BLUE RIDGE BREAD, INC.
401(k) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

1. THE PLAN

The following description of the Blue Ridge Bread, Inc. 401(k) Profit Sharing Plan and Trust (the Plan) is provided for general information purposes. Participants should refer to the plan document for more complete information.

The Plan is a defined contribution profit sharing plan covering eligible employees of Blue Ridge Bread Inc. and Delta Dough, Inc. (the Company). Blue Ridge Bread, Inc. is the plan sponsor. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Each employee of the Company is eligible to participate in the Plan provided they have (1) reached age 21 and (2) completed one year of service, as defined. Once these requirements have been met, an employee may begin to participate in the Plan on January 1 or July 1 of the Plan year.

Participant Accounts and Contributions

Each participant's account is credited with their contribution, the Company's contribution, and an allocation of investment earnings. A participant may contribute up to the maximum amount allowed, which will not cause the Plan to violate any of its provisions or any limits imposed by the Internal Revenue Code (IRC). Participating employees contribute through salary deductions. The Company's safe harbor provisions for employer contributions provide a match equal to 100% of the first three percent deferred plus 50% of the next two percent deferred.

In addition, the Company can make discretionary profit sharing contributions to the Plan. In order to receive profit sharing contributions, participants must be employed on the last day of the Plan year and completed at least 1,000 hours of service during the Plan year. Profit sharing contributions are allocated among participant's accounts on a pro rata basis based on compensation. No profit sharing contributions were authorized for the years ended December 31, 2014 and 2013.

Rollover Contributions

Distributions from another qualified plan may be transferred into the Plan.

Investment Options

Each participant directs the manner in which their contributions, as well as those of the Company, are to be allocated among the investment options available under the Plan.

Vesting

Participants are immediately vested in all contributions plus actual earnings thereon.

Unallocated Accounts

The Plan has \$315 and \$283 of unallocated assets as of December 31, 2014 and 2013, respectively, related to reimbursement of investment fees. These amounts will be used to pay plan expenses in the future.

Notes Receivable from Participants

Participants have the ability to borrow from their accounts subject to limitations as defined in the Plan. Repayments are to be made over a period not to exceed five years, unless the loan proceeds are used by the participant to acquire a principal residence. The participants are charged interest on all outstanding loans at a rate of prime plus 1%, fixed at the inception of the loan. Interest rates on loans outstanding as of December 31, 2014 were 4.25%.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Benefit Payments

Benefits are payable to participants or their beneficiaries upon the participant's termination, retirement, disability or death. A participant who has attained age 59 ½ may withdraw from their account if still employed. Hardship withdrawals prior to termination, retirement or disability are not allowed under the Plan. Withdrawals will be made as a lump sum or installment payment, toward the purchase of an annuity contract or as a direct rollover.

Party-in-Interest Transactions

Certain plan investments are units of funds managed by the trustee, and therefore, these transactions qualify as party-in-interest transactions.

The Plan also participates in a revenue-sharing arrangement whereby the Plan receives funds to pay certain administrative fees. These funds totaled approximately \$2,500 for the year ended December 31, 2014 and are included within administrative expenses on the statements of changes in net assets available for benefits. These funds totaled approximately \$2,000 for the year ended December 31, 2013 and are reflected in net investment gain on the statements of changes in net assets available for benefits.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Investment Income Recognition

Purchases and sales of securities are reflected on the trade dates. Gains and losses on sales of securities are based on the actual cost of securities. Dividend income is recorded on the ex-dividend date. Interest from other investments is recorded as earned.

Plan Expenses

Administrative expenses are primarily amounts charged for investment advisory and management fees and contract administrator fees. A portion of the contract administrator fees are charged directly to participants for distributing benefits and loans.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (US GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Fully Benefit-Responsive Investment Contract

As described in Accounting Standards Codification (ASC) 962, *Defined Contribution Pension Plans*, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The Wells Fargo Stable Value Fund is a fully benefit-responsive investment contract in a collective trust. As required by ASC 962, the statements of net assets available for benefits present the fair value of the investment in the collective trust as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contract. The statements of changes in net assets available for benefits are prepared on a contract value basis. Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events generally include significant changes in the operation, or investment strategies of the Plan or significant events impacting the Plan sponsor. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

3. INVESTMENTS

All Plan investments are participant-directed. The following table presents investments that represent 5 percent or more of the Plan's net assets as of December 31, 2014 and/or 2013 (all amounts are presented at fair value with the exception of the Wells Fargo Stable Value Fund which is stated at contract value):

	2014	2013
American Beacon Small Cap Value Fund	\$ 65,305	\$ 166,901
American Century Government Bond Fund	74,055	74,491
American EuroPacific Growth Fund	89,545	72,588
Harbor International Fund	87,711	75,945
PIMCO Total Return Fund	73	218,886

Prudential Jennison Mid Cap Growth Fund	78,978	55,741
Vanguard 500 Index Fund	81,541	3,067
Metropolitan West Total Return Bond Fund	233,390	-

The net investment change in fair value during 2014 and 2013 reflects the gains and losses on investments bought and sold, as well as held during the year, and represents the net appreciation (depreciation) in the various mutual fund and collective trust fund investments.

The trustee has certified to the completeness and accuracy of the amounts reported as investments, notes receivable from participants, net investment (loss) gain and interest and dividends on the Plan's financial statements and the accompanying supplemental schedule of assets (held at end of year).

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at the net asset value of shares held by the Plan at year end.

Collective trust fund: Valued at the net asset value, exclusive of the adjustment to contract value. The use of net asset value as fair value is deemed appropriate as the collective trust funds do not have finite lives, unfunded commitments relating to these types of investments or significant restrictions on redemptions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total Fair Value</u>

5. 5500 RECONCILIATION

The Plan's interest in a collective trust relating to a fully benefit-responsive investment contract is shown at contract value on the accompanying financial statements and fair value on the Form 5500.

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500:

	<u>2014</u>	<u>2013</u>
Net assets available for benefits per the financial statements	\$ 1,387,787	\$ 1,184,863
Adjustment to contract value	<u>2,833</u>	<u>1,528</u>
Net assets available for benefits per the Form 5500	<u>\$ 1,390,620</u>	<u>\$ 1,186,391</u>

The following is a reconciliation of investment loss per the 2014 statement of changes in net assets available for benefits to the Form 5500:

	<u>2014</u>
Investment loss per the financial statements	\$ (5,226)
Change in adjustment to contract value	<u>1,305</u>
Total investment loss per the Form 5500	<u>\$ (3,921)</u>

6. FEDERAL INCOME TAXES

The Company adopted a Prototype Non-Standardized Profit Sharing Plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2008 which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been made in the accompanying financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

7. SUBSEQUENT EVENTS

Effective April 1, 2015, the Plan's trustee will be Verisight Trust Company.

Plan management evaluated subsequent events through August 31, 2015, the date which the financial statements were available to be issued. Other than the change in trustee discussed above, there were no material subsequent events that required recognition or additional disclosure in these financial statements.
