Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Shaw Group Inc. 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2013, and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Bank of America, N.A., the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2013, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements referred to in the first paragraph.

Other Matter—Supplemental Schedule

The supplemental schedule of assets held at end of year as of December 31, 2013 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter—2012 Financial Statements

The financial statements of the Plan as of December 31, 2012, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Bank of America, N.A., the trustee of the Plan. Their report, dated September 30, 2013, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2013

The form and content of the information included in the 2013 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

Effective February 13, 2013, Chicago Bridge & Iron Company N.V. (“CB&I”) acquired the sponsor of the Plan, The Shaw Group Inc., as part of a stock purchase agreement whereby CB&I acquired the stock of The Shaw Group, Inc. All The Shaw Group Inc. stock held in the Plan was converted to CB&I stock based on the net asset value on the day of the sale.

General – The Plan is a defined contribution plan covering all eligible employees of The Shaw Group Inc. (a subsidiary of Chicago Bridge & Iron Company) who are age 21 or older and who are not receiving benefits under a collective bargaining agreement, alumni agreement, or other similar agreement. The entry date of the Plan is the later of the employee's date of hire or the date that the employee meets the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Contributions – The Plan allows participants to contribute up to 90% of their annual compensation, as defined by the Plan. Participants may contribute on a pre-tax and/or after-tax Roth basis up to the maximum dollar amount allowed by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also transfer amounts representing distributions from other qualified defined benefit or defined contribution plans, subject to approval by the Company.

The Plan contains an automatic enrollment feature for eligible employees hired on or after October 1, 2006. These employees are automatically enrolled to contribute 3% of their eligible compensation to the Plan on a pre-tax basis unless such employees affirmatively take action to opt out of the automatic enrollment process within 30 days of their date of hire. The deferral rate for participants that are automatically enrolled is increased annually by 1%, up to a maximum of 6% of compensation. The contributions made under the automatic enrollment process are invested in Target Retirement Date Funds based on the employee's targeted date of retirement unless the participants affirmatively choose another investment fund or any combination of funds available under the Plan.

For the 2013 Plan year, the Company elected to make matching contributions for each payroll period equal to 50% of each eligible participant's deferral not to exceed 6% of the participant's compensation subject to statutory limitations.

The Plan defines the contribution period as the Plan year for the purposes of calculating the Company's matching contributions. Annually, the Company adjusts the matching contributions to ensure that all eligible participants maximize the Company match regardless of their savings strategy. The Plan recorded receivables of \$474,411 and \$502,471, respectively, for the “true-up contribution” for the 2013 and 2012 Plan years. The Company may also elect to make discretionary contributions. No discretionary contributions were made during the year ended December 31, 2013.

THE SHAW GROUP INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

(NOTE 1 – continued)

Contributions are required to meet certain limitations, as prescribed by the Internal Revenue Code (the “IRC”). Excess contributions are refunded to participants so that the Plan complies with the regulations of the IRC.

Participants’ Accounts – Each participant's account is credited with the participant's contributions, Company contributions, earnings or losses on participant-directed investments and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Unallocated Assets – Investment-related income may represent all revenue from processing fees, service fees, distribution fees, and all other fees the third-party recordkeeper receives from mutual funds or collective trust providers attributable to the Plan's assets invested in such investments. Investment-related income is remitted quarterly to the Plan's trust by the third-party record keeper to be held in an unallocated account. This account may be used to pay administrative expenses or reduce Employer contributions at the discretion of the Plan Administrator. Investment-related income remitted to the Plan's trust totaling \$304,944 in 2013 is included in Other Income on the Statement of Changes in Net Assets Available for Benefits. The balance of the unallocated account at December 31, 2013 and 2012 totaled \$347,537 and \$278,589, respectively. Administrative fees of \$276,802 were paid from the unallocated account in 2013.

Forfeitures – Forfeitures of terminated participants' nonvested account balances may be used to restore participant account balances required to be reinstated, to pay administrative expenses or to reduce Employer contributions. Forfeited nonvested balances at December 31, 2013 and 2012 totaled \$84,469 and \$428,360, respectively. Employer contributions were reduced by \$4,583,664 in 2013. Administrative fees of \$46,461 were paid from forfeited nonvested accounts in 2013.

Expenses – Certain administrative and investment expenses specific to participant transactions, such as loan initiation and maintenance fees and processing fees for certain withdrawals, are deducted from the requesting participant's account. The Company, at its sole discretion, may pay the administrative expenses (i.e., legal fees, trustee fees, fund fees, loan fees, recordkeeping fees, and other similar expenses) of the Plan. If such expenses are not paid by the Plan sponsor, they are paid out of Plan assets. Investment related expenses are included in net appreciation of fair value of investments.

