Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Paris Presents Incorporated Employees' Retirement Plan and Trust (the Plan), which comprise the statements of net assets available for benefits as of April 1, 2014 and December 31, 2013, and the related statement of changes in net assets available for benefits for the period from January 1, 2014 through April 1, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified or provided by Principal Life Insurance Company, the custodian of certain financial information of the Plan, Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the custodian of certain financial information of the Plan, and Principal Life Insurance Company, the custodian of certain financial information of the Plan as agent for Union Bond and Trust, trustee of the Principal Stable Value Fund, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodians hold the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the custodians as of April 1, 2014 and December 31, 2013, and for the period from January 1, 2014 through April 1, 2014, that the information provided to the Plan Administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 3 to the financial statements, the Board of Trustees of the Plan voted on December 20, 2013, to merge the Plan into the Tandem HR, Inc. 401(k) Plan (a Professional Employer Organization "PEO" Plan) effective March 18, 2014. Our disclaimer of opinion has not been modified with respect to this matter.

Other Matter

The supplemental Schedule of Delinquent Participant Contributions for the period from January 1, 2014 through April 1, 2014, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Paris Presents Incorporated Employees' Retirement Plan and Trust

Notes to Financial Statements

Note 1. Plan Description

The following description of the Paris Presents Incorporated Employees' Retirement Plan and Trust (the Plan) provides only general information. Participants should refer to the amended plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan, established January 1, 1991 and most recently amended on March 18, 2014, maintained for the benefit of eligible employees. Eligible employees include all full-time employees of Paris Presents Incorporated (the Company) who are not bargaining employees. Eligible employees are at least 21 years of age and have completed 30 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: The Plan is designed as a qualified cash deferred arrangement pursuant to Section 401(k) of the Internal Revenue Code and provides for the following contributions which are to be maintained in separate accounts for each participant:

Employee's elective contributions: Deductions from compensation made by the Company at the direction of the employee in an amount up to 100 percent of the employee's compensation and which amounts are deducted from the employee's direct compensation and are excluded from the employee's reportable wages for the year. New participants are automatically enrolled to have a pre-tax deduction equal to 3 percent of eligible compensation. The deferral percentage automatically increases by 1 percent January 1st of each year until it reaches the Plan's automatic increase maximum of 6 percent. The employee has the election to choose pre-tax elective deferral contributions or Roth elective deferral contributions. The aggregate amount of the employee-directed contributions cannot exceed the statutory limit as adjusted from time to time pursuant to Section 402(g)(5) of the Internal Revenue Code (\$23,000 for participants over the age of 50 and \$17,500 for all others for 2014). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

No employee contributions were made to the Plan in the period from January 1, 2014 to April 1, 2014. Effective January 1, 2014, all employee contributions were made directly to the Tandem HR, Inc. 401(k) Plan.

Employer's matching contributions: To be made by the Company in amounts equal to a percentage of each participant's eligible salary deferral contributions. The Company is required to provide an employer matching contribution of 100 percent of the first 1 percent of employees' eligible compensation and 50 percent of the next 5 percent.

As all employee contributions in the period from January 1, 2014 to April 1, 2014 were made to the Tandem HR, Inc. 401(k) Plan, there was no employer match contributions made to the Plan in 2014.

Employer's discretionary contribution: The Company may, at the discretion of its Board of Directors, make additional contributions to be allocated to the accounts of the eligible participants. There were no discretionary contributions made for the period from January 1, 2014 to April 1, 2014.

Vesting: Participants are immediately vested in their elective contributions. The employer's matching and discretionary contribution is vested 100 percent after two years of service. Participants become fully vested upon normal retirement, death or disability.

