Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Elmer's Products, Inc. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified investment information described in Note 3, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the entity that certified the investment information meets the requirements of 29 CFR 2520.103-8. The plan administrator has obtained certifications as of December 31, 2014 and 2013, and for the year ended December 31, 2014, stating that the investment information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion on Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Disclaimer of Opinion on Supplemental Schedule

The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2014, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Compliance of Form and Content With Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the certified investment information, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Elmer's Products, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2014

1. Description of Plan

The following description of the Elmer's Products, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions, copies of which may be obtained from the Company.

General

The Plan was established on January 1, 2004. The Plan is a defined contribution plan covering non-union employees of Elmer's Products, Inc., Hunt Management Company, Inc. and Elmer's Management LLC (collectively referred to as the Company) following their employment. Union employees of the Company are eligible to participate in the Plan after 90 days of their employment.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Administrative Committee is responsible for the general administration of the Plan. J.P. Morgan Chase Bank, N.A. (JPMorgan) is the trustee and the record-keeper for the Plan. Effective August 29, 2014, JPMorgan Retirement Plan Services (RPS), a subsidiary of JPMorgan, was acquired by Great-West Financial (collectively referred to as Great-West). Effective August 1, 2015, Great-West Trust Company, LLC replaced JPMorgan as the trustee and the record-keeper for the Plan.

Contributions

Participants may withhold each year up to 75% of their compensation, as defined in the Plan document, on a pretax basis, subject to Internal Revenue Code (the Code) limitations. Participants may also contribute amounts representing rollover contributions from other qualified plans. Participants who have attained age 50 may make catch-up contributions, subject to certain Code limitations.

The Company makes safe harbor matching contributions each payroll period for salaried and hourly participants based on a participant's contributions equal to 100% of the participant's contributions not to exceed 3% of the participant's eligible compensation plus 50% of the participant's contributions that exceed 3% of the participant's eligible compensation but not to exceed 5% of the participant's eligible compensation. The Company contributed \$524,837 of safe harbor matching contributions for the year ended December 31, 2014.

Elmer's Products, Inc. 401(k) Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

For each Plan year, each hourly and salaried participant, as defined, shall be allocated a Company profit-sharing contribution equal to 4% of the participant's eligible compensation (8% of the participant's eligible compensation for grandfathered participants, as defined). The Company contributed \$657,878 of profit-sharing contributions for the year ended December 31, 2014.

All investments are participant-directed. Participants may direct contributions in any of the Plan's available fund options. Participants may change their investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's safe harbor matching and profit-sharing contributions, and allocations of plan earnings, and is charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of his or her respective elected investment options. Allocations of administrative expenses are based on the participants' account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Employee Contributions

Participants are fully vested in their contributions plus actual earnings thereon.

Company Matching Contributions

Participants are 100% vested in the Company's safe harbor matching contributions made after January 1, 2008.

Elmer's Products, Inc. 401(k) Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Company Profit-Sharing Contributions

Subsequent to January 1, 2008, participants are vested in Company profit-sharing contributions, as indicated in the following table:*

Less than 2 years of service	0%
2 but less than 3 years of service	25%
3 but less than 4 years of service	50%
4 but less than 5 years of service	75%
5 years of service or more	100%

*Except participants who have reached the Normal Retirement Age or who are terminated from service due to death or disability are 100% vested in Company profit-sharing contributions.

Forfeitures

Upon termination of employment, participants forfeit their nonvested balances. Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions. Unallocated forfeitures balances as of December 31, 2014 and 2013 were approximately \$138,000 and \$107,000, respectively. The Company used forfeiture amounts of approximately \$118,000 to reduce profit-sharing contributions during the Plan year ended 2014.

Participant Loans

Participants may borrow from their participant accounts a minimum amount of \$500 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by the participant's highest outstanding loan balance during the preceding 12-month period. A participant may have only one loan outstanding at a time. Loan terms may not exceed five years, except for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at one percentage point above the prime rate as published in *The Wall Street Journal* on the first business day of the month in which the loan is made. Principal and interest are paid ratably through bi-weekly payroll deductions.

Elmer's Products, Inc. 401(k) Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Payment of Benefits

On termination of service including death, disability, or retirement, a participant may elect to receive a distribution in the form of a lump-sum amount equal to the participant's vested interest in his or her account. A participant may also withdraw any portion of his or her vested account balances after he or she attains age 59-1/2, subject to certain administrative restrictions. Otherwise, withdrawals before termination of employment are allowed only in cases of hardship as determined in the Plan document.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company as provided by the Plan's provisions. The Company pays the majority of the administrative expenses incident to the management of the Plan; however, certain costs can be paid from the assets of the Plan. Expenses that are paid by the Company are excluded from these financial statements.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100% vested in their accounts, and account balances shall be held for distribution, subject to outstanding loans and administrative costs.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Elmer's Products, Inc. 401(k) Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

The Plan invests in fully benefit-responsive investment contracts through a common/collective trust known as the JPMorgan Stable Asset Income Fund. This fund is recorded at fair value (see Note 4); however, since these contracts are fully benefit-responsive, an adjustment is reflected in the statements of net assets available for benefits to present these investments at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Elmer's Products, Inc. 401(k) Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)*. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, *Fair Value Measurement*. Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for entities for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented. Early application is permitted. Management is currently evaluating the impact of adopting this new accounting guidance.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I of the ASU eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Part II of the ASU eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III of the ASU allows a plan with a fiscal year end that doesn't coincide with the end of a calendar month to measure its investments and investment-related accounts using the month end closest to its fiscal year end. The ASU is effective for fiscal years beginning after December 15, 2015. Parts I and II are to be applied retrospectively. Part III is not applicable to the Plan. Early application is permitted. Management is currently evaluating the impact of adopting this new accounting guidance.

4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Elmer's Products, Inc. 401(k) Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

- Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:
 - quoted prices for similar assets and liabilities in active markets
 - quoted prices for identical or similar assets or liabilities in markets that are not active
 - observable inputs other than quoted prices that are used in the valuation of the assets or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value by the Plan.

Mutual funds: Valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end.

Common/collective trusts: Valued based at NAV per share, which is determined by dividing the fund's net assets at fair value by its units outstanding at the valuation date.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

4. Fair Value Measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets carried at fair value.

4. Fair Value Measurements (continued)

- ^(a) The investment objective of the JPMorgan Stable Asset Income Fund is to earn current income that is consistent over time while preserving capital through a broadly diversified portfolio of fixed income securities and interests in investment contracts. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share of the JPMorgan Stable Asset Income Fund in order to ensure that securities liquidations will be carried out in an orderly business manner. The fair value of the JPMorgan Stable Asset Income Fund has been estimated using the net asset value per share.
- ^(b) The investment objective of the BlackRock S&P 500 Equity Index – I Fund is to provide investment results that correspond to the total return performance of publicly traded common stocks in the aggregate, as represented by the Standard & Poor's 500® Index (S&P 500 Index). The Fund attempts to achieve a correlation between the total return of its net assets before fees and expenses and the total return of the S&P 500 Index. There are no restrictions for participant-directed redemptions or for the Plan to liquidate its entire share of the Fund. The fair value of the BlackRock S&P 500 Equity Index – I Fund has been estimated using the net asset value per share.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Related Party Transactions

The Plan invests in shares of mutual funds managed by Great-West. The Plan also holds units of a common/collective trust managed by Great-West. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

Elmer's Products, Inc. 401(k) Plan

Notes to Financial Statements (continued)

7. Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated July 14, 2011, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:
