NOTE 1: DESCRIPTION OF THE PLAN

The following description of the Tanner Construction Company 401(K) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a participant directed, defined contribution plan covering all employees of Tanner Construction Company (the “Company”) meeting the service requirements of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may make contributions to the Plan in the form of salary reductions subject to a maximum dollar limitation as determined by the Internal Revenue Service. Participants direct the investment of their contributions into various investment options offered by the Plan. Employer contributions are discretionary. Employer discretionary contributions are allocated based upon compensation of the participants and may vary for certain employees in order to meet special tests prescribed by law. No employer discretionary contribution was made in the years ending November 30, 2014 and 2013.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution and, (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their salary reduction contributions plus actual earnings thereon. The vesting of the employer discretionary contributions and earnings thereon is based on twenty percent per year after one year of employment. Participants therefore become fully vested after six years of employment. There were no forfeitures for the years ending November 30, 2014 and 2013.

Notes Receivable from Participants

The Plan does not allow participant loans.

NOTE 1: DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account or installment payments over a period not to exceed the life expectancy of the participant or his or her designated beneficiary. All benefits are recorded when paid.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are prepared under the accrual method of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

The Plan provides for various investment options in several investment securities and instruments. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks and values in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

In connection with the preparation of the financial statements, management of the Company evaluated subsequent events through September 10, 2015, which is the date the financial statements were available to be issued.

Investment Valuation and Income Recognition

Under the terms of trust agreements between BancorpSouth Bank and the Plan, the trustee has been granted discretionary authority over purchases and sales of investments within each fund. Contributions are invested in various investment funds, in such proportions as the participant directs. All Plan investments are stated at fair value, as determined by the Plan trustee, in order to reflect the current values of assets available for plan benefits. Fair values for all investments were determined by closing prices for securities traded in active markets and thus valued using Level 1 inputs.

Cash and Cash Equivalents

The Plan considers all highly liquid investments with maturity of three months or less when purchased to be cash equivalents.

**Tanner Construction Company
401(K) Profit Sharing Plan
Notes to Financial Statements**

NOTE 2: SUMMARY OF ACCOUNTING POLICIES (Continued)

Fair Value Measurements

The Plan utilizes a fair value hierarchy which maximizes the use of observable inputs and minimizes the use of unobservable inputs when measuring fair value. Three levels of inputs are used to measure fair value:

- Level 1** Valuations based on unadjusted quoted prices for identical assets in active markets accessible at the measurement date.
- Level 2** Valuations derived for similar assets in active markets, or other inputs that are observable or can be corroborated by market data.
- Level 3** Valuations derived from unobservable (supported by little or no market activity) inputs that reflect an entity's best estimate of what hypothetical market participants would use to determine a transaction price at the reporting date.

When quoted market prices in active markets are unavailable, the Plan determines fair values using various valuation techniques and models based on a range of observable market inputs including pricing models, quoted market price of publicly traded securities with similar duration and yield, time value, yield curve, prepayment speeds, default rates and discounted cash flow. In most cases, these estimates are determined based on independent third party valuation information, and the amounts are disclosed in Level 2 of the fair value hierarchy. If quoted market prices and independent third party valuation information are unavailable, the Plan produces an estimate of fair value based on internally developed valuation techniques, which, depending on the level of observable market inputs, will render the fair value estimate as Level 2 or Level 3. On occasions when pricing service data is unavailable, the Plan may rely on bid/ask spreads from dealers in determining fair value. The Plan generally obtains one quoted market price or dealer quote per instrument. When dealer quotations are used, the Plan uses the mid-mark as fair value.

NOTE 3: INVESTMENT SECURITIES

Investments of the Plan are held by a broker-administered trust fund. The following presents investments that represent 5 percent or more of the Plan's net assets:

<i>November 30,</i>	2014	2013
Mutual Funds:		
Fidelity Advisor New Insight	\$ 94,075	\$ 109,144

Pioneer Strategic Income Fund	47,312	-
Vanguard Bond Index	-	48,041
G/S Financial Square Govt Money Market	61,150	71,461

During the years ended November 30, 2014 and 2013, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$31,311 and \$108,421, respectively.

NOTE 4: INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

BancorpSouth Bank serves as the trustee of the Plan. The trustee has certified as to the accuracy and completeness of the information included in the accompanying financial statements and supplemental schedule as follows:

- A. Investments, at fair value and related income and expenses
- B. Dividends and interest receivable
- C. Assets held for investment
- D. Investment purchases and sales

NOTE 5: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 6: INCOME TAX STATUS

The Plan adopted is a prototype plan which meets the requirement of Section 401 of the Internal Revenue Service code and is exempt from taxation. The Plan obtained its latest determination letter on August 7, 2001, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Plan management believes the Plan is no longer subject to income tax examinations for tax returns filed for years prior to 2011.
