NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 and 2010

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Harco Industries, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan, with a salary deferral provision, sponsored by Harco Industries, Inc. (the Company), and covers all eligible employees of the Company and its related companies: Harco Brake Systems, Inc.; Harco Manufacturing Group, LLC; and Dayton Meadowbrook Country Club, LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and was established July 1, 1998.

Eligibility

Employees are eligible to become participants for salary deferral purposes on the entry date which coincides with or next follows the date on which they complete at least two months of service and have attained age twenty-one. Eligible employees enter the Plan on the first day of the month following the completion of the eligibility requirements. To participate in the discretionary profit sharing portion of the Plan, a participant must complete 1,000 hours of service and be employed at the Plan year-end.

Contributions

- (a) *Participant's voluntary salary reductions.* Participants are allowed to elect to contribute from 1% to 86% of eligible earnings into the Plan. Each participant's contribution may not exceed the federal maximum amount pursuant to Section 402(g)(5) of the Internal Revenue Code.
- (b) *A discretionary employer contribution.* The employer contribution, if any, will be determined each year by the Board of Directors of the Company, at its sole discretion. This amount will be allocated based on compensation of all participants eligible to share in the discretionary amount. There was no discretionary employer contribution made in 2011 or 2010.
- (c) *Employer matching contribution.* The employer matching contribution, if any, will be determined each year by the Board of Directors of the Company, at its sole discretion. The amount of the employer match will equal a uniform percentage and be allocated to those participant accounts making an elective deferral in the current year. There was no employer matching contribution made in 2011 or 2010.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Investment Options

Upon enrollment in the Plan, a participant may direct all contributions in any of twenty-one mutual fund and common collective trust investment options.

Participant Accounts

Each participant's account is credited or charged with the following:

- (a) The above contributions,
- (b) Rollover contributions,
- (c) Plan earnings and losses,
- (d) Forfeitures, and
- (e) Plan expenses.

Participants direct the investment of all funds in their accounts.

Vesting

Participant vesting is based on service years. Participants are 100% vested in the voluntary salary deferral and rollover contributions. A discretionary employer contribution would vest according to the following schedule:

<u>Years of Service</u>	<u>Non-Forfeitable Percentage</u>
Less than 3	0%
3 years or more	100%

Forfeited Accounts

Forfeitures will be reallocated to eligible participants who are employed on the last day of the Plan year. The allocation is based on the ratio of each eligible participant's compensation for the Plan year to compensation of all eligible participants for the Plan year.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits

Benefits are recorded when paid. Upon termination of service, a participant may elect to receive:

- (a) A lump sum distribution equal to the value of their account, or
- (b) Substantially equal annual or more frequent installments over a period not longer than the joint life expectancy of the participant and their beneficiary.

All involuntary distributions greater than \$1,000 and less than \$5,000 will be paid as a direct rollover to an individual retirement plan.

Loans to Participants

The Plan allows participants to apply for and obtain loans in an amount as defined in the Plan Agreement. Generally, loans must be for at least \$500 and may not be for more than the lesser of 50% of the participant's vested account balance or \$50,000 (reduced by outstanding loans in the previous year). All loans must be repaid within five years and interest is charged at prime plus two percent.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan prepares its financial statements using the accrual basis of accounting.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are stated at fair value as determined by the custodian. The fair value of marketable securities is based on quotations obtained from national securities exchanges. Where marketable securities are not listed on an exchange, quotations are obtained from other published sources. Common collective investment trust funds are stated at fair value as determined by the issuer of the common collective investment trust funds based on the fair market value of the underlying investments. See Note D for discussion of fair value measurements.

Purchases and disposals of investments are recognized on the trade date (the date the order is executed). Gains and losses on the sale of investments are based on specific identification.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Fees

Certain Plan fees and administrative expenses are paid by the Plan Sponsor.

NOTE C - INVESTMENTS

The Company entered into agreements with the Plan Administrator and custodian with respect to the operation of the Plan and the establishment and management of the trust funds. The Plan assets are held by State Street Bank and Trust Company.

NOTE D - FAIR VALUE MEASUREMENTS

FASB ASC 820-10, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Collective Trust Funds: These investments are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in a market that is not active and is classified within Level 2 of the valuation hierarchy.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 and 2010

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010.

	Assets at Fair Value as of December 31, 2011

NOTE F - INCOME TAX STATUS

Effective July 1, 2008, the Company adopted an Automated Data Processing (ADP) prototype plan that received a favorable opinion letter dated March 31, 2008, in which the Internal Revenue Service stated that the prototype document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan Administrator and trustees believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent (100%) vested in their accounts.

NOTE H - RECONCILIATION OF FINANCIAL STATEMENT TO FORM 5500

Due to differences in the methods used in the preparation of the Form 5500 and the financial statements, there are variances between amounts reported in the two documents. These differences relate to the basis of accounting used for participant contributions. The 5500 is prepared on a cash basis, and the financial statement is prepared on the accrual basis for participant contributions.

The following is a reconciliation of the participants' elective deferrals per the financial statement as of December 31, 2011, to the Form 5500:

Participants' elective deferrals per the financial statements	\$ 134,723

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

NOTE J - SUBSEQUENT EVENTS

The Company has evaluated subsequent events through September 11, 2012, the date which the financial statements were available to be issued.
