Report on the Financial Statements

We have audited the accompanying financial statements of Veterinary Information Network 401(k) Profit Sharing Plan and Trust (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2014 and statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Veterinary Information Network 401(k) Profit Sharing Plan and Trust as of December 31, 2014, and the changes in its net assets available for benefits for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year), referred to as "supplemental information," is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE 1 – DESCRIPTION OF PLAN:

The following description of the Veterinary Information Network, 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL:

The Plan is a defined contribution plan covering employees of the Company who have three months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

ADMINISTRATION:

The Company has contracted with Paychex, Inc. to act as administrator. Administrative expenses that are not paid for by the Company are paid for by the Plan.

EMPLOYER CONTRIBUTIONS:

The Plan has a provision for the Company to make discretionary matching contributions after completing the eligibility requirements. The matching contribution will be equal to up to 6 percent of the participants' elective deferral.

PARTICIPANT CONTRIBUTIONS:

A participant may make pre-tax contributions up to 96 percent of his or her annual compensation; however, such contributions cannot exceed the annual maximum currently allowed under Section 401(k) of the Internal Revenue Code. Contributions are withheld from each participant's compensation and invested in accordance with the participant's instructions, and are generally allocated to the funds in 1 percent increments. Participants may also roll over amounts distributed from other qualified plans.

PARTICIPANT ACCOUNTS:

Each participant's account is credited with the participant's elective deferral contribution and allocation of (a) the Company's contribution, if any, and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING:

A participant is always fully vested in his or her own salary deferrals. Vesting in the Company's matching contribution is based on years of continuous service. A participant is 100 percent vested after five years of service.

PAYMENT OF BENEFITS:

Upon disability, death, termination of employment, or attainment of age 59 1/2, the participant or designated beneficiary may elect to receive a lump-sum payment equal to the value of the participant's vested interest in his or her account. If a participant's account is less than $1,000 in value, he or she will receive a lump-sum payment. If a participant's account exceeds $1,000 in value, he or she may elect to defer the distribution for a specified period of time ending no later than the participant's normal retirement age. Retirement age as defined in the Plan is 65 years of age.

FORFEITED ACCOUNTS:

Amounts contributed by the Company which are forfeited by participants as a result of the participants' separation from service prior to becoming 100 percent vested may be used to reduce employer contributions and /or pay Plan expenses. Pending application of the forfeitures, the Company may direct the record-keeper to hold the forfeitures in cash or under investment in a suspense account. At December 31, 2014 and 2013, forfeitures amounted to $0 and $67, respectively. There were no forfeitures applied to reduce plan administrative expenses. Forfeitures pending application at December 31, 2014 and 2013 were $17 and $1, respectively. The balance of the forfeitures account at December 31, 2014 and 2013 was $5,028 and $4,892, respectively.

NOTE 1 – DESCRIPTION OF PLAN: (Continued)

NOTES RECEIVABLE FROM PARTICIPANTS:

Generally, participants may borrow against their vested account balance at local prevailing interest rates as determined by the Plan Administrator. Borrowings must be a minimum of $1,000. The outstanding balance of all loans may not exceed the lesser of:

- $50,000 reduced by the excess of the highest outstanding balance of loans during the one year period preceding the loan over the outstanding balance of all loans on the date the loan is made; or,

- 50 percent of the present value of the nonforfeitable individual account of the participant.

Loan terms range from 0 to 54 months for personal loans, but may be repaid over a period of 55 to 120 months if used for the purchase of a primary residence. Principal and interest are repaid ratably through payroll deductions over the life of the loan.

Loan defaults are charged to the participant as a deemed distribution, subject to federal and state income taxes as well as penalties for early withdrawal.

Loans and interest income on loans are recorded using the cash method of accounting.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

BASIS OF ACCOUNTING:

The accompanying financial statements are prepared on the accrual basis of accounting.

USE OF ESTIMATES:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION:

Investments in mutual funds are stated at fair value. Money market funds and notes receivable from participants are valued at cost, which approximates fair value. The net appreciation or depreciation in fair value of investments includes the realized gain or loss on the sale of securities and unrealized appreciation or depreciation arising from the differences between the fair value at the beginning of the year and at the end of the year. Interest and dividend income are recorded on the accrual basis. Purchases and sales are recorded on a trade date basis.

CONTRIBUTIONS:

Employee contributions are recorded in the year in which the Company makes payroll deductions from participants' earnings.

BENEFIT PAYMENTS:

Benefits are recorded when paid.

ADMINISTRATIVE EXPENSES:

All expenses of maintaining the Plan are paid by the Plan.

NOTES RECEIVABLE FROM PARTICIPANTS:

Notes receivable from participants are measured at their unpaid principal balance.

