COECO OFFICE SYSTEMS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2014

1. DESCRIPTION OF PLAN:

The following description of the COECO Office Systems, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of COECO Office Systems, Inc. (the "Company") who meet the age and service requirements under the Plan. Employees become participants on the first day of the month following the completion of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by the Company. Branch Banking and Trust Company (the "Trustee") serves as the trustee of the Plan's assets.

Contributions

Each year, participants may contribute up to 100 percent of pre-tax compensation, as defined in the Plan, subject to the limits established by the Internal Revenue Service, and may also contribute amounts representing distributions from other qualified plans. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. The Company may make matching contributions, a profit sharing contribution, and a qualified non-elective contribution at its discretion.

Participants direct the investment of their contributions into various investment options offered by the Plan. Company contributions, if any, are allocated in the same manner as employee deferrals.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings and is charged with an allocation of administrative and fund expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

COECO OFFICE SYSTEMS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2014

1. DESCRIPTION OF PLAN: (Continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution to their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Notes Receivable from Participants

Under the terms of the Plan, participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or fifty percent of the account balance. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2014 excess contributions to the applicable participants prior to March 15, 2015.

Payment of Benefits

Benefits are paid upon retirement, death, disability, or termination of employment. Benefits are paid in a lump-sum amount that is equal to the value of the participant's vested interest in their account, less any outstanding loans. Participants may also obtain withdrawals by demonstrating a hardship as defined under the Plan, or upon attaining age 59 ½.

Forfeited Accounts

The forfeited non-vested portion of a terminated participant's account is used to reduce future Company contributions. Forfeitures totaled $8,156 and $20,235 as of December 31, 2014 and 2013, respectively. Also, in 2014, Company contributions were reduced by $20,235 from forfeited non-vested accounts.

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

Use of Estimates and Assumptions

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

A portion of administrative expenses incurred by the Plan are paid for by the Company and are not reflected in these financial statements.

Subsequent Events

The Plan has evaluated events and transactions that occurred between December 31, 2014 and August 24, 2015, which is the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

5. FAIR VALUE MEASUREMENTS:

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements.) The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Collective Trust Fund: Valued at the (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, issued as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than reported NAV. Participant transactions (purchases and sales) may occur daily. Were the plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

5. FAIR VALUE MEASUREMENTS: (Continued)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

	Assets at Fair Value as of December 31, 2014

6. PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments are shares of mutual funds managed by BB&T, the Plan's trustee. Some of the earnings of the Plan are generated by these funds. Fees and commissions paid by the Plan for administrative, recordkeeping, and investment management services amounted to $43,046 and $43,934 for the years ended December 31, 2014 and 2013, respectively. The trustee also functions as the administrator of the Plan. The Company provides limited administrative services to the Plan at no cost. These transactions qualify as party-in-interest transactions.

7. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

8. INCOME TAX STATUS:

The Company adopted the amended and restated Branch Banking and Trust Company Defined Contribution Prototype Plan and Trust (non-standardized plan) effective April 1, 2002. The prototype plan obtained its latest opinion letter on March 31, 2008, in which the Internal Revenue Service stated that the form of the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the advisory opinion letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been recorded in the Plan's financial statements.

8. **INCOME TAX STATUS:** (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or the North Carolina Department of Revenue. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. **RISKS AND UNCERTAINTIES:**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
