To the Plan Administrative Committee
Welch Allyn 401(k) Savings Plan:

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Welch Allyn 401(k) Savings Plan, which comprise the statement of net assets available for benefits as of December 31, 2014, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2014 financial statements. Accordingly, we do not express an opinion on the 2014 financial statements referred to in the first paragraph.

Other Matter - Supplemental Schedule
The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2014, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter - 2013 Financial Statements
The financial statements of the Plan as of and for the year ended December 31, 2013, were audited by Testone, Marshall & Discenza, LLP (predecessor auditors), who merged with Bonadio & Co., LLP as of January 1, 2015. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan. Their report, dated July 24, 2014, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN

The following description of the Welch Allyn 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees who are employed with a participating employer of the Plan. The principal employer that sponsors the Plan is Welch Allyn Holdings, Inc. (the "Plan Sponsor") and the participating employer includes Welch Allyn, Inc. (the "employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

Employees are eligible to begin making salary deferrals and are eligible for employer matching and safe harbor contributions immediately upon date of hire.

Contributions

Each year, participants may contribute a percentage of their pre-tax annual compensation, as defined in the Plan. In addition, participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other tax-qualified retirement plans except from other plans maintained by the participating employers.

The employers will make matching contributions equal to 50% percent of the first 6% of participant contributions, up to a maximum amount of 3% of the participant's compensation.

In addition, the employers will make an employer safe harbor contribution on behalf of each participant equal to 5% of each participant's compensation for each payroll period. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the employers' matching and safe harbor contributions and Plan earnings/losses, and charged with an allocation of administrative and investment expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their contributions and employer safe harbor contributions plus actual earnings/losses thereon. Vesting in the employers' matching contribution portion of their accounts plus actual earnings/losses thereon is based on years of continuous service as follows:

1. DESCRIPTION OF PLAN (Continued)

Vesting (Continued)

Years of Service	Percent Vested
Less than 2	0%
2 but less than 3	25%
3 but less than 4	50%
4 but less than 5	75%
5 or more	100%

Payment of Benefits

On termination of service, a participant may elect to receive a lump-sum amount equal to the vested value of their account. Upon death, disability or retirement a participant may elect to receive a series of payments over a period not to exceed the life expectancy of the participant or the joint life expectancy of the participant and their beneficiary.

Benefit payments from the Plan will be made in a lump sum distribution if the balance is less than $1,000 and the participant does not direct the Plan otherwise.

Hardship withdrawals are permitted in the event of immediate and heavy financial need. Participants may elect to receive a hardship withdrawal in an amount equal to the value of their elective deferral contributions including earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of the participant's vested account balance, subject to certain conditions as defined in the Plan agreement. The loan and interest thereon shall be repaid over a period not to exceed five years (except for certain residential loans which can extend up to ten years). The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined monthly by the Plan administrator. Interest rates on outstanding loans range from 4.25% to 6.75% at December 31, 2014. Principal and interest are paid ratably through weekly payroll deductions.

Investment Options

Investments are held within various investment funds offered and maintained by Fidelity Management Trust Company. Contributions to the Plan are invested, at the discretion of the participant, in one or a combination of available investment fund options.

Forfeited Accounts

At December 31, 2014 and 2013, forfeited non-vested accounts totaled $206,258 and $194,035, respectively. These amounts are used to reduce future employer contributions and pay certain administrative expenses. Employer contributions were reduced through the use of forfeitures by $119,558 and $55,551, in 2014 and 2013, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such change could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Investment expenses incurred in connection with the purchase or sale of securities are charged against the investment funds whose assets are involved in such transactions. Certain administrative costs of the Plan are paid by the Plan Sponsor but reimbursed by the Plan and allocated to participant accounts based upon account balances. These administrative expenses amounted to approximately $136,000 and $164,000 for the years ended December 31, 2014 and 2013, respectively. All other expenses relating to participant transactions are deducted from those participant accounts as transactions occur.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses (Continued)
The Plan's recordkeeper offers the Plan a revenue credit program that reimburses amounts equal to the excess of plan service recordkeeping and investment revenue with agreed upon compensation. Amounts reimbursed may include investment fees that are included within net appreciation in fair value of investments. Therefore, at times, the amount received can exceed the amount paid for administrative expenses. In the event that amounts received exceed administrative expenses, such amounts will be used for future administrative expenses. The amounts received by the Plan for the years ended December 31, 2014 and 2013 totaled approximately $204,000 and $169,000, respectively, and are netted with administrative expenses.

Fair Value Measurement - Definition and Hierarchy
Financial Accounting Standards Board (FASB) *Accounting Standard Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- *Level 1*: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

- *Level 2*: Inputs to the valuation methodology include:

    - quoted prices for similar assets or liabilities in active markets;
    - quoted prices for identical or similar assets or liabilities in inactive markets;
    - inputs other than quoted prices that are observable for the asset or liability;
    - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

    If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- *Level 3*: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

A description of where the Plan's investments fall within the ASC 820 hierarchy is provided in Note 3. There were no transfers between levels of the fair value hierarchy during 2014 or 2013.

Use of Estimates
The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

3. FAIR VALUE MEASUREMENTS

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

- *Mutual funds*: valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

- *Common collective trust fund*: consists primarily of fully benefit-responsive contracts and is included in the financial statements at contract value, which represents contributions made under the contracts, plus earnings, less withdrawals and administrative expenses. The fair value is determined by the issuer of the funds based on the fair market value of the underlying investments and is adjusted by the issuer to contract value. Fair value of these stable value funds are captured at the fund level. The Plan's investment balance for these funds is calculated as a percentage of the total value of the pooled investment.

- *Self-directed brokerage accounts*: valued at the aggregate value of the investments held. Money market accounts are valued at cost plus accrued interest. Mutual funds are valued at the daily closing price as reported by the fund. Corporate stocks are valued at closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2014 and 2013:

The Plan has an investment in Fidelity Managed Income Portfolio (common collective trust fund) (the "Portfolio"). The Portfolio objective is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. To achieve its investment objective, the Portfolio invests in assets (typically fixed-income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements), enters into "wrap" contracts issued by third-parties, and invests in cash equivalents represented by shares in money market funds.

4. INVESTMENTS

	2014	2013

Self-directed brokerage accounts:		
Mutual funds	18,853	110,018
Corporate stocks	21,249	373,168
	$ 2,080,122	$ 48,908,240

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Management Trust Company, who acts as trustee as defined by the Plan and, therefore, transactions qualify as party-in-interest transactions.

In addition, the Plan issues notes receivable to participants, which are secured by the balances in the participants' accounts. Therefore, these related transactions qualify as party-in-interest transactions.

6. INCOME TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service dated May 20, 2009, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the IRC), and therefore, the related trust is exempt from taxation. Subsequent to this determination by the Internal Revenue Service, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator and the Plan's tax counsel believe that the Plan is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt.

6. INCOME TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the employers have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:
