INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Zoological Society of Cincinnati 401(k) Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Zoological Society of Cincinnati 401(k) Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2014 and 2013, and for the year ended December 31, 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

1. DESCRIPTION OF PLAN:

The following description of the Zoological Society of Cincinnati 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established March 1, 2007 covering full-time employees of the Zoological Society of Cincinnati ("the Society" or "Employer"), who are age twenty-one or older, have one year of service and are not members of a collective bargaining unit. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may make contributions on a before-tax basis each plan year subject to limitations determined by the Plan document and the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Society makes a 3% safe harbor non-elective contribution for all eligible employees. The Society may also make discretionary matching contributions of a percent, if any, to be determined annually based on a percentage of the participant's deferral contributions. The Society limits the matching contributions to 4% (including the 3% safe harbor non-elective amount mentioned above) of the eligible compensation contributed to the Plan.

Additionally, participants of the Plan who were employed by the Society on the last day of the Plan year may also be allocated an additional discretionary non-elective contribution as determined and approved by the Society's Board of Directors. Additional discretionary non-elective contributions totaled \$65,440 for the year ended December 31, 2014.

Participant accounts

Each participant's account is credited with the participant's elective contributions and the Society's related 3% safe harbor non-elective contribution, an allocation of the Society's discretionary matching contribution (if any), an allocation of the Society's discretionary non-elective contribution (if any), and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, qualified non-elective contributions, and safe harbor non-elective employer contributions plus actual earnings thereon. A participant's vested interest in discretionary matching contributions is based on years of continuous service. A participant is 100 percent vested after three years of credited service.

Forfeited accounts

At December 31, 2014 and 2013, forfeited nonvested accounts totaled \$9,821 and \$967, respectively. Forfeitures are retained in the Plan and may first be used to pay administrative expenses. Any remaining amounts will be used to reduce future employer contributions payable under the Plan. During 2014, \$991 was used to reduce plan administrative expenses

Payment of benefits

Upon a participant's retirement, death, total and permanent disability, or other termination of employment with the Society or termination of the Plan, the participant's account is distributed in one lump sum.

In-service distributions are permissible from the Plan for participants that have obtained the age of 59 1/2. Participants electing in-service distributions may elect to receive all or a portion of their vested benefits in a lump sum payment.

In conditions of "financial hardship", a participant may apply to the plan administrator for approval to withdraw that portion of their elective deferrals necessary to meet the financial hardship, subject to the limitations of the Plan and the IRC.

2. SUMMARY OF ACCOUNTING POLICIES:

Basis of accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis on a specific item basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Society and are excluded from these financial statements. Investment related expenses are included in net depreciation in fair value of investments. Other administrative and transaction fees that are paid by the Plan are included in administrative and investment fees on the statement of changes in net assets available for benefits.

Subsequent events

The Plan has evaluated subsequent events through July 15, 2015, the date the financial statements were available to be issued.

3. INVESTMENTS:

The following presents investments that represent 5 percent or more of the Plan's net assets available for benefits at December 31:

	<u>2014</u>	<u>2013</u>
FID Freedom 2020	\$ 1,343,792	1,318,685
FID Freedom 2030	1,004,402	811,366
FID Freedom 2025	906,610	791,991
FID Freedom 2035	534,680	473,539
FID Freedom 2045	372,060	312,758
FID Freedom 2015	*	440,253

* Indicates less than 5% or not held at year end

During the year ended December 31, 2014, the Plan's investments in money market and mutual funds (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$43,968.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below.

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 Inputs to the valuation methodology include: 1. Quoted prices for similar assets or liabilities in active markets; 2. Quoted prices for identical or similar assets or liabilities in inactive markets; 3. Inputs other than quoted prices that are observable for the asset or liability; 4. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2014 and 2013.

Money market and mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual and money market funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2014 and 2013.

5. INFORMATION CERTIFIED BY TRUSTEE:

The following information provided by Fidelity Management Trust Company was certified to be complete and accurate with respect to the following:

- (a) The assets held by the Fidelity Management Trust Company at December 31, 2014 and 2013 as well as the transactions involving these assets from January 1, 2014 to December 31, 2014.
- (b) The amount of investment income for the period from January 1, 2014 to December 31, 2014.
- (c) The schedule of assets (held at end of year) at December 31, 2014.

6. TAX STATUS:

The Plan adopted a volume submitter plan designed by Fidelity Management Trust Company. The volume submitter plan has received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008 stating that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the IRC and, therefore, the Plan is exempt from taxation. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine tax audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

7. RELATED PARTY TRANSACTIONS:

Certain Plan investments are investments in mutual funds and a money market fund managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. In 2014, \$1,715 was directly charged to the Plan by Fidelity for administrative expenses.

Several employees of the Society provide administrative services to the Plan. These services include Plan oversight and day-to-day Plan administration. The Plan is not charged by the Society for the services of these employees to the Plan.

8. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Society has the right under the Plan to discontinue its contributions and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, each participant will become 100 percent vested in his or her account.

9. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation between amounts reflected in the financial statements and those shown on the Form 5500.
