HOERBIGER U.S. RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013

NOTE 1. DESCRIPTION OF PLAN

The following description of the Hoerbiger U.S. Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Hoerbiger America Holding, Inc., Hoerbiger Corporation of America, Inc., Hoerbiger Service Latin America, Inc., Hoerbiger Automotive Comfort Systems, LLC, Hoerbiger Service, Inc., Altronic, Inc. Altronic Controls, Inc. (collectively, the "Company") who have three months of service and are age 20½ or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, subject to certain limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the plan. Automatically enrolled participants have their initial deferral rate set at 6% of eligible compensation and annual automatic 1% increases of their deferral rate. Their contributions are invested in a target date fund based on their retirement age until changed by the participant. The Company contributes 65% of the first 6% of eligible compensation that a participant contributes to the Plan. The Company, at its discretion, may declare and fund a retirement plan contribution, (RPC) amount. The Company declared a retirement plan contribution of \$1,402,141 and \$1,274,760 for the 2014 and 2013 Plan year, respectively. Contributions are subject to certain limitations.

Contributions from participants are recorded when payroll deductions are made. The Plan is required to return contributions received during the Plan year in excess of the Internal Revenue Service ("IRS") limits. Participants' pre-tax contribution limit is \$17,500 for 2014 and 2013. Participants who have attained the age of 50 during the calendar year are eligible to make catch-up contributions to the Plan. The IRS limit for the catch-up contribution amount is \$5,500 for 2014 and 2013.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan's investment results. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Upon distribution of the account to a participant who separates from service before vesting, the portion of the account attributable to the Company's contributions is forfeited. Forfeited balances of participants' nonvested accounts are used to reduce future Company contributions or pay administrative expenses of the Plan.

Investment Elections

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and an insurance contract as investment options for participants. A participant may change such allocation at any time directly with the Plan's record keeper. All employer contributions are allocated in the same allocation percentages as the employee's contribution.

HOERBIGER U.S. RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013

NOTE 1. DESCRIPTION OF PLAN (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributed portions of their account plus actual earnings thereon is based on years of continuous service. A participant is 20% vested after completion of two years, and 100% vested after the completion of three years of credited service.

Notes Receivable From Plan Participants

Notes receivable from participants consist of participant loans that are secured by the balance in the participant account. A participant is only entitled to make a withdrawal from his or her account prior to separation from service if the participant qualifies for a hardship withdrawal or a participant loan. Each participant may have only one loan outstanding at any give time. The Plan's loan feature allows participants and beneficiaries to borrow up to a maximum amount equal to the lesser of \$50,000 or 50% of their accrued vested benefit. The loans bear interest at rates ranging from 4.25% to 5.25%, which are commensurate with local prevailing rates as determined by the Plan administrator. Loan terms range from 1 to 5 years or may exceed 5 years for the purchase of a primary residence.

Participants pay certain administrative expenses associated with the loan, including document preparation and filing fees. If any scheduled loan repayments remain outstanding for greater than 90 days, the participant loan will be placed in default, at which time the participant can elect from certain remediation options, including distribution. If no remediation occurs, the loan is reported as a deemed distribution. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Payment of Benefits

A participant's vested account balances are payable upon termination, retirement, disability, death, approved hardship, or no later than April 1st following the participant's attaining age 70-1/2. Participants have several options for receiving benefits, including a lump-sum payment, installment payments, or an annuity.

Forfeited Accounts

Forfeitures of nonvested participant account balances are included in the unallocated account of the Plan and can be used to pay administrative expenses of the Plan and/or to reduce contributions otherwise required of the employer. At December 31, 2014 and 2013, unallocated forfeited accounts totaled \$205,740 and \$133,564.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP") and presents the net assets available for Plan benefits as of December 31, 2014 and 2013 and changes in net assets available for Plan benefits as of December 31, 2014.

HOERBIGER U.S. RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Administrative Expenses

Payments of administrative expenses of the Plan are primarily paid from forfeited account balances. The Plan Sponsor may, at its sole discretion, pay any such expenses, in whole or in part. During 2014, expenses of the Plan paid through forfeited amounts consisted of \$55,978 for Plan administration, \$60,000 for investment advisory and management fees, \$2,800 for professional services, and \$184,253 of transaction fees and charges.

