1. PLAN DESCRIPTION

The following description of the Wetzel's Pretzels LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan. It was established by Wetzel's Pretzels LLC (the "Employer" or "Sponsor") effective January 1, 2008, and covers all employees not covered by other benefit plans under collective bargaining agreements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

Employees become eligible to participate in the Plan after six months of service and attaining the age of 18 for elective deferrals and matching contributions and after one year of service and attaining the age of 21 for profit-sharing contributions. The Plan offers enrollment on the first day of the following month after the employee has met the age and service requirements.

Employee Contributions

Employees who elect to participate in the Plan may contribute up to 100% of their pre-tax compensation, as defined in the Plan, subject to the maximum dollar amount allowed under Section 404(a) of the Internal Revenue Code (the "Code"). The maximum contribution allowed was $17,500 for 2014. Participants over age 50 can defer an additional amount in excess of the dollar limit in the Code. For the 2014 plan year, the maximum catch-up contribution was $5,500.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's directions and the Plan's provisions.

Employer Matching Contributions

The Plan provides Employer nondiscretionary matching of 100% of all employee contributions up to 3% of wages and 50% up to 5% of wages.

1. PLAN DESCRIPTION (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, Employer matching contributions, and allocation of Plan earnings and losses. Allocations are based on participants' earnings and account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Withdrawals

The Internal Revenue Service ("IRS") places certain restrictions on withdrawals in order to retain the special tax-saving benefits associated with the Plan. The Plan allows withdrawals at retirement, disability, and separation of service or upon death. Other withdrawals are available only in cases of immediate and heavy financial hardship subject to IRS regulations.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow from their account balances, provided that the loan does not exceed 95% of one-half of their vested account balance or $50,000. The loans are secured by the balance in the participant's account and bear annual interest at the prime rate plus 1%. The interest rate on borrowings was 4.25% per annum as of December 31, 2014. The repayment term is 54 months or less, or up to 20 years for the purchase of a primary residence, paid ratably through payroll deductions. Interest income on notes receivable from participants is recorded when it is earned. Interest income earned on notes receivable from participants was $1,055 for the year ended December 31, 2014.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions in any of twenty-six mutual funds. Among these investment options is a guaranteed portfolio fund which provides a guarantee of principal and a guaranteed quarterly interest rate.

Participants may change their investment options at any time.

1. PLAN DESCRIPTION (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contributions are based on years of service according to the following schedule:

Years of Service	Vested Percentage
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Benefit Payments

Upon termination, retirement, death or permanent disability, the full vested value of the participant's account is paid in cash in one lump sum or upon the request of the employee; the account may be directly rolled-over to another qualified account. In the event of a participant's death, payment of the value of the participant's account is made to their beneficiary in cash, in one lump sum or in installments.

Forfeitures

Forfeitures result from termination of employment before full vesting has occurred. Forfeitures may be allocated to other participants, used to defray the administrative expenses of the Plan, or considered as part of the Employer's contribution as permitted by the Plan. Total forfeitures for the year ended December 31, 2014 were $0.

Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

Plan Amendments

There were no amendments to the Plan during the year ended December 31, 2014.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on an accrual basis and in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Revenue Recognition

Investments in mutual funds are stated at fair value, which is based on quoted market prices for the mutual fund. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Investment Valuation and Income Recognition (continued)

Investments in money market funds are valued at original cost plus accrued interest, which is equivalent to fair value.

The average yield earned by the Plan was 2.72% for the year ended December 31, 2014 and 12.75% for the year ended December 31, 2013.

Net depreciation in the value of investments includes realized and unrealized gains and losses on investments sold or held during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Plan Administrative Expenses

Substantially all of the administrative expenses of the Plan are paid by the Employer.

Payment of Benefits

Benefits are recorded when paid. During the year ended December 31, 2014 there were $202,150 benefits paid to participants.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Subsequent Events

The Plan has evaluated subsequent events through September 1, 2015, the date the financial statements were available to be issued.

Effective January 1, 2015, the Plan was amended to change the participant's eligibility from 18 years of age to 21 years of age.

Recent Accounting Pronouncement

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, *Plan Accounting: Defined Benefit Pension Plans, Topic 960; Defined Contribution Plans, Topic 962; and Health and Welfare Benefit Plans, Topic 965: Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. The following is a summary of the revised guidance contained in ASU 2015-12:

Part 1 amendments designate contract value as the only required measure for fully benefit-responsive investment contracts; Part II amendments eliminate the requirement that plans disclose: (a) individual investments that represent 5 percent or more of net assets available for benefits; and (b) the net appreciation or depreciation for investments by general type requirements for both participant-directed investments and nonparticipant-directed investments. Part III amendments provide a practical expedient to permit plans to measure investments and investment-related accounts (e.g., a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The amendments are effective for all plan years beginning after December 15, 2015. Earlier application of any or all of the three parts is permitted. The amendments in Part I and Part II should be applied retrospectively for all financial statements presented, and the amendments in Part III should be applied prospectively. This ASU should not change the Plan's total net assets available for benefits; however, it may affect the presentation of the financial statements and the information contained in the disclosures. Management is currently reviewing the full impact of these amendments and does not expect it to have a significant effect on the Plan's financial statement presentation.

3. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

4. INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The Plan committee has elected the method of compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, as permitted under such election, information regarding investments and the net appreciation in fair value of investments as shown in the accompanying financial statements and Schedule of Assets (Held at End of Year), has been certified by Mid Atlantic Trust Company (the "Trustee"), as of December 31, 2014 and 2013 and for the year ended December 31, 2014 as being complete and accurate.

Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA states, in part, that any statement of information prepared and certified by the Trustee need not be audited or reported on by an independent public accountant. Pursuant to that regulation, the Plan Sponsor has instructed its independent public accountants, Squar Milner LLP, not to perform any auditing procedures with respect to information certified by the Trustee as of December 31, 2014 and 2013, and for the year ended December 31, 2014.

The following information, which was derived from investment information certified by the Trustee, presents investments that represent five percent or more of the Plan's net assets available for benefits at December 31, 2014 and 2013:

	2014	2013
BlackRock Ready Assets Prime Money	$ 658,628	$ 752,752
BlackRock Global Allocation FD Inc.	$ 415,132	$ 325,870
Alger Cap Appreciation Fund	$ 322,378	$ 281,697
Loomis Sayles Strategic Income Fund	$ 203,205	$ 197,737
BlackRock Equity Dividend FD R	$ 197,149	$ 160,590
Oppenheimer Developing Markets	$ 126,893	$ *
BlackRock S&P 500 Stock	$ *	$ 160,203

**Represents less than five percent of net assets.*

5. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures* ("ASC 820") establishes a framework for measuring fair value. That framework provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

5. FAIR VALUE MEASUREMENTS (continued)

- Level 1 – Inputs to the valuation methodology are based on unadjusted quoted market prices for identical assets or liabilities in an active market that the Plan has the ability to access.
- Level 2 – the valuation methodology includes:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 – Inputs to the valuation methodology include prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The valuation levels are not necessarily an indication of the risk or liquidity associated with the underlying investments.

The following table sets forth the Plan's assets at fair value by level within the valuation hierarchy as of December 31, 2014 and 2013:

	Assets at Fair Value as of December 31, 2014			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 1,769,901	$ –	$ –	$ 1,769,901
Guaranteed portfolio fund	–	658,628	–	658,628
Total investments	$ 1,769,901	$ 658,628	$ –	$ 2,428,529

5. FAIR VALUE MEASUREMENTS (continued)

	Assets at Fair Value as of December 31, 2013			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 1,547,020	$ –	$ –	$ 1,547,020
Guaranteed portfolio fund	–	752,752	–	752,752
Total investments	$ 1,547,020	$ 752,752	$ –	$ 2,299,772

During the years ended December 31, 2014 and 2013, there were no investment transfers between Level 1 and Level 2 or in or out of Level 3. There were no changes in methodologies used to determine fair value at December 31, 2014 and 2013.

6. TAX STATUS

The Employer believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Code and the related trust continues to be tax-exempt as of December 31, 2014. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Employer has adopted a standardized volume submitter plan. As such, the Plan can rely on the IRS letter issued to the volume submitter sponsor which states that the form of the Plan meets the qualification requirements of the Internal Revenue Code and any employer following the terms of the adoption agreement will be deemed to have received a favorable determination letter. Additionally, although the Plan has been amended since adoption, the Plan's administrator believes that the Plan is designed and is currently operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions and the Plan could be subject to income tax if certain issues were found by the IRS that could result in the disqualification of the Plan's tax-exempt status; however, there are currently no audits for any tax periods in progress. The standard statute length for open years is three years and four years for federal and state, respectively.

7. PARTY-IN-INTEREST AND REPORTABLE TRANSACTIONS

The Custodian is a party-in-interest as defined by ERISA. The Custodian invests certain Plan assets in its investment funds. Transactions between the Plan and either the Company or the Custodian qualify as party-in-interest transactions permitted by DOL regulations. Certain Plan investments are shares of mutual funds managed by Mid Atlantic Trust Company. Mid Atlantic Trust Company is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative expenses totaled $1,090 for the year ended December 31, 2014. The Plan sponsor is paying a significant portion of the Plan's administrative costs.

Reportable transactions are transactions in excess of five percent of Plan assets, as defined under ERISA. Since the Plan is entirely participant-directed, there were no occurrences of reportable transactions required to be reported in a supplemental schedule for the Plan during the year ended December 31, 2014.

8. RECONCILIATION TO FORM 5500

There were no reconciling items between net assets available for benefits or changes in net assets available for benefits per the financial statements and Form 5500 as filed by the Plan as of December 31, 2014 and 2013, and for the year ended December 31, 2014.