Participants' accounts: Each participant's account is credited with (a) the employee's elective contributions, (b) the employer's matching contributions and (c) allocations of (1) the employer's discretionary contributions, if any, (2) plan earnings and (3) forfeitures. Each participant's account is charged with an allocation of administrative expenses. Allocations of discretionary contributions are based upon participant compensation, as defined. The allocation of plan earnings and administrative expenses are based on the participants' relative account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Investment options: The Plan is a participant-directed plan, whereby each participant directs their voluntary and Company contributions to one or more of the investment options as more fully described in the Plan's literature. Participants may change their investment options at anytime, subject to certain restrictions.

Notes receivable from participants: Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their individual vested account balance. Note receivable terms range from one to five years. The notes receivable are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined upon the initiation of the loan. The interest rate is 6.25 percent at April 1, 2014. Principal and interest are paid ratably through payroll deductions.

Payments of benefits: Benefits under the Plan are payable to participants or their beneficiaries upon death, retirement, disability or termination of employment. Benefits are payable in a lump-sum or by other methods as described in the Plan. Participants may make withdrawals from their account balances upon reaching age 59 1/2 or by determination that a financial hardship, as defined, has been incurred. At April 1, 2014, no benefits were owed to former participants whose employment had been terminated and who had elected to withdraw from the Plan.

Forfeitures: Forfeitures are used to first pay plan expenses and any remaining will be used to offset the Company's contributions. There was \$5,987 allocated to administrative expenses for the period ended April 1, 2014. There were no unallocated forfeitures at April 1, 2014 and December 31, 2013.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Note 6 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Administrative expenses: Administrative expenses of the Plan are charged against earnings except to the extent the expenses are paid by the Company.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of benefits: Benefits are recorded when paid.

Accounting estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Reclassification: Amounts previously shown in the 2013 financial statements have been reclassified to conform to the current year presentation.

Subsequent events: The Company has evaluated subsequent events for potential recognition and/or disclosure through August 20, 2015, the date the financial statements were available to be issued.

Note 3. Plan Merger

The Board of Trustees of Paris Presents Inc., the Plan's sponsor, voted on December 20, 2013 to merge Paris Presents Inc. Employees' Retirement Plan and Trust into the Tandem HR, Inc. 401(k) Plan (a Professional Employer Organization ("PEO") Plan) effective March 18, 2014. All plan assets, with the exception of notes receivable from participants totaling approximately \$91,000, were transferred to the Tandem HR, Inc. 401(k) Plan by April 1, 2014. Notes receivable from participants of approximately \$91,000 were transferred on April 9, 2014, and are included in the due to other plan on the 2014 statement of net assets available for benefits and as a pending transfer in the 2014 statement of changes in net assets available for benefits. Additionally, employee and employer receivables totaling approximately \$69,000 related to prohibited transactions (Note 10) are in the process of being corrected and when completed, will be remitted to the Tandem HR, Inc. 401(k) Plan. These receivables are included in the due to other plan on the 2014 statement of net assets available for benefits and as a pending transfer in the 2014 statement of changes in net assets available for benefits.

Note 4. Party-In-Interest

Certain plan investments are pooled separate accounts managed by Principal Life Insurance Company. Principal Life Insurance Company, Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, and Principal Life Insurance Company, as agent for Union Bond and Trust, trustee of the Principal Stable Value Fund, are all members of the Principal Financial Group (all companies will collectively be referred to as Principal), and are the custodians of certain financial information of the Plan and, therefore, these transactions are considered to be party-in-interest transactions. The Company, which is the plan sponsor, pays certain administrative and overhead expenses of the Plan. In addition, certain administrative functions are performed by employees of the plan sponsor for which no compensation is received from the Plan.

Notes to Financial Statements

Note 5. Investments

The Plan provides that participants may elect to have account balances invested among several funds in the custody of Principal. Investments that represent 5 percent or more of the Plan's net assets at April 1, 2014 and December 31, 2013 consist of:

	2014	2013
Common collective trust:		
Principal Stable Value Fund	\$ -	\$ 425,950

Invesco International Growth A Fund	-	473,811
BlackRock Health Science Opportunity Investment A Fund	-	370,547

Note 6. Fair Value Measurement

Accounting guidance on fair value measurements and disclosures defines fair value, establishes a framework for measuring the fair value of assets and liabilities using a hierarchy system, and expands disclosures about fair value measurement. It clarifies that fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants in the market in which the reporting entity transacts business.