Vesting – Participants are immediately vested in their contributions plus any actual earnings thereon. Vesting in the Company's contribution portion of their accounts, plus any actual earnings thereon, is based on years of active service. After one year of service, as defined by the Plan, the participant becomes 20% vested in the Company's contributions and applicable earnings and vesting increases 20% for each year of active service thereafter. A participant is 100% vested after five years of active service. The non-vested portion of a participant's account remains in his/her account until the participant has a period of break in service of five years or receives a distribution of the vested portion of his/her account. If the participant is not re-employed within five years, the non-vested portion of his/her account is forfeited.

THE SHAW GROUP INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

(NOTE 1 – continued)

Notes Receivable from Participants – Participants can borrow from their vested account balances a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance (reduced by the highest outstanding loan balance during the prior twelve month period). Loans must be repaid within a five-year period (ten years for primary residence loans). Loans are secured by the participant's account balance and bear interest at a fixed rate for the term of the loan (prevailing rate at time of loan). At December 31, 2013 and 2012, interest rates for outstanding loans ranged from 3.25% to 9.25% with maturities through December 2023, respectively. Principal and interest are paid ratably through payroll deductions.

Investment Options – The Plan provides for various investment options in any combination of the money market accounts, mutual funds, or common collective trust fund. Prior to January 1, 2012 the Plan allowed for investments in The Shaw Group Inc. common stock. Effective February 13, 2013, Chicago Bridge & Iron Company N.V. ("CB&I") acquired the sponsor of the Plan, The Shaw Group Inc., as part of a stock purchase agreement whereby CB&I acquired the stock of The Shaw Group, Inc. All The Shaw Group Inc. stock held in the Plan was converted to CB&I stock based on the net asset value on the day of the sale. Effective January 1, 2012, the Plan was amended to no longer allow new contributions to, or the transfer of investments to, The Shaw Group Inc. common stock. In prior years, the amount of contributions and the value of a participant's account were limited to 20% participation in The Shaw Group Inc. common stock.

Payments of Benefits – Upon separation of service, a participant may elect to receive a lump sum payment equal to the value of the participant's vested balance. A participant may withdraw all or a portion of their account in the event of financial hardship, as defined by the Plan. Vested account balances less than \$5,000 are immediately distributable in a lump sum under the terms of the Plan without the participant's consent. If there is no direction from the participant and the vested balance is greater than \$1,000 but less than \$5,000, the vested balance will be distributed as a direct rollover into an individual retirement account selected by the Plan Administrator. Benefits are recorded when paid.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If terminated, all participants would be 100% vested in their accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition – Investments are reported at estimated fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

NOTES TO THE FINANCIAL STATEMENTS

(NOTE 2 – continued)

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis for fully benefit-responsive investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes gains and losses on investments sold during the year as well as net appreciation of the investments held at the end of the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events – Management has evaluated subsequent events through the date that the financial statements were available to be issued. Management determined that no additional disclosures were necessary. No events occurring after this date have been evaluated for inclusion in these financial statements.

Recent Accounting Pronouncements – There are no issued accounting standards that the Company believes will have a material impact on the net assets of the Plan.

NOTE 4 – FAIR VALUE MEASUREMENTS

The Fair Value Measurements and Disclosures topic of the Financial Accounting Standards Board Accounting Standards Codification provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under the framework are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement determined using model-based techniques that include option pricing models, discounted cash flow models, and similar techniques.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

THE SHAW GROUP INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

(NOTE 4 – continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

- *Mutual funds/money market fund:* Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Common collective trust:* The fair value of the common collective trust fund is based on the Plan's proportionate ownership of the underlying investments. The fair value of the common collective trust fund is calculated by the issuer utilizing quoted market prices, most recent bid prices in the principal market in which the securities are normally traded, pricing services, and dealer quotes. The fair value of the underlying wrapper contracts is calculated using a discounted cash flow model which considers recent fee bids as determined by recognized dealers, discount rate, and the duration of the underlying portfolio securities. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the fund. There are no unfunded commitments related to any of the underlying portfolio securities.
- *Employer common stock:* Valued at the closing price reported on the active market in which the security is traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administration believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

THE SHAW GROUP INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5 – COMMON COLLECTIVE TRUST FUND

During December 31, 2013 and 2012, the Plan invested in a common collective trust, Fidelity's Managed Income Portfolio II fund, which owns fully benefit-responsive investment contracts. The Plan reflects these fully benefit-responsive investment contracts at fair value. An adjustment from fair value to contract value of \$1,947,906 and \$3,994,690, respectively, as of December 31, 2013 and 2012, was recorded in the accompanying Statements of Net Assets Available for Benefits. The average yields of Fidelity's Managed Income Portfolio II fund were as follows:

<u>Average Yields</u>	<u>2013</u>	<u>2012</u>
Based on actual earnings	1.59%	1.73%
Based on interest rates credited to participants	1.14%	1.28%

As of December 31, 2013 and 2012, there were no reserves against the wrap contracts' carrying values due to credit risks of the issuers. Interest rates are reviewed by the wrap issuer on a monthly basis for resetting. Certain events could limit the ability of the Plan to transact at contract value with the issuers of the contracts held by the Fidelity Managed Income Portfolio II. Such events could include, but are not limited to, the following: the establishment of a defined contribution plan that competes with the Plan for contributions, substantive modification to the Fidelity Managed Income Portfolio II or the administration of the Fidelity Managed Income Portfolio II, change in law, regulation or administrative ruling applicable to the Plan that could have a material adverse effect on cash flow, transfer to a competing investment option, and failure of the Plan to qualify under the applicable sections of the IRC. Withdrawals initiated by the Plan will normally be provided at contract value as soon as practicable within twelve months following written notice. The Plan does not believe that the occurrence of any of these events, which could limit the Plan's ability to transact at contract value with participants, is probable.

NOTE 6 – INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

Pursuant to CFR 2520.103-8, the Plan qualified for a limited scope audit. Information relating to notes receivable from participants, investment assets, investment transactions, investment earnings, and the schedule of assets held for investment purposes was certified as complete and accurate by the trustee, Bank of America, N.A., as of December 31, 2013 and 2012, and for the years then ended.

NOTE 7 – TAX STATUS

The IRS has determined and informed the Company by a letter dated September 20, 2013 that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Company and Plan Administrator believe that the Plan, as designed and operated, is in compliance with the applicable provisions of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to

THE SHAW GROUP INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

(NOTE 7 – continued)

routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

As described in Note 8, the Company filed Voluntary Correction Program (“VCP”) requests under the Employee Plans Compliance Resolution System (“EPCRS”) to correct several operational defects. The Plan Administrator expects that the corrective measures taken to address the operational defects will not adversely affect the qualified status of the Plan.

NOTE 8 – SELF CORRECTION AND VOLUNTARY CORRECTION PROGRAM

On February 13, 2013, The Company’s attorney filed an anonymous VCP request under the EPCRS to correct the operational defects described below. The Plan Administrator expects that the operational defects and proposed corrections will not adversely affect the qualified status of the Plan.

Beginning with the 2003 Plan year, the Company failed to exclude certain employees from participation in the Plan. These employees had previously been members of a collective bargaining unit and had been promoted to positions not subject to collective bargaining. These individuals were permitted to continue to participate in their collectively-bargained, union-sponsored retirement plans under alumni agreements or similar agreements. These employees were also allowed to participate in the Plan while continuing to be covered under the collectively bargained pension benefits. To correct the dual participation, these employees will no longer be permitted to participate in the Plan. Amounts paid into the Plan will be placed into the forfeiture account which include elective deferrals and matching contributions plus earnings. Additionally, the Company will correct the failure by repayment to these affected employees their elective deferrals plus earnings out of the general corporate assets of the Company.

The Company has also determined that the Plan failed to exclude four certain nonresident alien employees who had no U.S. source income for participation in the Plan. To correct the failure, the ineligible employees will no longer be permitted to participate in the Plan. Employee contributions, Employer contributions and earnings thereon were forfeited and placed in the Plan’s forfeiture account. The Company refunded the employee contributions and earnings to the ineligible employees in 2012.

For Plan years 2009 and 2010, the Plan failed to default certain loans that were not repaid in accordance with the terms of the loans, including applicable cure periods for late payments. The failure involved 24 participants’ loans, which should have been declared in default. To correct the failure, the Company requested the IRS to permit the Plan to deem the defaulted loans to be distributed to the affected participants and related tax filings for the individual to be prepared in the year of correction rather than in the year of failure.

THE SHAW GROUP INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 9 – EXCESS CONTRIBUTIONS

For the year ended December 31, 2013 and 2012, the Plan failed to satisfy the relevant nondiscrimination provisions of the Plan. In order to be in compliance, the Plan returned certain excess contributions prior to March 15, 2013. For the year ended December 31, 2013 and 2012, the amount of corrective distributions to be returned to participants was \$161,259 and \$504,744, respectively, and was recorded as a liability on the Statements of Net Assets Available for Benefits and an offset to participant contributions on the Statement of Changes in Net assets Available for Benefits.

NOTE 10 – RELATED PARTY TRANSACTIONS

Plan investments include a money market fund managed by Bank of America, N.A. Because the Plan pays certain fees to Bank of America, N.A., and Bank of America, N.A. is the Plan trustee, these transactions qualify as party-in-interest transactions.

The Plan permits participants to make loans from the Plan. Prior to January 1, 2012 the Plan allowed for new investments in the common stock of The Shaw Group Inc. Additionally, the Company pays certain Plan administrative expenses on behalf of the Plan. These transactions also qualify as party-in-interest transactions which are exempt under ERISA.

NOTE 11 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Also, effective January 1, 2014, the Plan was amended to remove the automatic enrollment feature (see Note 1).
