INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Haynes Mechanical Systems, Inc. 401(k) Plan
Greenwood Village, Colorado

REPORT ON FINANCIAL STATEMENTS

We were engaged to audit the accompanying financial statements of Haynes Mechanical Systems, Inc. 401(k) Plan (the "Plan"), which are comprised of the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

BASIS FOR DISCLAIMER OF OPINION

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 2, which was certified by Principal Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2014 and 2013, and for the year ended December 31, 2014, that the information provided to the Plan administrator by the custodian is complete and accurate.

DISCLAIMER OF OPINION

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

OTHER MATTER

The supplemental schedule as of December 31, 2014, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

REPORT ON FORM AND CONTENT IN COMPLIANCE WITH THE DEPARTMENT OF LABOR'S RULES AND REGULATIONS

The form and content of the information included in the financial statements and supplemental schedule of assets (held at end of year), other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies

The following description of Haynes Mechanical Systems, Inc. 401(k) Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established May 1, 1998, as amended and restated. The Plan covers eligible employees of Haynes Mechanical Systems, Inc. and Haynes Mechanical Systems, LLC (collectively, the "Company"). The Plan is available to employees age 21 years or older, unless covered by a collective bargaining agreement, and has no service requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Board of Directors of the Company administers the Plan. Principal Life Insurance Company ("Principal") serves as custodian, manages Plan assets, and maintains the Plan's records. Principal offers Plan participants a variety of investment options through mutual funds, pooled separate accounts, and a collective investment trust. Individual accounts are invested in the various investment options at the direction of the participants.

Contributions

Participants may make before-tax contributions from 1% to 25% of their eligible annual compensation, as limited by the IRS, which is adjusted annually by the Secretary of the Treasury for inflation. This maximum percentage may be reduced by the Plan administrator in certain circumstances. All participants who have reached age 50 by the end of the Plan year are eligible to make a catch-up contribution as limited by the IRS. The Plan also permits rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions. The Company makes matching contributions equal to 100% of employee elective deferrals up to 3% of eligible compensation. The Company contributed $240,285 for the year ended December 31, 2014.

The Plan calls for an automatic elective deferral contribution of 3%, unless the participant affirmatively elects a different percentage or elects not to make elective deferral contributions.

Employees are eligible to contribute on an after-tax basis through payroll deductions all or any portion of their contribution as Roth 401(k) deductions. Provided requirements are met, withdrawals of contributions and any earnings are tax free. A participant's combined pre-tax and Roth 401(k) contributions cannot exceed the maximum annual amount allowed by law.

Participants' Accounts

Each participant's account is credited or charged with the participant's contributions and an allocation of the Company's matching contributions, Plan earnings or losses, and administrative expenses. Allocations are based upon Plan earnings or losses and account balances, as defined. The benefit to which a participant is entitled is the vested portion of the participant's account.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Vesting

Participants are 100% vested in their voluntary contributions, allocated earnings or losses thereon, and any qualified matching contributions.

Any employer contributions (including forfeitures) and the earnings or losses thereon not fully vested when contributed will vest as follows:

Years of Service	Vested Interest
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

A participant's account becomes 100% vested upon death, attaining normal retirement age (the age of 62), retirement due to disability, or if the Plan is terminated.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The loans are secured by the balances in the participants' accounts and bear interest at 7.75%, which is commensurate with local prevailing rates as determined quarterly by the Plan administrator at loan origination, and mature at various dates through April 2019. Principal and interest are paid ratably through payroll deductions with a maximum repayment term of five years, with the exception of loans used to acquire real estate that serves as the participant's primary residence, which may be repaid over a period of up to ten years. Participant loans are recorded in the financial statements at amortized cost plus accrued interest.

Payments of Benefits

Upon termination of service, death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested account balance. For termination of service for other reasons, a participant may receive the value of the vested account balance as a lump-sum distribution.

Upon a distribution event, participants are subject to a mandatory distribution in the form of a lump-sum payment if their vested account balance is less than $5,000. In the event of a mandatory distribution where the participant balance is greater than $1,000 and less than $5,000 and the participant has not elected a distribution, the Plan administrator will pay the account balance as a distribution to an individual retirement account plan established for the participant and maintained by Principal. In-service withdrawals are allowed with notice of hardship, subject to certain restrictions. Benefits are recorded as distributions to participants when paid.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Participant Termination and Forfeitures

If at the time of termination of employment the participant is not 100% vested, the non-vested portion ("forfeitures") of the participant's account is forfeited and shall be placed in a separate account and will be used to offset administrative fees and employer contributions, as directed by the Company. As of December 31, 2014 and 2013, there were no balances in the forfeiture account. During the year ended December 31, 2014, $76,745 in forfeitures were used to reduce employer contributions.

Valuation of Investments and Income Recognition

Investments are reported at fair value as reported to the Plan by the custodian. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

The Plan invests in a fully benefit-responsive investment contract through a collective investment trust. Consistent with current accounting standards, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is a relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the investment in the collective investment trust. No adjustment of the investment from fair value to contract value was required as contract value approximated the fair value as of December 31, 2014 and 2013.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Basis of Presentation

The financial statements of the Plan are prepared under the accrual method of accounting.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Risks and Uncertainties

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Additionally, some investments held by Principal are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Note 2 - Assets Certified by Principal

Principal has certified in writing to the Plan administrator that the stated amounts for participant loans at amortized cost and investments at fair value as of December 31, 2014 and 2013 and the income earned or losses incurred on participant loans and investments for the year ended December 31, 2014, as reflected in the accompanying financial statements and the supplemental schedule of assets (held at end of year), are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the information certified by the custodian, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule of assets (held at end of year).

During the year ended December 31, 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held, during the year) appreciated in value as follows:

Pooled separate accounts	$ 458,698
Mutual funds	31,740
Collective investment trust	2,357
	$ 492,795

Note 2 - Assets Certified by Principal (continued)

The fair value of investments greater than 5% of net assets was the following:

	December 31,			
	2014		2013	
Principal Lifetime 2040 Separate Account	$ 1,466,368		$ 1,252,346	
Principal Lifetime 2030 Separate Account	$ 1,248,833		$ 726,357	
Principal Lifetime 2050 Separate Account	$ 1,186,003		$ 983,355

Principal LargeCap Blend II Separate Account	$ 512,653		$ 488,177	
Morley Stable Value I Fund	$ 288,478	*	$ 543,504	

* Indicates investment is less than 5% of net assets available for benefits at respective date.

Note 3 - Fair Value Accounting

Accounting principles generally accepted in the United States of America require disclosure about how fair value is determined and establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets measured on a recurring basis at fair value as of December 31, 2014 and 2013.

Note 3 - Fair Value Accounting (continued)

Collective investment trust	-	543,504	-	543,504
Total	$ 463,467	$ 7,716,686	$ -	$ 8,180,153

Note 3 - Fair Value Accounting (continued)

Plan investments in pooled separate accounts are valued at net asset value as determined by the Plan custodian based on quoted market prices, which reflect the fair value of the investments comprising the separate funds.

Investments in mutual funds are reported at the last reported sales price at the end of the respective periods using quoted market values.

The investment in the collective investment trust is the Morley Stable Value Fund I (the "Fund"), which is a fully benefit-responsive collective investment trust that primarily consists of a diversified portfolio of stable value investment contracts issued by life insurance companies, banks, and other financial institutions. The investment is classified as Level 2. The fixed-income portfolios are managed to provide an "AA" average credit quality objective. The stabilizing agreements are designed to offset price fluctuations associated with fixed-income investments by smoothing the effect of any gains or losses on the assets and guarantee participant withdrawals at book value (up to the full amount of a participant's invested contributions plus accrued interest). Withdrawals from the Fund may be subject to certain restrictions, if they are imposed by the trustee of the underlying portfolio. In general, participant withdrawals that are permitted by the Plan will be processed on a next-business-day basis. However, under certain circumstances, withdrawals initiated by the Plan sponsor and certain other withdrawals may be subject to up to a 12-month hold on the assets or to a market value adjustment. Where such, or any other, restrictions or market value adjustments are imposed, these will apply to the investment in the Fund. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rate was 1.47% for 2014. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%.

There were no changes to the valuation techniques used during the period.

(a) The investments seek to provide long-term growth of capital and current income, with a mix based on the target date. The funds invest in domestic and foreign equity, real estate investments, and fixed-income funds according to an asset allocation strategy designed for investors having an investment time horizon comparable to that of the fund.

(b) The investments seek to provide current income through investing in intermediate maturity fixed-income or debt securities rated BBB- or higher by S&P or Baa3 or higher by Moody's at the time of purchase, including securities issued or guaranteed by the U.S. government or its agencies; asset-backed securities or mortgage-backed securities representing an interest in a pool of mortgage loans or other assets; debt securities and taxable municipal bonds; and debt securities issued or guaranteed by foreign governments payable in U.S. dollars.

(c) The investments seek long-term growth of capital by investing primarily in stocks of non-U.S. companies with a variety of capitalizations.

(d) The investments seek to invest in a majority of large capitalization companies, such as those located on the S&P 500 Index, with the intent of mirroring the activity of those markets.

(e) The investments seek to generate long-term growth of capital by investing in companies with small to mid-sized capitalizations. Investment options are set up to mirror the performance of indices such as the S&P SmallCap 600 and MidCap 400 or to invest in companies principally engaged in the real estate market.

Note 4 - Income Taxes

The Plan did not obtain a Plan-specific determination letter as it operates with the custodian's opinion letter, which was issued on the basic plan document on March 31, 2014. The Plan administrator believes that the Plan continues to be operated and administered in compliance with the applicable requirements of the Internal Revenue Code; therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Administration of the Plan

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100% vested, and the Plan administrator is to distribute each participant's interest to the participant or the participant's beneficiary.

Note 7 - Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by Principal. Principal is the asset custodian, as defined by the Plan; therefore, these transactions qualify as party-in-interest. In addition, the Plan provides for participant loans, which are also party-in-interest transactions. These transactions are exempt from the prohibited transaction rules.

Note 8 - Excess Contributions

Contributions received from participants for the years ended December 31, 2014 and 2013 are net of payments of $30,369 made in January 2015 and $16,072 made in January 2014 to certain active participants to return to them excess deferral contributions as required to satisfy the relevant non-discrimination provisions of the Plan. These amounts are also included in the Plan's statements of net assets available for benefits at December 31, 2014 and 2013 as excess contributions payable.

Note 9 - Reconciliation to Form 5500

Net assets available for benefits and the net increase in net assets available for benefits for financial reporting purposes differ from amounts shown on the Plan's Form 5500 for the years ended December 31, 2014 and 2013 due to the accrual of excess contributions payable of $30,369 and $16,072, respectively.

Note 10 - Subsequent Events

The Plan has evaluated all subsequent events through the date of the auditors' report, which is the date the financial statements were available for issuance. There were no material subsequent events that required recognition or additional disclosure in these financial statements.
