LEGACY HEALTH SERVICES 401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2014 AND 2013

1. Description of the Plan:

The following description of Legacy Health Services 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan, established September 1, 1993, is a defined contribution plan with a 401(k) feature which covers all employees of DMD Management, Inc. (dba Legacy Health Services) and affiliated entities (collectively the "Company") who meet the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan including determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Contributions:

Participants may elect to contribute a percentage of their compensation into the Plan on a pre-tax basis. The amount participants can contribute on an annual basis is limited to the amount set by the Internal Revenue Service. These amounts are immediately 100% vested. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The employers match 25% of employee elective deferrals limited to 4% of the employee's eligible compensation.

Contributions received from participants for 2014 and 2013 are net of payments of \$3,216 and \$17,668 made in March 2015 and March 2014, respectively, to certain active participants to return excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. These amounts are included in the Plan's statements of net assets available for benefits as excess contributions payable at December 31, 2014 and 2013.

Vesting:

Participants are immediately vested in their pre-tax contributions plus earnings thereon. Participants vest in their matching contributions in accordance to the following schedule:

<u>Periods of Service</u>	<u>Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures of nonvested accounts may be used to pay Plan expenses and any forfeitures not used by the Plan will be used to reduce future employer contributions. Forfeitures totaling \$1,878 in 2014 and \$7,504 in 2013 were used to reduce employer matching contributions. Unallocated forfeited accounts amounted to \$6,561 at December 31, 2014 and \$1,124 at December 31, 2013.

LEGACY HEALTH SERVICES 401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2014 AND 2013

1. Description of the Plan (continued):

Participant accounts:

Separate accounts for each participant are maintained by the trustee (custodian). Income is allocated to participant accounts based on participant account balances and the earnings of the fund.

Participants may direct their contributions, including the employer portion into any combination of 31 (32 in 2013) investment funds.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates and assumptions.

Investment valuation and income recognition:

The Plan's investments are stated at fair value based on net asset values at December 31, 2014 and 2013. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits:

Participants may elect to withdraw a specified portion of their contributions prior to their termination of employment subject to certain restrictions under the Plan. If participants suffer serious financial hardship, as defined by the Plan, they may withdraw a portion of their vested account in order to meet their financial needs. Once participants attain age 59-1/2, they may also elect to withdraw from their account, any amount not to exceed their vested portion. All accounts are subject to distribution upon the participant's termination, retirement, total disability or death.

YEARS ENDED DECEMBER 31, 2014 AND 2013

2. Summary of significant accounting policies (continued):

Payment of benefits (continued):

On termination of service for any other reason than death, the participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest or an annuity over the life of the participant or the joint lives of the participant and a designated individual.

Expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation in value of investments.

3. Investments:

The following table presents the value of participant-directed investments at December 31, 2014 and 2013. Investments that represent 5% or more of the Plan's net assets in either year are separately identified.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2014 AND 2013

3. Investments (continued):

The Plan's investments (including investments bought, sold, and held during the year) decreased in value by \$255,832 in 2014 and increased in value by \$1,873,675 in 2013 as follows:

	<u>2014</u>	<u>2013</u>
Mutual funds	\$ (258,891)	\$ 1,858,944
Guaranteed investment contracts	<u>3,059</u>	<u>14,751</u>
	<u>\$ (255,832)</u>	<u>\$ 1,873,695</u>

4. Fair value:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FAS ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability;

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

For mutual funds, fair value is based on the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The guaranteed investment contracts with Pacific Investment Metropolitan Company, LLC (PIMCO) in 2014 and PIMCO and Metropolitan Life Insurance Company (MetLife) in 2013 are not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contracts is determined by PIMCO and MetLife by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

5. Party-in-interest transactions:

Certain plan investments are managed by Fidelity. Fidelity is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest.

6. Information certified by custodian/trustee:

The financial information included in the Plan's financial statements have been derived from information certified as complete and accurate by Frontier, the custodian of the Plan, for the period January 1, 2013 through July 2, 2013 and Fidelity, the trustee of the Plan, for the period July 2, 2013 through December 31, 2014, in accordance with Section 2520.103-5 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.

7. Income tax status:

The Internal Revenue Service has ruled that the Plan qualifies under Section 401(a) of the Internal Revenue Code (IRC) and is therefore not subject to tax under present income tax law. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Prior to July 1, 2013, the Plan was an adoption of MetLife's prototype plan. MetLife's prototype Plan received a favorable determination letter from the Internal Revenue Service dated May 8, 2003. The Plan had been amended since receiving the determination letter.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2014 AND 2013

7. Income tax status (continued):

Effective July 1, 2013, the Plan is an adoption of Fidelity's volume submitter Plan. Fidelity's volume submitter plan received a favorable determination letter from the Internal Revenue Service dated March 31, 2008. The Plan has since been amended since receiving this letter.

Management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan believes it is no longer subject to income tax examinations for years prior to 2011.

8. Administrative expenses:

Administrative expenses of the Plan paid by the Company amounted to \$7,001 in 2014 and \$16,223 in 2013. Certain administrative functions are performed by employees of the Company. No such employee, nor the Company, receives compensation from the Plan.

9. Investment contracts:

The Plan was enrolled in a fully benefit-responsive investment contract with Metropolitan Life Insurance Company (MetLife) that ended in July 2013 and entered into a non-fully benefit-responsive investment contract with PIMCO in July 2013. MetLife and PIMCO maintain the contributions in separate accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limited the Plan's ability to transact at contract value with MetLife. Such events included the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA.

The guaranteed investment contracts do not permit the insurance company and trust company to terminate the agreement prior to the scheduled maturity date.

10. Plan termination:

The Company expects to continue the Plan but reserves the right at any time and within its sole discretion to reduce, suspend or discontinue contributions to the Plan or to terminate the Plan. In the event of termination, all affected participants will become 100% vested in their accounts.

11. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

12. Subsequent events:

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through August 5, 2015, the date the Plan's financial statements were available to be issued.