NOTE 3 – INVESTMENTS:

The December 31, 2014 fair market values of investments held by the Plan representing 5 percent or more of the Plan's assets are identified below:

Fidelity Advisor Equity Income	$ 962,928
Fidelity Advisor Equity Growth	801,742
Fidelity Advisor Balanced	539,403
Fidelity Advisor Freedom 2030	316,750
Fidelity Advisor Growth Opportunities	296,888
Fidelity Advisor Overseas	284,766
Fidelity Advisor Government Income	275,718

For the year ended December 31, 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $117,384 as follows:

Mutual funds – Net appreciation in fair value	$ 117,381

NOTE 4 – FAIR VALUE MEASUREMENTS:

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2
Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets at fair value. There has been no change in the methodology used at December 31, 2014 and 2013.

NOTE 4 – FAIR VALUE MEASUREMENTS: (Continued)

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 153,387	$ –	$ –	$ 153,387
Growth and income funds	2,006,885	–	–	2,006,885
Growth funds	1,658,118	–	–	1,658,118
Aggressive growth funds	549,346	–	–	549,346
Fixed income funds	494,668	–	–	494,668
Aggressive income funds	124,816	–	–	124,816
Capital Appreciation	4,180	–	–	4,180
Total Assets	$ 4,991,400	$ –	$ –	$ 4,991,400

	Assets at Fair Value as of December 31, 2013			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 70,290	$ –	$ –	$ 70,290
Growth and income funds	1,541,831	–	–	1,541,831
Growth funds	1,571,244	–	–	1,571,244
Aggressive growth funds	510,135	–	–	510,135
Fixed income funds	502,032	–	–	502,032
Aggressive income funds	90,082	–	–	90,082
Total Assets	$ 4,285,614	$ –	$ –	$ 4,285,614

There have been no changes between levels from December 31, 2013 to December 31, 2014.

NOTE 5 – PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 6 – TAX STATUS:

The Plan has not received a determination letter from the Internal Revenue Service, but the prototype plan on which the Plan is based received a favorable determination letter dated March 31, 2008. The Plan committee believes the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code and related state statutes, and is exempt from federal and state income taxes. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. The Plan Administrator believes the Plan is no longer subject to income tax examination for years prior to 2009.

NOTE 7 – RISKS AND UNCERTAINTIES:

The Plan offers a variety of investment options in any combination of mutual funds that are offered by the Plan. Investment securities are exposed to various risks, such as interest rate, overall volatility and credit risks. Due to the level of investment risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 8 – SUBSEQUENT EVENTS:

For the year ended December 31, 2014, subsequent events were evaluated through August 17, 2015 which represents the date the financial statements were available to be issued.

Report on the Financial Statements

We have audited the accompanying financial statements of Veterinary Information Network 401(k) Profit Sharing Plan and Trust (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2014 and statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Veterinary Information Network 401(k) Profit Sharing Plan and Trust as of December 31, 2014, and the changes in its net assets available for benefits for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year), referred to as "supplemental information," is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE 1 – DESCRIPTION OF PLAN:

The following description of the Veterinary Information Network, 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL:

The Plan is a defined contribution plan covering employees of the Company who have three months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

ADMINISTRATION:

The Company has contracted with Paychex, Inc. to act as administrator. Administrative expenses that are not paid for by the Company are paid for by the Plan.

EMPLOYER CONTRIBUTIONS:

The Plan has a provision for the Company to make discretionary matching contributions after completing the eligibility requirements. The matching contribution will be equal to up to 6 percent of the participants' elective deferral.

PARTICIPANT CONTRIBUTIONS:

A participant may make pre-tax contributions up to 96 percent of his or her annual compensation; however, such contributions cannot exceed the annual maximum currently allowed under Section 401(k) of the Internal Revenue Code. Contributions are withheld from each participant's compensation and invested in accordance with the participant's instructions, and are generally allocated to the funds in 1 percent increments. Participants may also roll over amounts distributed from other qualified plans.

PARTICIPANT ACCOUNTS:

Each participant's account is credited with the participant's elective deferral contribution and allocation of (a) the Company's contribution, if any, and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING:

A participant is always fully vested in his or her own salary deferrals. Vesting in the Company's matching contribution is based on years of continuous service. A participant is 100 percent vested after five years of service.

PAYMENT OF BENEFITS:

Upon disability, death, termination of employment, or attainment of age 59 1/2, the participant or designated beneficiary may elect to receive a lump-sum payment equal to the value of the participant's vested interest in his or her account. If a participant's account is less than $1,000 in value, he or she will receive a lump-sum payment. If a participant's account exceeds $1,000 in value, he or she may elect to defer the distribution for a specified period of time ending no later than the participant's normal retirement age. Retirement age as defined in the Plan is 65 years of age.

