401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

DESCRIPTION OF PLAN

The following brief description of Town and Country Co-op, Inc. 401(k) Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more comprehensive description.

General - The Plan is a defined contribution retirement plan sponsored by Town and Country Co-op, Inc. (the Plan Sponsor) for the benefit of its eligible employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's effective date was April 1, 1985 and was most recently amended or restated on July 1, 2011.

Eligibility - An employee must be at least 18 years of age and have completed 500 hours of service within the first six consecutive months prior to entering the Plan. If 500 hours are not completed within the specified time period, the employee will be subject to a one-year service requirement. Entry dates into the Plan occur on January 1 and July 1 of each Plan year.

Contributions - To participate in the Plan, an eligible employee must enter into a contribution agreement with the employer, authorizing the employer to deduct and withhold from such employee's compensation a specified amount, or percentage thereof, and to contribute such amount to the employee's account in the Plan. Participating employees have the option to contribute pre-tax salary deferrals and/or after tax Roth deferrals. In accordance with Section 401(k) of the Internal Revenue Code, all pre-tax amounts withheld from wages and contributed to a participant's account, up to the maximum allowed, shall be excluded from gross income of the participant for federal income tax purposes. Employer matching contributions expressed as a percent of qualified wages are as follows:

<u>Employee Contributions</u>	<u>Employer Matching Contributions</u>
0%	0%
1%	½%
2%	1%
3%	1½%
4% and above	2%

Vesting - All amounts contributed by the employee and the earnings thereon are immediately vested. The vesting schedule for employer contributions, based on number of years of service is as follows:

1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Participant Accounts - Participant's accounts are credited with the participant's contribution and allocations of (a) the Plan Sponsor's contribution, (b) Plan earnings, and (c) administrative expenses. Allocations are based on participants' compensation or account balances, as provided in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Administrative Fees and Expenses - The Plan Sponsor absorbs a portion of Trustee and Administrator fees and expenses. Fees and expenses paid by the Plan are allocated to participant accounts on a prorated basis.

DESCRIPTION OF PLAN - Continued

Investment Options - Upon enrollment in the Plan, a participant may direct employee and employer contributions to various mutual funds consisting of different investment types and goals as made available and determined by the Trustees. Participants may change their investment options any time throughout the year via internet or direct phone access to AdvisorTrust, Inc. The change becomes effective the next business day.

Payment of Benefits - The normal form of benefit payments under the Plan are lump sum distributions. A participant's account shall be payable to him or her, or in the event of death to a beneficiary, upon the earlier of disability, termination of employment or retirement date. Normal retirement date is upon attainment of age 65. Distributions may be made from any vested accounts upon attainment of age 59 ½. Roth deferrals are not available for in-service withdrawal. Hardship withdrawals may be made for an immediate and heavy financial need of the participant as defined in the Plan agreement.

Notes Receivable from Participants - Participant loans are permitted under the Plan. A participant must repay the loan within five years, unless the loan is being used to purchase a primary residence. Loans must be approved by the plan administrator and trustees. The maximum amount available to a participant is the lesser of 50% of his or her vested account balance (less any previous outstanding loans) or \$50,000 reduced by the highest outstanding loan balance in the past twelve months. One loan per participant is allowed at any one time with \$1,000 being the minimum amount available for each loan.

Forfeited Accounts - Forfeitures of participant's nonvested accounts will be used first to offset certain Plan expenses and second to reduce employer contributions. Accumulated forfeitures as of December 31, 2014 and 2013 amounted to \$2,053 and \$1,877, respectively. Plan expenses were reduced by - and \$4,856 from forfeited nonvested accounts during 2014 and 2013, respectively.

Termination of the Plan - Although it has not expressed any intention to do so, the Plan Sponsor may terminate or amend the Plan in whole or in part at any time. If such an event occurs, the participants become fully vested in their account balances.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation - The financial statements were prepared on the accrual basis of accounting. Following are the significant accounting policies adopted by the Plan and used in preparation of these financial statements:

Investments - Investments, primarily in mutual funds, are recorded at fair value as determined by quoted market prices or net asset values at year end. Income from investments is recorded as earned on the accrual basis of accounting. Cost of investments is determined using the first-in first-out (FIFO) basis and is used to determine the realized gain or loss from disposition.

Notes Receivable from Participants - Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest. Income from interest on these notes receivable for the years ended December 31, 2014 and 2013 was \$395 and \$553, respectively.

Contributions - Contributions are recorded as earned on the accrual basis when withheld from the participant's earnings and when due by the Plan Sponsor.

Payment of Benefits - Benefits are recorded when paid.

December 31, 2014 and 2013

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Use of Estimates - The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Although these estimates are based on the plan administrator's knowledge of current events and actions it may undertake in the future, they may ultimately differ from actual results.

Risks and Uncertainties - The Plan provides for various investment options in certain mutual funds. Mutual funds are exposed to various risks, such as interest rate and market and credit risks. Due to the level of risk associated with certain mutual funds, it is at least reasonably possible that changes in the values of mutual funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Subsequent Events - Subsequent events were evaluated through July 1, 2015, which is the date the financial statements were available to be issued.

PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds managed by the Plan's investment advisor, as is customary in retirement plans. As a result, these transactions qualify as party-in-interest transactions.

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee received compensation from the Plan. Certain administrative expenses of the Plan are paid directly by the Plan Sponsor and are not charged to the Plan.

FAIR VALUE MEASUREMENTS

The Plan complies with FASB ASC 820 *Fair Value Measurements and Disclosures* to account for and report fair value. ASC 820 provides a single definition of fair value, a framework for measuring fair value and expanded disclosures concerning fair value. It also defines fair value as the price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

Fair values of certain assets and liabilities are determined based on the fair value hierarchy established in this standard, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The standard describes three levels within its hierarchy that may be used to measure fair value which are:

Level 1 - Values are based on unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2 - Values are based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

TOWN AND COUNTRY CO-OP, INC.
401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS - Continued

December 31, 2014 and 2013

FAIR VALUE MEASUREMENTS - Continued

Level 3 - Values are generated from unobservable inputs that are supported by little or no market activity and that are a significant component of the fair value of the assets or liabilities. These unobservable inputs would reflect management's estimates of assumptions that market participants would use in pricing related assets or liabilities. Valuation techniques might include the use of pricing models, discounted cash flow models or similar techniques.

A financial asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the classification of fair value assets and liabilities within the fair value hierarchy levels.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

		Fair Value Measurements Using:		
	Fair Value	Level 1	Level 2	Level 3
<u>At December 31, 2014:</u>				
Money market mutual funds	\$ 5,943	\$ -	\$ 5,943	\$ -
Fixed income mutual funds	1,739,887	1,739,887	-	-
Equity mutual funds	4,241,591	4,241,591	-	-
Total	<u>\$ 5,987,421</u>	<u>\$ 5,981,478</u>	<u>\$ 5,943</u>	<u>\$ -</u>
<u>At December 31, 2013:</u>

Total	<u>\$ 6,381,151</u>	<u>\$ 6,191,297</u>	<u>\$ 189,854</u>	<u>\$ -</u>

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds - Valued at the net asset value (NAV) of the shares held by the Plan at year end.

Money Market Funds - Valued based on underlying securities that the money market is invested in.

INCOME TAX STATUS

Town and Country Co-op, Inc. 401(k) Retirement Plan became effective April 1, 1985. The Plan Sponsor adopted a prototype plan on which an opinion letter relating only to the acceptability of the form of the Plan was obtained on March 31, 2008. A determination letter from the Internal Revenue Service has not been requested specifically for the Plan. Even though there have been amendments to the Plan in order to comply with changes in rules and regulations over the years, the Plan administrator and trustees are not aware of any provision, action or event that has occurred that might affect the Plan's qualified status.

The Plan administrator is not aware of any tax positions taken by the Plan that they consider to be uncertain. Tax returns for the years ended 2011, 2012 and 2013 are still open and subject to examination by the Internal Revenue Service.
