Independent Auditor's Report

To the Participants and Investment Committee of the
Time-O-Matic, LLC Non-Union 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Time-O-Matic, LLC Non-Union 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year end December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Alerus Financial N.A., the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the custodian as of December 31, 2014 and 2013, and for the year ended December 31, 2014, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Member of the RSM International network of independent accounting, tax and consulting firms.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2014, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Plan Description

The following description of Time-O-Matic, LLC Non-Union 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all non-union employees, except for non-resident aliens and part-time, temporary or seasonal employees who work less than 1,000 hours, of Time-O-Matic and Subsidiaries (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Employees become eligible to participate in the Plan upon hire and reaching 20 1/2 years of age. The Company offers enrollment to eligible employees on the first day of each month. Effective in accordance with an amendment adopted September 1, 2013, moving forward, employees will be automatically enrolled in the Plan upon eligibility in a default investment.

Contributions: Participants may contribute annually to the Plan a pre-tax amount of up to the lesser of (a) 100 percent of their compensation, as defined by the Plan, or (b) the maximum annual contribution allowed by the Internal Revenue Code ($17,500 for 2014).

Time-O-Matic, LLC, at its discretion, makes matching contributions to eligible employees. For the plan year ended December 31, 2014, the discretionary matching contribution equaled 50 percent of the first 6 percent of eligible employee compensation.

The Plan allows the employer to make a discretionary profit sharing contribution as determined by the Company. The Company did not make a profit sharing contribution in the year ended December 31, 2014.

Participant accounts: Each participant's account is credited with the participant's elective and, if applicable, rollover contributions and an allocation of (a) the Company's matching contributions, (b) the Company's discretionary contributions, (c) forfeitures of terminated participants' nonvested accounts, and (d) plan earnings or losses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their elective and, if applicable, rollover contributions. Matching contributions are subject to vesting percentages based on years of continuous service. A participant is 100 percent vested after five years of credited service. Other discretionary Employer contributions are also 100 percent vested after 5 years of credited service. All Employer contributions vest immediately upon a participant's death, disability, or attainment of the normal retirement age.

Forfeited accounts: Forfeitures of terminated participants' non-vested accounts are used to first reduce plan expenses and then any remaining forfeitures can be used as part of the Company's discretionary contributions and allocated to each participant. As of December 31, 2014 and 2013, forfeited non-vested accounts totaled $20,800 and $15,095, respectively. During the year ended December 31, 2014, $14,525 of forfeitures were used to reduce plan expenses.

Payment of benefits: On termination of service, death, disability or retirement, a participant with a vested account balance may elect to receive a lump-sum amount equal to the value of his or her vested account balance.

The Plan also allows for in-service distributions once a participant reaches age 59½ years old and is still in the employment of the Company. A participant may also receive a distribution of his or her elective deferral contributions if a participant has a financial hardship as defined in the Plan.

Note 1. Plan Description (Continued)

Participant notes receivable: Participants may borrow from their fund account a minimum of $1,000 or up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loan terms range from one to five years, or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at 1 percent above the prime rate as published in the Wall Street Journal Money Rate Section. Participants may only have one loan outstanding at any given time. Principal and interest are paid ratably through payroll deductions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The methods used to estimate the fair value of investments are described in Note 4.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain administrative functions applicable to the Plan are performed by employees of the Company. No such employees receive compensation from the Plan. Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Recent accounting standards: In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standard Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this update are effective for the Plan's fiscal years beginning after December 15, 2016. Early adoption is permitted. Plan management intends to adopt the accounting standard and modify the existing presentation of investment information with the December 31, 2015 financial statements.

Note 2. Summary of Significant Accounting Policies (Continued)

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)*. The purpose of this Update is to simplify plan accounting.

- The amendments in Part I of this Update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit responsive investment contracts will be presented at contract value; accordingly there will no longer be an adjustment from fair value to contract value on the face of the financial statements.
- The amendments in Part II of this Update will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, *Annual Return/Report of Employee Benefit Plan,* as a direct filing entity, disclosure of that investment's strategy will no longer be required.
- The amendments in Part III of this Update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The Update may be adopted in whole or by part (I, II, and III), as applicable. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. Plan management intends to adopt the accounting standard and modify the existing presentation of investment information with the December 31, 2015 financial statements.

Note 3. Information Certified and Provided by Alerus Financial N.A., the Plan Custodian

The following is a summary of the Plan's asset information as of December 31, 2014 and 2013, and for the year ended December 31, 2014, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that the information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and the supplemental schedule related to the assets.

Alerus Financial N.A. also certified to the completeness and accuracy of $1,067,032 of net appreciation in the fair value of shares of registered investment companies and interest on participant notes receivable of $11,882 for the year ended December 31, 2014.

The following table presents the fair value of the participant-directed investments in the Plan that were certified by Alerus Financial N.A. (the custodian). Single investments representing more than 5 percent of the Plan's net assets as of December 31, 2014 and 2013 are separately identified.

Note 4. Fair Value Measurements

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2014 and 2013:

Shares of registered investment companies (mutual funds): Valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

Note 4. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2014 and 2013:

	Level 1	Level 2	Level 3	Total
		2014		
Investments:				
Shares of Registered Investment Companies (Mutual Funds):				
Domestic Equity	$ 7,666,460	$ -	$ -	$ 7,666,460
International Equity	291,266	-	-	291,266
Bond Funds	804,128	-	-	804,128
Balanced Funds	3,128,077	-	-	3,128,077
Money Market Funds	233,441	-	-	233,441
	$ 12,123,372	$ -	$ -	$ 12,123,372

	Level 1	Level 2	Level 3	Total
		2013		
Investments:				
Shares of Registered Investment Companies (Mutual Funds):				
Domestic Equity	$ 6,868,244	$ -	$ -	$ 6,868,244
International Equity	332,608	-	-	332,608
Bond Funds	648,531	-	-	648,531
Balanced Funds	2,353,977	-	-	2,353,977
Money Market Funds	203,011	-	-	203,011
	$ 10,406,371	$ -	$ -	$ 10,406,371

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

The Company evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2014, there were no transfers of assets between levels of the fair value hierarchy.

Note 5. Income Tax Status

The Internal Revenue Service has determined and informed the Plan by a letter dated March 31, 2008, that the amended Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and is being operated in a manner that qualifies it, and, therefore, is exempt from income taxes under the provisions of the IRC.

Management has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal tax authorities for years before 2011.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

Note 7. Related Party Transactions

The Plan invests in investment securities managed by the custodian and, therefore, these transactions qualify as party-in-interest transactions. There were no direct fees paid by the Plan to the custodian. The Company provides certain administrative services at no cost to the Plan.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statements of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2014 and 2013 to the Form 5500:

	2014	2013
Net assets available for benefits per the financial statements	$ 12,401,788	$ 10,700,780
Difference in:		
Investments	308,605	293,992
Receivables - participant loans	(308,605)	(293,992)
Net assets available for benefits per the Form 5500	$ 12,401,788	$ 10,700,780

Note 10. Subsequent Events

The Plan Administrator has evaluated subsequent events through September 3, 2015, the date the financial statements were available to be issued.
