DESCRIPTION OF PLAN

The following description of the Ideal Window Manufacturing Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Effective June 20, 2014 the plan sponsor has changed to IWM Acquisition Corp. and the plan name is changed to Ideal Window Manufacturing Retirement Plan. Participation in the Plan will continue without interruption and service with Ideal Window Manufacturing will be credited for eligibility and vesting purposes.

General

The Plan is a defined contribution plan covering all employees of the Company who have attained age 21 and have completed six months of eligible service as of the bi-annual enrollment date. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The plan provides all participants with the option of voluntarily contributing up to 100% of their pre-tax compensation, as defined, paid by the employer to such participant while a member of the plan, not to exceed statutory dollar limitations. As of January 1, 2008 an automatic enrollment provision of 3% of eligible compensation was implemented unless the participant elects otherwise. The plan also allows after tax Roth 401(k) contributions, not to exceed statutory dollar limitations. Contributions paid to the Plan by the employer may include matching and discretionary features. For the matching feature, the employer may contribute an amount equal to 100% of the participant's first 3% of pre-tax contributions. The Company may amend or revoke its obligation to contribute to the Plan if it determines that it will not have significant current or accumulated profits to make such contribution. As of April 1, 2008, the Company suspended the matching contribution. No discretionary contribution was made for the years ended December 31, 2014 or 2013.

Participant Accounts

Four accounts will normally be maintained for each participant. They are (1) the elective deferral account, (2) the matching contribution account, (3) the discretionary contribution account and (4) rollover account, if applicable. A participant, at all times, has a 100% non-forfeitable interest in the value of his account attributable to his salary deferrals and rollover contributions from other qualified plans. A participant gradually vests in his employer matching and discretionary accounts based on his years of accredited service. A participant is 100% vested in these accounts after six years. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants non-vested accounts may be used to reduce future Company contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Notes Receivable from Participants

Participants have the ability to borrow against their vested account balance, as defined in the Plan. Each loan is secured by a promissory note executed by the participant to the Trustee. The minimum loan a participant may seek is $1,000, the maximum loan is the lesser of $50,000 or 50% of the participant's vested balance. Loans are repaid in weekly installments over one to five years, except for a loan used to acquire a participant's principal residence, which may have a repayment period of up to thirty (30) years. The entire unpaid principal balance of the loan, plus any accrued interest, is due upon a participant's termination.

DESCRIPTION OF PLAN, Continued

Investment Options

The Plan offered participants 24 investment options of varying risk with Massachusetts Mutual Life Insurance Company through December 26, 2014. Beginning on December 26, 2014 the Plan entered a "Blackout" period as Plan assets and investment services were transferred to the Principal Financial Group. This transition was completed on January 18, 2015.

Forfeitures

The non-vested accounts of participants shall be forfeited upon the earlier of the date of the participant's death, if prior to such date he ceased to be an employee, or his forfeiture date. All or a part of a participant's non-vested account will be forfeited, if, after he ceases to be an employee, he receives a distribution of his entire vested account. The forfeiture will occur as of the date he receives the distribution or on the date such provision became effective, if later. Forfeitures are transferred to the Plan's unallocated cash reserve fund until applied toward Company contributions or to offset plan expenses. Forfeitures of $1,461 and $393 were applied to administrative expenses in 2014 and 2013, respectively.

Payment of Benefits

On termination of service, a participant may elect to receive a lump sum amount equal to the value of his or her account or all or any portion of the account may be used to purchase an annuity to provide a lifetime income or installments over a specified guaranteed period.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with generally accepted accounting principles.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Expenses incurred in connection with the administration of the Plan are paid by the Plan to the extent not paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Subsequent Events

The Plan evaluated the events and transactions subsequent to the date of its Statement of Net Assets Available for Benefits, in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 855-10-50, “Subsequent Events”, through August 26, 2015, which is the date the financial statements were available to be issued.

PARTICIPANT LOANS

Participant loans consist of notes receivables due from plan participants as described under the Description of Plan. The individual loan balances, reported as unpaid principal balances plus any accrued but unpaid interest, are collateralized by the respective participant's vested account balance. Interest rates vary among the loans, ranging from 4.25% to 9.50%. Repayments are made weekly from payroll deductions, ranging from one to five years except for a loan used to acquire a participant's principal residence which may have a repayment period of up to thirty (30) years.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

QUALIFIED TAX STATUS

The Plan adopted a volume submitter plan which received a favorable letter of determination dated March 31, 2008 from the Internal Revenue Service stating the Plan is in compliance with Section 401(a) of the Code, and, accordingly, is entitled to an exemption from income taxes under the provisions of Section 501(a). Accordingly, no provision for federal income taxes has been made in the accompanying financial statements. The Plan administrator believes the Plan is no longer subject to income tax examinations for the years prior to 2011.

RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Massachusetts Mutual Life Insurance Company (MassMutual) which acquired the Hartford Life Insurance Company Retirement Plans Group effective January 1, 2013. MassMutual is also the investment custodian as defined by the Plan and, therefore, these transactions qualify as party in interest transactions.

