DELTA HI-TECH, INC. 401(k) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

A. Description of Plan

The following description of the Delta Hi-Tech, Inc. (the "Company") 401(k) Profit Sharing Plan and Trust ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provision.

1. **General**. The Plan is a defined contribution plan covering all eligible employees of the Company and an affiliated entity who have met the minimum hours of service and age specified by the terms of the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. **Contributions**. Each year, participants may contribute a percentage of their pretax annual compensation, as defined by the Plan and as permitted by relevant Internal Revenue Code sections. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make matching contributions based upon the amount contributed by the Participant. Currently, no matching contributions are made by the Company.

3. **Participant Accounts**. Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, if any (b) Plan earnings, and (c) forfeitures of terminated participant's nonvested accounts, if any, and charged with an allocation of administrative expenses. Allocations are based on participant's earnings or account balance, as defined. The benefit which the participant is entitled is the benefit that can be provided from the participant's vested account.

4. **Vesting**. Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts, if any, is based on continuous years of service. A participant is 100 percent vested after three years of credited service.

5. **Payment of Benefits**. On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump sum or in annual installments over a as specified by Internal Revenue Service Regulations. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, subject to the appropriate Internal Revenue Service income tax withholding regulations.

6. **Notes receivable from participants.** Participants may borrow from their funds accounts in accordance with the plan document up to a maximum of 50% of their account balance. The loans are secured by the balance In the participant's account. The loan interest rate is commensurate with local prevailing rates as determined from time to time by the Plan Administrator. Principal and interest is paid ratably through payroll deductions each pay period.

7. **Withdrawal of Contributions.** A participant demonstrating a financial hardship may withdraw any amount of their account value consisting of the participant's contributions.

8. **Forfeitures** Upon termination of employment from the Club, the nonvested portion of a participant's account, as defined by the plan is considered a forfeiture. Forfeitures may reduce the Clubs matching contributions or be used to pay the administrative costs of the Plan. During the year ended December 31, 2014, no forfeitures occurred.

NOTES TO FINANCIAL STATEMENTS

B. Summary of Accounting Policies

1. **Basis of Accounting**. The financial statements of the Plan are prepared under the accrual method of accounting and were reconciled or agreed to the Form 5500.

2. **Investment Valuation and Income Recognition**. Investment contracts held by a defined-contribution plan are required to be reported at fair value. The value of investments held as of each accounting date is determined based on the fair value of each underlying fund's investments principally using quoted market values from national exchanges. Purchases and sales of investments are reflected on a trade-date basis. The statement of changes in net assets available for Plan benefits includes the net appreciation (depreciation) in the fair value of investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Pooled separate accounts are reported at the closing net asset value per unit of participation as determined by the Plan's Trustee based upon the respective fund/portfolio as of the last business day of the Plan year. The purchase or redemption price of the units is determined based on the current net asset value per unit of participation. The value per unit is determined by the Trustee using the market values of the underlying assets or the fair values as determined by the Trustee in the absence of an available market price.

3. **Payment of benefits.** Benefits are recorded as paid.

4. **Estimates.** The preparation of financial statements requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

5. **Contributions.** Participant contributions are recorded in the period in which the Company makes payroll deductions from Plan participants. The Company's discretionary contribution, if any, is recorded in the related Plan year. Excess contributions payable result from participants contributions in excess of amount permitted to maintain the qualified status of the Plan.

6.. **Administrative Expenses.** Expenses related to the administration of the pooled separate accounts are paid by the respective accounts, and are reflected in the overall investment return of such funds or reimbursed from the non-vested fund balance. Any expenses resulting from fund transfers or from withdrawals may be deducted from participants' account balances. The Company pays certain costs of administration of the plan.

7. **Concentration of Credit Risk**. The Plan's investments include bank-administered and registered investment company mutual funds that represent obligations by the counterparties to meet the terms of the financial instruments.

8. **Risks and Uncertainties.** The Plan provides for various investment options in any combination of stocks, bonds, fixed-income securities and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to the changes in the value of investment securities, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

B. Summary of Accounting Policies, continued

9. **Subsequent Events.** The Plan has evaluated subsequent events through the date of the financial statements were available to be issued, August 20, 2015. The Sponsor has determined that there are no material events that would require adjustment to or disclosure in its financial statements.

10. **Notes Receivable from Participants**. Notes receivable from participants are measured at unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses are reflected in the accompanying statements of net assets available for benefits.

C. Cash and Cash equivalents

The Plan considers as cash amounts held in the Custodian's accounts and money market accounts and disclosed as cash and cash equivalents.

D. Investments

All investments are participant directed. The following presents investments that represent 5 percent or more of the Plan's net assets at December 31, 2014 and 2013:

		2014	2013
Investments, at fair value:			
Lifestyle Aggressive	$	34,432	87,365
Lifestyle Balanced		489,079	450,571
Lifestyle Moderate		246,690	263,695
Vanguard energy		58,947	66,869
JH Stable value		82,836	78,611
Fund accounts under 5% of fund assets		346,046	347,973
Total investments, at fair value	$	1,258,030	1,295,084

E. Fair Value Measurements

The framework for measuring fair value provides fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

E. Fair Value Measurements, continued

Level 2
Inputs to valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value end.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

These methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

	Level 1	Level 2	Level 3	Total
At December 31, 2014				
Mutual funds:				
Balanced and growth funds	$ 1,009,176			1,009,176
Fixed income funds	82,836			82,836
Other mutual funds	480,098			480,098
	$ 1,572,110	-	-	1,572,110

E. Fair Value Measurements, continued

	Level 1	Level 2	Level 3	Total
At December 31, 2013				
Mutual funds:				
Balanced and growth funds	$ 963,100			963,100
Fixed income funds	78,611			78,611
Other mutual funds	253,373			253,373
	$ 1,295,084	-	-	1,295,084

F. Tax Status

The Internal Revenue Service has determined and informed the Trustee of the Plan that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator believes that the Plan, as amended, is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Plan is subject to routine audits by taxing jurisdictions. Currently no audits for any tax periods are in process. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2010.

G. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in the non-vested portion of their account, if any.

H. Related-Party Transactions

Certain plan investments are shares of mutual funds and insurance products managed by John Hancock Insurance Co. John Hancock is the Trustee and Custodian of the Plan assets and, therefore, these transactions qualify as party-in-interest transactions. Administrative fees presented on the accompanying statement of changes in net assets were paid to John Hancock.

I. EXPENSES

The Company, as sponsor, pays the record keeping and administrative fees on behalf of the Plan. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.
