Notes to Audited Financial Statements
December 31, 2014 and 2013
Banyan Air Services, Inc. 401(k) Plan
Fort Lauderdale, Florida

Note 1 – Description of Plan

The following description of the Banyan Air Services, Inc. 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Banyan Air Services, Inc. 401(k) Plan, a single employer retirement plan, is administered by Banyan Air Services, Inc. to provide retirement benefits for its employees. The Plan covers eligible employees who have satisfied the age and service requirements on their entry date. The Plan is subject to the provisions of the employee retirement income security act of 1974.

Contributions

Each year, participants in the 401(k) plan may contribute up to 15% of pretax annual compensation, as defined in the plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company contributes an amount equal to 50% of the employee elective contributions, but limited to employee contributions on the first six percent of compensation.

For the years ended December 31, 2014 and 2013, the Company's share of contributions to the plan is $171,708 and $147,580, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the company contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after seven years of credited service.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions into any of the available investment options.

Payment of Benefits

On termination of service, participants may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or in annual installments.

Subsequent Events

Subsequent events have been evaluated through August 14, 2015, which is the date the financial statements were available to be issued.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with generally accepted accounting principles.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the plan document.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value based on quoted prices as determined by the custodian of the Plan's assets.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

All expenses of maintaining the plan are paid by the Company.

Note 6 – Tax Status

Effective January 1, 2001, the Plan adopted a non-standard form of a prototype plan sponsored by Pinnacle Plan Design, P.C. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Service.

Note 7 – Risks and Uncertainties

The plan invests in various securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Banyan Air Services, Inc. 401(k) Plan
Fort Lauderdale, Florida

Note 1 – Description of Plan

The following description of the Banyan Air Services, Inc. 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Banyan Air Services, Inc. 401(k) Plan, a single employer retirement plan, is administered by Banyan Air Services, Inc. to provide retirement benefits for its employees. The Plan covers eligible employees who have satisfied the age and service requirements on their entry date. The Plan is subject to the provisions of the employee retirement income security act of 1974.

Contributions

Each year, participants in the 401(k) plan may contribute up to 15% of pretax annual compensation, as defined in the plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company contributes an amount equal to 50% of the employee elective contributions, but limited to employee contributions on the first six percent of compensation.

For the years ended December 31, 2014 and 2013, the Company's share of contributions to the plan is $171,708 and $147,580, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the company contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after seven years of credited service.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions into any of the available investment options.

Payment of Benefits

On termination of service, participants may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or in annual installments.

Subsequent Events

Subsequent events have been evaluated through August 14, 2015, which is the date the financial statements were available to be issued.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with generally accepted accounting principles.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the plan document.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value based on quoted prices as determined by the custodian of the Plan's assets.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

All expenses of maintaining the plan are paid by the Company.

The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Service.

Note 7 – Risks and Uncertainties

The plan invests in various securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