FORFEITED ACCOUNTS:

Amounts contributed by the Company which are forfeited by participants as a result of the participants' separation from service prior to becoming 100 percent vested may be used to reduce employer contributions and /or pay Plan expenses. Pending application of the forfeitures, the Company may direct the record-keeper to hold the forfeitures in cash or under investment in a suspense account. At December 31, 2014 and 2013, forfeitures amounted to $0 and $67, respectively. There were no forfeitures applied to reduce plan administrative expenses. Forfeitures pending application at December 31, 2014 and 2013 were $17 and $1, respectively. The balance of the forfeitures account at December 31, 2014 and 2013 was $5,028 and $4,892, respectively.

NOTE 1 – DESCRIPTION OF PLAN: (Continued)

NOTES RECEIVABLE FROM PARTICIPANTS:

Generally, participants may borrow against their vested account balance at local prevailing interest rates as determined by the Plan Administrator. Borrowings must be a minimum of $1,000. The outstanding balance of all loans may not exceed the lesser of:

- $50,000 reduced by the excess of the highest outstanding balance of loans during the one year period preceding the loan over the outstanding balance of all loans on the date the loan is made; or,

- 50 percent of the present value of the nonforfeitable individual account of the participant.

Loan terms range from 0 to 54 months for personal loans, but may be repaid over a period of 55 to 120 months if used for the purchase of a primary residence. Principal and interest are repaid ratably through payroll deductions over the life of the loan.

Loan defaults are charged to the participant as a deemed distribution, subject to federal and state income taxes as well as penalties for early withdrawal.

Loans and interest income on loans are recorded using the cash method of accounting.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

BASIS OF ACCOUNTING:

The accompanying financial statements are prepared on the accrual basis of accounting.

USE OF ESTIMATES:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION:

Investments in mutual funds are stated at fair value. Money market funds and notes receivable from participants are valued at cost, which approximates fair value. The net appreciation or depreciation in fair value of investments includes the realized gain or loss on the sale of securities and unrealized appreciation or depreciation arising from the differences between the fair value at the beginning of the year and at the end of the year. Interest and dividend income are recorded on the accrual basis. Purchases and sales are recorded on a trade date basis.

CONTRIBUTIONS:

Employee contributions are recorded in the year in which the Company makes payroll deductions from participants' earnings.

BENEFIT PAYMENTS:

Benefits are recorded when paid.

ADMINISTRATIVE EXPENSES:

All expenses of maintaining the Plan are paid by the Plan.

NOTES RECEIVABLE FROM PARTICIPANTS:

Notes receivable from participants are measured at their unpaid principal balance.

NOTE 3 – INVESTMENTS:

The December 31, 2014 fair market values of investments held by the Plan representing 5 percent or more of the Plan's assets are identified below:

Fidelity Advisor Equity Income	$ 962,928
Fidelity Advisor Equity Growth	801,742
Fidelity Advisor Balanced	539,403
Fidelity Advisor Freedom 2030	316,750
Fidelity Advisor Growth Opportunities	296,888
Fidelity Advisor Overseas	284,766
Fidelity Advisor Government Income	275,718

For the year ended December 31, 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $117,384 as follows:

Mutual funds – Net appreciation in fair value	$ 117,381

NOTE 4 – FAIR VALUE MEASUREMENTS:

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2
Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets at fair value. There has been no change in the methodology used at December 31, 2014 and 2013.

NOTE 4 – FAIR VALUE MEASUREMENTS: (Continued)

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 153,387	$ –	$ –	$ 153,387
Growth and income funds	2,006,885	–	–	2,006,885

Aggressive income funds	90,082	–	–	90,082
Total Assets	$ 4,285,614	$ –	$ –	$ 4,285,614

There have been no changes between levels from December 31, 2013 to December 31, 2014.

NOTE 5 – PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 6 – TAX STATUS:

The Plan has not received a determination letter from the Internal Revenue Service, but the prototype plan on which the Plan is based received a favorable determination letter dated March 31, 2008. The Plan committee believes the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code and related state statutes, and is exempt from federal and state income taxes. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. The Plan Administrator believes the Plan is no longer subject to income tax examination for years prior to 2009.

NOTE 7 – RISKS AND UNCERTAINTIES:

The Plan offers a variety of investment options in any combination of mutual funds that are offered by the Plan. Investment securities are exposed to various risks, such as interest rate, overall volatility and credit risks. Due to the level of investment risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 8 – SUBSEQUENT EVENTS:

For the year ended December 31, 2014, subsequent events were evaluated through August 17, 2015 which represents the date the financial statements were available to be issued.
