and fixed income securities. Note 5: Tax Status

The Sponsor has adopted the Vanguard Fiduciary Trust Company Volume Submitter Profit Sharing Plan ("Volume Submitter Plan"). The Internal Revenue Service ("IRS") determined and informed Vanguard Fiduciary Trust Company by their letter dated March 31, 2014, that the Volume Submitter Plan was designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Plan management believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and the Plan is exempt from federal and state income taxes.

Plan management evaluates uncertain income tax positions taken by the Plan. The financial statements effects of a tax position are recognized when the position is more likely than not, based on the technical merits to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there were no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions and there are currently no audits in progress.

Notes to Financial Statements

Note 6: Party-In-Interest

The Plan invests funds managed by an affiliate of Vanguard, the trustee of the Plan. Transactions with Vanguard and participant notes receivable are considered party-in-interest transactions. These transactions are not however, considered prohibited transactions under ERISA regulations.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the plan document to discontinue its contributions and to terminate or partially terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Sponsor contributions.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9: Information Prepared and Certified by Custodian

Certain information related to the Plan's investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2014 and 2013, and net appreciation in fair value of investments, interest income, and dividends for the years ended December 31, 2014 and 2013, was obtained or derived from information certified as complete and accurate by Vanguard, custodian of the Plan.