The Plan's statements of net assets available for benefits contains plan investments that are recorded at fair value on a recurring basis. The three-level valuation hierarchy for disclosure of fair value is as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Paris Presents Incorporated Employees' Retirement Plan and Trust

Notes to Financial Statements

Note 6. Fair Value Measurement (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in valuation methodologies at April 1, 2014 compared to December 31, 2013.

Shares of common collective trust fund: Valued based on the net asset value (NAV) of units of the common collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Pooled separate accounts: Primarily valued at NAV per share based on quoted market prices of underlying investments. Valued at the total of the NAV of shares of mutual funds and cash held by the account at year-end. The Plan's interest in the pooled separate accounts is valued based on the information reported by the investment advisor.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 6. Fair Value Measurement (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

Total investments at fair value	\$ 5,373,040	\$ 1,620,708	\$ -	\$ 6,993,748

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the period ended April 1, 2014, there were no transfers in or out of Level 3.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2013:

Investment	Fair Value 2013	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Balanced funds (a)	\$ 746,573	\$ -	Monthly	None

Note 6. Fair Value Measurement (Continued)

- (a) The pooled separate accounts in this category primarily invest in equity securities of U.S. companies with small to large market capitalization. Selected funds within this category may invest in stocks of foreign companies, convertible debt securities, and real estate investment trusts. Investments in this category can be redeemed once every 30 days at the current net asset value per share based on the fair value of the underlying assets. Participants are not allowed to transfer back into this category until the 30-day period has expired. New contributions are allowed during this time period.
- (b) This category consists of a stable value fund which seeks to preserve a participant's principal investment and offers competitive income consistent with the preservation of principal. It invests in investment contracts issued by high-quality insurance companies and banks. Investments in this category can be redeemed daily at the current net asset value per unit based on the fair value of the underlying assets.
- (c) This category consists of the investment option normally invests the majority of assets in common stocks of companies that compose the S&P 500, 600, and 400 indices. Management attempts to mirror the investment performance of the index by allocating assets in approximately the same weightings as in the S&P 500, 600, and 400 indices. Over the long-term, management seeks a very close correlation between the performance of the Separate Account before expenses and that of the S&P 500, 600, and 400 indices. Investments in this category can be redeemed daily at the current net asset value per unit based on the fair value of the underlying assets.

Note 7. Information Certified or Provided by Principal

The following is a summary of the information as of April 1, 2014 and December 31, 2013, and for the period from January 1, 2014 through April 1, 2014, included throughout the Plan's financial statements and supplemental schedule, that were prepared by or derived from information provided by the custodians and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodians that information provided to the Plan Administrator by the custodians related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following investments.

The following table presents the carrying value of the Plan's investments and the investment income that were certified by Principal as of April 1, 2014 and December 31, 2013, and for the period ended April 1, 2014.

Note 8. Tax Status

Effective September 9, 2009, the Plan adopted a non-standardized prototype plan sponsored by Principal Life Insurance Co. The prototype plan has received an opinion letter from the Internal Revenue Service (IRS) as to its qualified status dated March 31, 2008. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since the adoption date. The Company believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by a plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of April 1, 2014 and December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note 9. Risks and Uncertainties

The Plan provides for various investment options and invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Prohibited Transactions

The Plan Administrator has concluded that during 2009 through 2013, \$325,598 of salary deferrals, including loan repayments, were not deposited within the period required under the United States Department of Labor's (DOL) regulations. The DOL considers late deposits to be prohibited transactions. The plan sponsor plans to file Form 5330 for 2013, 2012, 2011, 2010 and 2009 and will pay the applicable excise tax. The excise tax payments will be made from the plan sponsor's assets and not from assets of the Plan.