Benefit Payments

Benefits are recorded when paid. At December 31, 2014 there were no amounts allocated to accounts of persons who had elected to withdraw from the Plan, but had not been paid.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Any gain or loss resulting from the sale of fund units is determined as the difference between the sale proceeds and the cost of units sold. Investment income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fully Benefit-Responsive Investment Contract

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan invests in investment contracts through a common collective trust fund. Contract value for this common collective trust fund is based on the net asset value of the fund, as reported by the investment advisor. The Statements of Net Assets Available for Benefits present the fair market value of the investment in the common collective trust fund as well as the adjustment of the investment in the common collective trust fund from fair value to contract value relating to the investment contract. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

NOTE 3. NEW ACCOUNTING PRONOUCEMENTS TO BE ADOPTED

On July 31, 2015, the FASB issued ASU 2015-12, *Plan Accounting - (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date Practical Expedient*. ASU 2015-12 amends the reporting of investments held in a fully benefit-responsive investment contract to be reported at contract value; eliminates the requirement for participant-directed investments and non-participant-directed investments to disclose (a) individual investments that represent 5% or more of net assets available for benefits, and (b) the net appreciation or depreciation for investments by general type; and establishes a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end date that is closes to the plan's fiscal year end date, when the fiscal period does not coincide with a month end. These amendments are to be applied prospectively and are effective for fiscal years beginning after December 15, 2015, with earlier application permitted. The Plan sponsor is currently evaluating the new standard.

NOTE 5. FAIR VALUE MEASUREMENTS

Accounting Standards Codification ("ASC") 820, *Fair Value Measurement and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

HOERBIGER U.S. RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013

NOTE 5. FAIR VALUE MEASUREMENTS (continued)

The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2 Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;
- Level 3 Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

- *Common stocks, corporate bonds and U.S. government securities:* Valued at the closing price reported on the active market on which the individual securities are traded.
- *Self-directed brokerage accounts:* Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.
- *Mutual funds:* Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Common collective trust funds:* These investments are public investment vehicles that are valued using the net asset value provided by the administrator of the trust. The net asset value is based on the value of the underlying assets owned by the trust, minus its liabilities, and then divided by the number of shares outstanding. These investments are not available in an exchange or active market; however, the fair value is determined based on the underlying investments as traded in an exchange and active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair Value of Investments in Entities that Use NAV

An investment option of the Plan is a common/collective trust offered through Diversified Investment Advisors Collective Trust. This fund invests directly in the Wells Fargo Stable Return Fund, a collective trust fund of Wells Fargo Bank, N.A. The fund is primarily comprised of investment contracts issued by financial companies including Guaranteed Investment Contracts (GICs), Separate Account GICs, and Security Backed Investment Contracts. The investment objective of the fund is safety of principal and consistency of returns while attempting to maintain minimal volatility. The fair value of the investment at December 31, 2014 and 2013 was \$16,748,807 and \$17,713,791, respectively. The investment had no unfunded commitments and had a daily redemption frequency.

NOTE 7. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan maintains a fully benefit-responsive stable pooled fund with Diversified Investment Advisors ("Diversified"). The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Because the investment is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. The contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported by Diversified, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2014 and 2013 was \$16,748,807 and \$17,713,791, respectively.

Certain events limit the ability of the investment contract to transact at contract value with the issuer. Such events include the following (a) amendments to the Plan documents including a partial or complete legal termination of the investment contract, (b) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (c) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with Plan participants, is probable.

As of December 31, 2014 and 2013, the average yields earned by the stable pooled fund based on actual earnings were 1.40% and 1.36, respectively, and based on the interest rate credited to participants were 1.64% and 1.52%, respectively.

NOTE 8. RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments include units of a collective trust and cash reserve account managed by Diversified Retirement Corporation. Diversified Retirement Corporation is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan was assessed transaction fees and charges of \$184,253 during the year ended December 31, 2014. The Plan paid \$60,000 in investment advisory fees to an independent advisor and \$2,800 of professional fees.

NOTE 9. PROHIBITED TRANSACTIONS

During 2013, the Company failed to remit to the Plan's trustee certain employee contributions within the period prescribed by the Department of Labor regulations. Delays in remitting contributions to the trustee were due to administrative errors, and the Company has corrected these prohibited transactions during 2014. The Company has made contributions to the affected participants' accounts to compensate those participants an aggregate of approximately \$350 of potential lost income due to the delays.

NOTE 10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 12. TAX STATUS

The Company adopted a prototype 401(k) plan as provided by Diversified Investment Advisors. The prototype plan received a favorable determination letter from the Internal Revenue Service dated March 31, 2006, stating that the Plan is designed in accordance with the applicable provisions of the Internal Revenue Code. The Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the financial statements. The Plan administrator believes it is not longer subject to income tax examinations for years prior to 2011.
