CAPELLA HEALTHCARE, INC. 401(K) RETIREMENT PLAN

Notes to the Financial Statements

December 31, 2014 and 2013

(1) Description of plan

The following description of the Capella Healthcare, Inc. 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which was adopted on December 1, 2005 to provide retirement benefits for employees of Capella Healthcare, Inc. (the "Plan Sponsor"). The Plan covers substantially all employees who have completed six months of service and are at least eighteen years old ("participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

(b) Contributions

Participants may voluntarily make qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code ("IRC"), subject to certain IRC limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan Sponsor may contribute a discretionary matching contribution. For 2014, the Plan Sponsor authorized an employer contribution of 25% of the first 4% of employee contributions, up to 1% of the individual participant's annual compensation. The matching contribution of \$1,153,239 is included as a receivable in the Statement of Net Assets Available for Benefits at December 31, 2014. No discretionary matching contributions were made by the Plan Sponsor during 2013.

The Plan also provides that the Plan Sponsor may contribute each year a discretionary profit sharing amount, however, such discretionary contributions by the Plan Sponsor are not required. No discretionary profit sharing contributions were made by the Plan Sponsor during 2014 or 2013.

Plan Sponsor contributions may not exceed the maximum amount deductible for federal income tax purposes.

(c) Participant accounts

Each participant's account is credited (charged) with the participants' and Plan Sponsor contributions and allocations of investment earnings (losses) and administrative expenses. Allocations are based on participant compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

CAPELLA HEALTHCARE, INC. 401(K) RETIREMENT PLAN

Notes to the Financial Statements

December 31, 2014 and 2013

(d) Vesting

Participants are immediately vested in their elective salary deferral plus actual earnings (losses) thereon. Vesting in the Plan Sponsor's matching and profit sharing contributions is based on years of continuous service. Participants vest pro rata over five years of service.

(e) Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balances in the participants' accounts and bear interest at fixed rates ranging from 4.25% to 7.75%, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are collected ratably through payroll deductions.

(f) Payment of benefits

On termination of service due to death, permanent disability, or retirement, a participant may elect to receive either a lump-sum payment or annual installments over a specified period equal to his or her entire account balance. For termination of service due to other reasons, a participant will be entitled to receive only the vested interest in his or her account as a lump-sum distribution. If the value of a participant's account is less than \$1,000, the total balance is distributed as an automatic lump-sum payment in cash. For participant accounts greater than \$1,000 but less than \$5,000, the value of the participant's account is rolled into an individual retirement account on behalf of the participant, unless the participant elects to receive a lump-sum payment.

(g) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor contribution portion of their accounts. Such forfeitures may be used to pay the administration expenses of the Plan, to restore benefits previously forfeited, and to reduce the Plan Sponsor's contributions to the Plan. At December 31, 2014, there were no forfeited nonvested amounts. At December 31, 2013, forfeited nonvested accounts totaled \$15,263. Forfeited nonvested accounts used amounted to \$29,328 and \$29,818 in 2014 and 2013, respectively.

(h) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account balance. If a participant receives a hardship withdrawal from the Plan, the participant will be unable to make contributions to the Plan for a period of six months.

Notes to the Financial Statements

December 31, 2014 and 2013

(i) Administrative expenses

Certain administrative expenses are paid by the Plan Sponsor; while certain administrative expenses, as well as investment expenses, are paid by the Plan.

(j) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(2) Summary of significant accounting policies

(a) New accounting pronouncement

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)*, ("ASU 2015-07"). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*. Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for entities (other than public business entities) for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented. Early application is permitted. Management is reviewing this new guidance.

(b) Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of changes in net assets available for benefits is prepared using the contract value basis for fully-benefit responsive investment contracts.

(c) Investment valuation and income recognition

The Plan's investments are reported at fair value. These investment values are discussed more fully in Note 4.

CAPELLA HEALTHCARE, INC. 401(K) RETIREMENT PLAN

Notes to the Financial Statements

December 31, 2014 and 2013

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

(d) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan agreement.

(e) Payment of benefits

Benefits are recorded when paid.

(f) Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(g) Events occurring after reporting date

The Plan has evaluated events and transactions that occurred between December 31, 2014 and September 1, 2015, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Summary of information certified by trustee

The following information was certified as complete and accurate by State Street Bank and Trust Company, the trustee of the Plan, as of and for the years ended December 31, 2014 and 2013.

	<u>2014</u>	<u>2013</u>
Cash reserve account, mutual funds and self-directed investments, at fair value	\$ <u>-</u>	\$ <u>137,683,919</u>
Notes receivable from participants	\$ <u>-</u>	\$ <u>695,595</u>
Collective trust fund, at contract value	\$ <u>-</u>	\$ <u>14,092,870</u>
Net change resulting from investment activity	\$ <u>9,790,567</u>	\$ <u>22,364,472</u>
Interest income on notes receivable from participants	\$ <u>36,924</u>	\$ <u>27,494</u>

As of December 31, 2014, the cash, investments and the notes receivable from participants were excluded from the certification as the funds were being transferred to the new trustee (see Note 11). For the year ended December 31, 2013, the difference between the aggregate value of investments certified above and those per the accompanying financial statements is due to the fair value adjustment attributable to the collective trust fund. The trustee certified the collective trust fund at contract value.

CAPELLA HEALTHCARE, INC. 401(K) RETIREMENT PLAN

Notes to the Financial Statements

December 31, 2014 and 2013

(4) Fair value measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

- (i) *Cash reserve account*: Valued at the net asset value of shares held by the Plan at year end in an active market.
- (ii) *Mutual funds*: Valued at the net asset value of shares held by the Plan at year end in an active market.
- (iii) *Collective trust fund*: The value of the Plan's interest in the collective trust fund is based upon the current value of and net investment gain or loss relating to the units of participation held by the Plan. The value is not a publicly quoted price in an active market. The collective trust fund provides for daily redemption by the Plan at the stated unit value as of the close of business on any business day subject to certain limitations imposed by the trust agreement.

CAPELLA HEALTHCARE, INC. 401(K) RETIREMENT PLAN

Notes to the Financial Statements

December 31, 2014 and 2013

- (iv) *Self-directed investments*: The self-directed investments consist primarily of common stock and mutual funds which are valued at the closing price reported on the active market for common stock held and the net asset value of the mutual fund shares held and money market funds.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

Fair Value Measurements as of December 31, 2014 using the following inputs

CAPELLA HEALTHCARE, INC. 401(K) RETIREMENT PLAN

Notes to the Financial Statements

December 31, 2014 and 2013

(5) Investments and investment income

The fair value of investments that represents 5% or more of the Plan's net assets as of December 31, 2014 and 2013 are as follows:

	<u>2014</u>	<u>2013</u>
Vanguard Institutional Index Fund	\$ <u>12,961,618</u>	\$ <u>12,274,141</u>
Vanguard Target Retirement 2015 Fund	\$ <u>9,571,671</u>	\$ <u>11,782,043</u>
Vanguard Target Retirement 2020 Fund	\$ <u>21,601,999</u>	\$ <u>21,798,974</u>
Vanguard Target Retirement 2025 Fund	\$ <u>14,687,087</u>	\$ <u>13,935,873</u>
Vanguard Target Retirement 2030 Fund	\$ <u>11,012,037</u>	\$ <u>10,734,168</u>
Vanguard Target Retirement 2035 Fund	\$ <u>11,319,365</u>	\$ <u>10,032,906</u>
Wells Fargo Stable Pooled Fund	\$ <u>12,125,820</u>	\$ <u>14,208,267</u>

During 2014 and 2013, substantially all of the net appreciation in the Plan's investments (including net gains and losses on investments bought and sold, as well as held during the year) was attributed to mutual funds.

(6) Income tax status

The Plan received a favorable determination letter from the Internal Revenue Service ("IRS") on February 14, 2011, in which the IRS stated that the Plan was in compliance with the applicable requirements of the IRC. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter, however, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

(7) Untimely remittance of participant contributions

The Plan Sponsor is required by Department of Labor regulation to remit participant contributions as soon as practicable, but by no later than the fifteenth business day following the end of the month in which the amounts were withheld from wages. For certain contributions withheld from a payroll during 2014, the funds were not remitted timely. Imputed lost earnings on these late remittances were remitted to the Plan in 2015.

Notes to the Financial Statements

December 31, 2014 and 2013

(8) Related party transactions and party-in-interest transactions

Certain Plan investments are shares of a money market fund and units of participation of a collective trust fund which are managed by State Street Bank and Trust Company, the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan also holds notes receivable from participants which qualify as party-in-interest transactions. Investment expenses of \$29,906 in 2014 and \$29,818 in 2013 and administrative expenses of \$195,011 in 2014 and \$156,632 in 2013 were paid directly by the Plan to the investment advisor and third party administrator, respectively. Certain fees incurred by the Plan for the investment management services are netted within net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than as a direct payment.

(9) Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2013:

Net assets available for benefits per the financial statements	\$ 152,625,578
Accrued interest from notes receivable from participants	<u>976</u>
Net assets available for benefits per the Form 5500	\$ <u>152,626,554</u>

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2014 and 2013:

	<u>2014</u>	<u>2013</u>
Change in net assets available for benefits per the financial statements	\$ (2,284,251)	\$ 11,729,845
Change in accrued interest from notes receivable from participants	<u>(976)</u>	<u>55</u>
Change in net assets available for benefits per the Form 5500	\$ <u>(2,285,227)</u>	\$ <u>11,729,900</u>

(10) Risks and uncertainties

The Plan invests in various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(11) Subsequent events

Effective January 1, 2015, Vanguard replaced State Street Bank and Trust Company as the trustee of the Plan. As a result of the transfer, \$15,027,555 of investments were liquidated into cash at December 31, 2014 and transferred to Vanguard on January 2, 2015. The remaining \$133,364,023 of investments were transferred in-kind.

On June 23, 2015, the Plan received a favorable determination letter from the IRS in which the IRS stated that the Plan was in compliance with the applicable requirements of the IRC.

On July 27, 2015, the Plan Sponsor announced that its parent company and sole stockholder, Capella Holdings, Inc., has signed a definitive agreement with Medical Properties Trust, Inc. ("MPT") for the acquisition of the Plan Sponsor for \$900 million in cash. The transaction is expected to be finalized during the second half of 2015, following customary regulatory approvals.

Upon closing, a management company – owned by current Plan Sponsor senior management – will operate and manage the hospital business while the Plan Sponsor's real estate will be acquired by MPT in a sale-leaseback transaction. MPT will also own a minority interest in the operating company. The management company will retain control of the day-to-day operations of the Plan Sponsor's hospitals. It is expected that the Capella Healthcare, Inc. 401(k) Retirement Plan will continue to exist for ongoing employees of Capella Healthcare, Inc. and affiliated hospitals that are participating employers.
