We were engaged to audit the accompanying financial statements of Realty Services Corp. 401(k) Benefit Plan (the Plan), which comprise the Statements of Net Assets Available for Plan Benefits as of December 31, 2014 and 2013, the related Statement of Changes in Net Assets Available for Plan Benefits for the Year Ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Voya Institutional Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the Trustee as of December 31, 2014 and 2013, and for the year ended December 31, 2014, that the information provided to the plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2014, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with the Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Plan Description

The following description of Realty Services Corp. 401(k) Benefit Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

a. General

The Plan, as amended and restated, effective September 8, 2009, is a defined contribution plan, which includes a qualified cash or deferred arrangement as described in Section 401(k) of the Internal Revenue Code (IRC). The Plan covers all permanent, part-time and full-time employees of Realty Services Corp. (the Company) that have completed one year of service and are at least 21 years old. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. Contributions

Each participant may elect to contribute a percentage of his or her compensation to the Plan, as defined in the plan document and allowed by law. The Plan permits the Company to make discretionary matching contributions to participants' accounts. During 2014, the Company made matching contributions of 50 percent of participant deferrals up to 5 percent of compensation, or $133,052.

c. Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contribution and the Plan's earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Participants vest 20 percent after their first two years of service, increasing 20 percent per year until they are 100 percent vested after six years of service.

e. Distribution of Benefits

Upon termination of employment due to termination of service, death, disability, or retirement, participants may elect to receive the value of their vested account balance in a lump-sum distribution or annuity.

f. Forfeited Accounts

Forfeitures are used to pay plan expenses and reduce future company contributions. Forfeitures of $1,656 were included in net assets available for plan benefits as of December 31, 2014. During 2014, forfeitures totaling $1,088 were used to pay plan expenses.

g. Notes Receivable from Participants

Participants may borrow the lesser of $50,000 (reduced by the participant's highest outstanding loan balance during the 12-month period ending on the date of the loan) or 50 percent of their vested account balance with a minimum loan amount of $1,000. Loan terms range up to five years, but may be extended if the proceeds are to be used for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest rates of 4.25 to 6.00 percent. Principal and interest are paid ratably through payroll deductions.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attributable for that portion of the net assets available for benefits of a defined contribution plan attributed to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Plan Benefits typically present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value; however, contract value closely approximates fair value for investment contracts held by the Plan and, therefore, the adjustment from fair value to contract value is not presented. The Statement of Changes in Net Assets Available for Plan Benefits is prepared on a contract value basis.

b. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d. Net Appreciation in Fair Value of Investments

Realized gains and losses on investments are based on the market value of the asset at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day the investments are sold during the year. Unrealized gains and losses on investments are based on the market value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value at the end of the year. Net realized and unrealized appreciation in fair value of investments is reflected in the accompanying Statement of Changes in Net Assets Available for Plan Benefits.

e. Payment of Benefits

Benefits are recorded when paid.

f. Administrative Expenses

Certain administrative expenses incidental to the administration of the Plan, including fees of the administrative agent and independent public accountants, may be paid by the Plan. The Company, at its discretion, decided to pay for certain of these administrative expenses on behalf of the Plan. Most investment options have management fees, which reduce the overall return on assets. The net realized and unrealized appreciation in fair value of investments is reflected net of these fees.

g. Subsequent Events

The Plan has evaluated the subsequent events through July 29, 2015, the date the financial statements were available to be issued.

h. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

3. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

4. Investments

The following presents investments that represent five percent or more of the Plan's net assets at December 31, 2014 and 2013.

	2014	2013
Vanguard Target Retirement 2020 Fund - Investor Shares	$ 1,538,244	$ -

MFS Value Fund	-	687,610
American Funds American Balanced Fund R3	-	626,785
ING VP Money Market	-	597,364

During 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $264,429 as follows:

Registered investment companies	$ 256,236
Common stock	8,193
	$ 264,429

5. Fair Value Measurement

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

5. Fair Value Measurement (Continued)

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Guaranteed investment contract: Valued at fair value by discounting the related cash flows by a risk-adjusted discount rate (see Note 2a).

