Note 1. Description of Plan

The following description of the Direct Travel 401(k) Plan (the Plan) (formerly the VTS Travel Enterprises, Inc. 401(k) Plan), provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan sponsored by Direct Travel, Inc. (the Company or Plan Sponsor) covering substantially all eligible employees of VTS Travel Enterprises, Inc., Corporate Travel Management, LLC and Caldwell Travel, Inc., which are wholly owned subsidiaries of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective June 1, 2014, the Plan name was changed from the VTS Travel Enterprises, Inc. 401(k) Plan to the Direct Travel 401(k) Plan. On May 31, 2014, the Plan Sponsor approved the merger of the CTM 401(k) Plan into the Plan effective June 1, 2014.

Eligibility: Employees age 18 or older are eligible to become participants in the Plan after they have completed three months of service.

Contributions: Participants may elect to contribute, through payroll deductions, any amount up to the maximum percentage of eligible compensation, as defined by the Plan, or maximum limits as determined by Internal Revenue Service (IRS) regulations. Participants who have attained age 50 before the end of the Plan year are eligible to make a catch-up contribution. The Plan, at its discretion, will accept into participants' rollover accounts cash received by participants from a qualified plan within the time prescribed by applicable law (rollover contributions).

The Company may elect to make discretionary matching contributions on behalf of the employees based on a percentage of the employees' compensation, as determined by the board of directors. The Company may also elect to make discretionary profit-sharing contributions on behalf of the employees for a Plan year. For 2014, the Company match was 20% of the first 5% of the participant's contribution, up to a maximum of 1% of the participant's salary.

Payment of benefits: Upon reaching age 59½ or the termination of service due to death, disability or retirement, the participant or his or her beneficiary may elect to receive the value of his or her account. In accordance with the Plan provisions, participants may receive their participating interest in the following ways: (a) a lump sum equal to the value of their account or (b) substantially equal installments or (c) partial withdrawals. Hardship distributions are also permitted under the Plan agreement.

Vesting: Participants' accrued benefits derived from their contributions are immediately vested. The Company's contribution including earnings thereon, if any, vests based on the employees' years of completed service as follows:

Years of Service	Vested Percentage
Less than 1	0%
At least 1, but less than 2	50%
At least 2, but less than 3	75%
Greater than 3	100%

Participant accounts: Each participant's account is credited and debited with the participant's contributions and withdrawals, as applicable, and an allocation of (a) the Company's matching contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1. Description of Plan (Continued)

Promissory notes receivable from participants: Participants may borrow from their fund accounts from $500 up to a maximum equal to the lesser of $50,000 or 50% of the value of the vested portion of the participant's account balance. The maximum repayment terms are 5 years for general purpose loans and 30 years for principal residence loans. The amounts borrowed are transferred from the investment funds in which the participant's accounts are currently vested. The promissory notes bear interest at rates equal to the prime rate plus one percentage point. At November 30, 2014 and 2013, interest rates ranged from 4.25% to 8.50%, respectively.

Forfeited accounts: At November 30, 2014 and 2013, forfeited nonvested accounts totaled approximately $849 and $0, respectively.

Plan amendments: During the year ended November 30, 2014, the Plan was amended as follows:

- Effective May 31, 2014, the plan sponsor was changed from VTS Travel Enterprises, Inc. to Direct Travel, Inc.
- Effective June 1, 2014, the name of the Plan was changed from VTS Travel Enterprises, Inc. 401(k) Plan to Direct Travel 401(k) Plan.
- Effective June 1, 2014, the Plan was amended to approve the merger of the CTM 401(k) Plan into the Plan.
- Effective October 1, 2014, the Plan was amended to allow participation in the Plan by eligible employees of Caldwell Travel, Inc., which is a wholly owned subsidiary of the Company.

Except for the plan merger, none of these amendments adopted during 2014 had a significant effect on net assets of the Plan either individually or in the aggregate.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Payment of benefits: Benefit payments are recorded when paid.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Valuation of investment and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2. Summary of Significant Accounting Policies (Continued)

Promissory notes receivable from participants: Promissory notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as deemed distributions based upon the terms of the Plan agreement.

Expenses: Administrative expenses incurred by the Plan for audit fees are paid by the Plan. In addition, fees related to the processing of certain participant-directed transactions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Recent accounting pronouncements: The Plan reviews new accounting standards as issued. Certain of these accounting standards issued or effective after the end of the Plan's previous fiscal year may be applicable to the Plan. The Plan management is currently evaluating an impact of these standards on its financial statements.

Note 3. Information Certified or Provided by the Plan's Trustee

The Plan Administrator has obtained certification from its trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets at November 30, 2014 and 2013.

The following table presents the fair value of the investments in the Plan that was certified by Reliance Trust Company. Single investments representing more than 5% of the Plan's net assets as of November 30, 2014 and 2013, are separately identified.

	2014		2013

Promissory notes receivable from participants	$ 269,771		$ 161,767	

* Represented less than 5% of the Plan's net assets.

The Plan's investments are subject to market volatility and, accordingly, changes in market value may impact the financial statements.

Note 3. Information Certified or Provided by the Plan's Trustee (Continued)

Reliance Trust Company also certified to the completeness and accuracy of $284,223 of net appreciation in fair value of investments related to the money market fund and mutual funds, $206,228 of dividends and $8,005 of interest income from promissory notes receivable from participants for the year ended November 30, 2014.

Note 4. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 820, *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at November 30, 2014 and 2013.

Money market fund: Valued at amortized cost of the underlying money market investments that mature within a relatively short period. The carrying amount approximates fair value because the instrument is liquid in nature.

Mutual funds (registered investment companies): Assets primarily include mutual funds. Prices are obtained from readily available sources for market transactions involving identical assets or liabilities and these are classified as Level 1 investments.

Note 4. Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of November 30, 2014 and 2013:

	Assets at Fair Value as of November 30, 2014

Note 5. Plan Merger

Effective June 1, 2014, the Plan was amended to approve the merger of the CTM 401(k) Plan into the Plan. Affected participants became eligible to participate in the Plan, subject to the provisions of the Plan agreement. Total net assets from the CTM 401(k) Plan of $2,811,638 were transferred into the Plan effective June 1, 2014. The merger does not impact participant benefits as the benefit provisions were incorporated in the Plan.

Note 6. Tax Status

The Plan adopted a non-standardized form of a prototype plan sponsored by Automatic Data Processing (ADP). The prototype plan has received an opinion letter from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

The Plan Sponsor's management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustments to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements as of November 30, 2014 and 2013, and for the year ended November 30, 2014. With few exceptions, the Plan is no longer subject to income tax examinations by U.S. federal, state or local tax authorities for years before 2011.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. Upon such termination, all participants become 100% vested in their accounts.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Exempt Party-in-Interest Transactions

The Plan is administered by ADP Retirement Services as the recordkeeper and, accordingly, transactions with ADP Retirement Services qualify as party-in-interest transactions. For the year ended November 30, 2014, fees in the amount of $3,100 were paid to ADP Retirement Services for processing of certain participant-directed transactions.

Note 10. Subsequent Events

Subsequent to November 30, 2014, the Plan was amended to:

- Provide for the forced individual retirement account rollover distributions for terminated participants with account balances between $1,000 and $5,000;
- Allow participation in the Plan by eligible employees of Child Travel Services, Inc., Child Travel New York, Inc., and Hobson Travel, Inc., which are wholly owned subsidiaries of the Company;
- Exclude bonuses from Plan compensation;
- Approve the mergers of the Hurley Travel Experts, Inc. Profit Sharing Plan, Travel Management Destinations Management Group, Inc. 401(k) Plan and Suzi Davis Travel, Ltd. 401(k) Savings Plan & Trust into the Plan; and
- Change the vesting schedule for the Company's contributions, including earnings, as follows:

Years of Service	Vested Percentage
Less than 1 year	0%
1 year of service	25%
2 years of service	50%
3 years of service	75%
4 years of service	100%

The Plan Administrator has evaluated subsequent events through September 11, 2015, the date the financial statements were available to be issued.