FAIR VALUE OF FINANCIAL INSTRUMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 "Fair Value Measurements and Disclosures" defines fair value as the exchange price that would be received on the measurement date to sell an asset or the price paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 also establishes a three level fair value hierarchy that describes the inputs that are used to measure assets and liabilities.

Level 1
Level 1 asset and liability fair values are based on quoted prices in active markets for identical assets and liabilities. The plan holds mutual funds and money market funds that are measured as Level 1 assets. All investments are within Level 1 of the fair value hierarchy.

Level 2
Level 2 asset and liability fair values are based on observable inputs that include: quoted market prices for similar assets or liabilities: quoted market prices that are not in an active market; or other inputs that are observable in the market and can be corroborated by observable market data for substantially the full term of the assets and liabilities. The plan holds no Level 2 assets.

Level 3
Level 3 assets and liabilities are financial instruments whose value is calculated by the use of pricing models and/or discounted cash methodologies, as well as financial instruments for which the determination of fair value requires significant management judgment or estimation. These methodologies may result in a significant portion of the fair value being derived from unobservable data. The plan holds no Level 3 assets.

		Fair Value Measurements for Assets Measured on a Recurring Basis

DESCRIPTION OF PLAN

The following description of the Ideal Window Manufacturing Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Effective June 20, 2014 the plan sponsor has changed to IWM Acquisition Corp. and the plan name is changed to Ideal Window Manufacturing Retirement Plan. General

The Plan is a defined contribution plan covering all employees of the Company who have attained age 21 and have completed six months of eligible service as of the bi-annual enrollment date. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The plan provides all participants with the option of voluntarily contributing up to 100% of their pre-tax compensation, as defined, paid by the employer to such participant while a member of the plan, not to exceed statutory dollar limitations. As of January 1, 2008 an automatic enrollment provision of 3% of eligible compensation was implemented unless the participant elects otherwise. The plan also allows after tax Roth 401(k) contributions, not to exceed statutory dollar limitations. Contributions paid to the Plan by the employer may include matching and discretionary features. For the matching feature, the employer may contribute an amount equal to 100% of the participant's first 3% of pre-tax contributions. The Company may amend or revoke its obligation to contribute to the Plan if it determines that it will not have significant current or accumulated profits to make such contribution. As of April 1, 2008, the Company suspended the matching contribution. No discretionary contribution was made for the years ended December 31, 2014 or 2013.

Participant Accounts

Four accounts will normally be maintained for each participant. They are (1) the elective deferral account, (2) the matching contribution account, (3) the discretionary contribution account and (4) rollover account, if applicable. A participant, at all times, has a 100% non-forfeitable interest in the value of his account attributable to his salary deferrals and rollover contributions from other qualified plans. A participant gradually vests in his employer matching and discretionary accounts based on his years of accredited service. A participant is 100% vested in these accounts after six years. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants non-vested accounts may be used to reduce future Company contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Notes Receivable from Participants

Participants have the ability to borrow against their vested account balance, as defined in the Plan. Each loan is secured by a promissory note executed by the participant to the Trustee. The minimum loan a participant may seek is $1,000, the maximum loan is the lesser of $50,000 or 50% of the participant's vested balance. Loans are repaid in weekly installments over one to five years, except for a loan used to acquire a participant's principal residence, which may have a repayment period of up to thirty (30) years. The entire unpaid principal balance of the loan, plus any accrued interest, is due upon a participant's termination.

DESCRIPTION OF PLAN, Continued

Investment Options

The Plan offered participants 24 investment options of varying risk with Massachusetts Mutual Life Insurance Company through December 26, 2014. Beginning on December 26, 2014 the Plan entered a "Blackout" period as Plan assets and investment services were transferred to the Principal Financial Group. This transition was completed on January 18, 2015.

Forfeitures

The non-vested accounts of participants shall be forfeited upon the earlier of the date of the participant's death, if prior to such date he ceased to be an employee, or his forfeiture date. All or a part of a participant's non-vested account will be forfeited, if, after he ceases to be an employee, he receives a distribution of his entire vested account. The forfeiture will occur as of the date he receives the distribution or on the date such provision became effective, if later. Forfeitures are transferred to the Plan's unallocated cash reserve fund until applied toward Company contributions or to offset plan expenses. Forfeitures of $1,461 and $393 were applied to administrative expenses in 2014 and 2013, respectively.

Payment of Benefits

On termination of service, a participant may elect to receive a lump sum amount equal to the value of his or her account or all or any portion of the account may be used to purchase an annuity to provide a lifetime income or installments over a specified guaranteed period.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with generally accepted accounting principles.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Expenses incurred in connection with the administration of the Plan are paid by the Plan to the extent not paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Subsequent Events

The Plan evaluated the events and transactions subsequent to the date of its Statement of Net Assets Available for Benefits, in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 855-10-50, “Subsequent Events”, through August 26, 2015, which is the date the financial statements were available to be issued.

PARTICIPANT LOANS

Participant loans consist of notes receivables due from plan participants as described under the Description of Plan. The individual loan balances, reported as unpaid principal balances plus any accrued but unpaid interest, are collateralized by the respective participant's vested account balance. Interest rates vary among the loans, ranging from 4.25% to 9.50%. Repayments are made weekly from payroll deductions, ranging from one to five years except for a loan used to acquire a participant's principal residence which may have a repayment period of up to thirty (30) years.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

QUALIFIED TAX STATUS

The Plan adopted a volume submitter plan which received a favorable letter of determination dated March 31, 2008 from the Internal Revenue Service stating the Plan is in compliance with Section 401(a) of the Code, and, accordingly, is entitled to an exemption from income taxes under the provisions of Section 501(a). Accordingly, no provision for federal income taxes has been made in the accompanying financial statements. The Plan administrator believes the Plan is no longer subject to income tax examinations for the years prior to 2011.

RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Massachusetts Mutual Life Insurance Company (MassMutual) which acquired the Hartford Life Insurance Company Retirement Plans Group effective January 1, 2013. MassMutual is also the investment custodian as defined by the Plan and, therefore, these transactions qualify as party in interest transactions.

FAIR VALUE OF FINANCIAL INSTRUMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 "Fair Value Measurements and Disclosures" defines fair value as the exchange price that would be received on the measurement date to sell an asset or the price paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 also establishes a three level fair value hierarchy that describes the inputs that are used to measure assets and liabilities.

Level 1
Level 1 asset and liability fair values are based on quoted prices in active markets for identical assets and liabilities. The plan holds mutual funds and money market funds that are measured as Level 1 assets. All investments are within Level 1 of the fair value hierarchy.

Level 2
Level 2 asset and liability fair values are based on observable inputs that include: quoted market prices for similar assets or liabilities: quoted market prices that are not in an active market; or other inputs that are observable in the market and can be corroborated by observable market data for substantially the full term of the assets and liabilities. The plan holds no Level 2 assets.

Level 3
Level 3 assets and liabilities are financial instruments whose value is calculated by the use of pricing models and/or discounted cash methodologies, as well as financial instruments for which the determination of fair value requires significant management judgment or estimation. These methodologies may result in a significant portion of the fair value being derived from unobservable data. The plan holds no Level 3 assets.

Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator ("you") in completing the Form 5500 Schedule C[1] by identifying different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2014 - 12/31/2014 and indirect compensation is presented on a calendar year basis ending 12/31/2014.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan's service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

The total amount identified above reflects fees deducted from plan assets at the plan administrator's direction for the 2014 plan year for the above named recipient. Please review other service providers, below, to determine whether direct fees were also paid to them. Also, please review your records to determine whether other service providers may have received any compensation not reported below (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, or a plan auditor).

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to Massachusetts Mutual Life Insurance Company ("MMLIC") are the net result of aggregating direct compensation after the effects of adjustments processed in 2014, some of which may have pertained to prior years.

Please review the detailed breakdown at the end of the report for further information.

Indirect Compensation

Float compensation **$56.16**

Bank accounts and investments associated with short-term investment pool

This is an estimate based on the annual average rate of float (0.372% for 2014) earned on the bank accounts and investments associated with the short-term investment pool for the 2014 calendar year multiplied by an estimate of the assets related to uncashed checks.* This estimate does not include float earned for any other reason (e.g., if amounts remitted cannot be immediately invested because they are not in good order). Please review or request a copy of the current float disclosure for more information about the other circumstances in which float is earned.

* A complete listing of distribution checks that remain outstanding is available on the Retirement Plan Access web site under the Standard Reports section (Report R03998-Outstanding Distribution Checks). Uncashed check assets will continue to remain in a float-earning bank account until such time direction is received from the Plan Sponsor, subject to applicable regulation. The Plan Sponsor should consult with the Plan's/Plan Sponsor's tax advisor or benefits counsel to determine if assets attributable to uncashed checks should be included on the Form 5500 filing.

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. MassMutual's Code of Conduct generally restricts MassMutual employees from giving to or receiving gifts from customers and/or business partners having a value of over $100, in any individual situation, without prior approval. However, it is possible that one or more of your service providers for the calendar year, including MassMutual, engaged in transactions generating nonmonetary compensation. Information concerning reportable transactions undertaken between or among non-MassMutual parties may not be available to MassMutual.

Please consult with your legal or tax advisors if you have any questions.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are invested in Massachusetts Mutual Life Insurance Company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The above list includes any investment option held by the plan on at least one month end during the 2014 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

* This amount is the sum of the fund's distribution, management and other fees, which are also identified in the fund's prospectus. Please note that some of the funds available through your service contract or arrangement are funds from The Hartford Financial Services Group, Inc.'s proprietary family of mutual funds (The Hartford Mutual Funds). These proprietary mutual funds have contracts for services with companies that are affiliated with Hartford Securities Distribution Company Inc.

The Hartford-affiliated companies that provide these services, and are compensated in connection with those services, are listed below. For more information about these proprietary mutual funds, see the applicable fund prospectus.