Registered investment companies: Valued at the net asset value of shares held by the Plan at year-end.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Fair Value Measurement (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013.

	Guaranteed investment contract
Balance, beginning of year	$ -
Purchases	57,269
Balance, end of year	$ 57,269

5. Fair Value Measurement (Continued)

The following table presents information about significant unobservable inputs related to the Plan's investment in assets categorized as level 3 in the FASB ASC 820 fair value hierarchy at December 31, 2014.

Significant Unobservable Inputs Related to Level 3 Assets at December 31, 2014

Type	Fair value	Valuation technique	Significant unobservable inputs	Range
Guaranteed investment contract	$57,269	Discounted cash flow	Risk-adjusted discount rate	0.84%
			Standard credited rate for contract (1)	1.00%
			Mean expected term	5 years
			Surrender value percentage (2)	0%

(1) The median declared interest rate communicated monthly for the class of contract (with a floor equal to the contract minimum crediting rate of 1%).

(2) The percentage of the investment's value that would be paid out using the contract's market value formula upon surrender. The remainder would be paid out at contract value. The percentage is determined by the number of contract years completed by the Plan based on a five-year graded schedule. The percentage impacts the amount realizable by the Plan upon surrender of the contract and, therefore, the exit price.

The Custodian develops an estimate of fair value for the level 3 investments and provides information on the assumptions underlying the estimate as well as information regarding the unobservable inputs used in the valuation process. The plan administrator reviews information provided by the Custodian on an annual basis and considers whether any additional adjustments are necessary. As of December 31, 2014, the plan administrator used the Custodian's fair value estimates without adjustment.

6. Investment Contract with Insurance Company

The Plan holds a benefit-responsive investment contract with Voya Retirement Insurance and Annuity Company (Voya). Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

6. Investment Contract with Insurance Company (Continued)

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is reset annually, with a guaranteed minimum annual rate of one percent.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

	2014
Average yield	0.84%
Crediting interest rate, as of December 31	1.00%

7. Summary of Unaudited Information

The Trustee of the Plan certified certain information, which was not audited in accordance with the plan administrator's instructions and as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Information certified by the Trustee consists of the following:

- Fair value of investments and the carrying amount of notes receivable from participants as reflected in the Statements of Net Assets Available for Plan Benefits as of December 31, 2014 and 2013.
- Investment income and interest income on notes receivable from participants as reflected in the Statement of Changes in Net Assets Available for Plan Benefits for the Year Ended December 31, 2014.
- Investment information as reflected in Notes 4 and 5 to these financial statements.
- Investment information reflected in the Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2014.

The Plan's independent public accountants did not perform auditing procedures with respect to the above information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

8. Tax Exempt Status

The Plan has adopted a volume submitter plan document that received a favorable opinion letter dated March 31, 2008, from the Internal Revenue Service (IRS). Although the Plan has been amended since then, the plan administrator believes the Plan has been operated in accordance with the applicable provisions of the IRC. The Company routinely self-reviews the administration of the Plan and self-corrects any compliance issues in accordance with the Employee Plan Compliance Resolution System. Accordingly, the plan administrator believes that the Plan and related trust are designed in accordance with applicable sections of the IRC and, accordingly, are exempt from income taxes.

Accounting principles generally recognized in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for plan years ending on December 31, 2010, or prior.

9. Related Party Transactions

Voya Institutional Trust Company is the Trustee of the Plan and holds and manages investments. Transactions with Voya Institutional Trust Company are party-in-interest transactions, as defined by ERISA.

10. Plan Termination

The Company has the right under the plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

11. Excess Contributions Payable

At December 31, 2014, a liability of $11,588 was recorded for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the IRS.
