Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Wolverine Hourly Pension Plan (the Plan), which comprise the statements of net assets available for benefits as of November 30, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Comerica Bank, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of November 30, 2014 and 2013, and for the years then ended, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

WOLVERINE HOURLY PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
November 30, 2014 and 2013

Note 1—Description of the plan

The following description of the Wolverine Hourly Pension Plan (the Plan) provides only general information. Participants should refer to the individual Plan documents for more complete information.

General

The Plan is a defined benefit plan covering eligible employees of Wolverine Advanced Materials, LLC (Plan Sponsor), a former subsidiary of EP Management Corporation (fka EaglePicher Corporation) (the Former Plan Sponsor). In 2010, Wolverine Advanced Materials, LLC, became the Plan Sponsor. The Plan covers the active hourly employees of Wolverine Advanced Materials, LLC, as well as the former employees and retirees of Wolverine Gasket Division of EaglePicher Inc and Wolverine Gasket and Manufacturing Co.

Eligibility

Hourly employees at the Blacksburg, Virginia plant hired prior to December 1, 2006 were eligible to participate on the date that the employee first performed an hour of service. Hourly employees at the Blacksburg, Virginia plant hired after December 1, 2006 are not eligible to participate in the Plan.

Beginning December 1, 2006, hourly employees at the Leesburg, Florida plant were eligible to participate on the date that the employee first performed an hour of service. Hourly employees at the Leesburg, Florida plant hired after January 1, 2007 are not eligible to participate in the Plan.

Vesting

Prior to December 1, 2008, participants in the Plan became vested upon completion of 5 years of vesting service or reaching normal retirement age (age 65). Effective December 1, 2008, in accordance with the provisions of the Pension Protection Act, participants that are receiving benefits in the Plan under a cash balance formula become vested upon completion of 3 years of vesting service.

Benefits

As of December 1, 2006, each participant was credited with years of benefit service earned under the EaglePicher Hourly Plan in effect as of November 30, 2006. Effective December 1, 2006, each participant is credited with monthly benefits based on continued employment with Wolverine Advanced Materials, LLC. Benefits are recorded when paid.

Specific benefits for each significant employee group are as follows:

Wolverine Plant, Blacksburg, Virginia – Active

An active participant was hired prior to September 1, 2006 and is currently employed by the Plan Sponsor and credited with years of vesting service. Active employees accrue benefits by multiplying years of service by a benefit rate specified in the Plan. Hourly employees hired on or after September 1, 2006 are not eligible for benefits under the Plan.

Note 1—Description of the plan—continued

Benefits—continued

Wolverine Plant, Leesburg, Florida – Active

Active participants are hourly employees hired prior to January 1, 2007. Active participants accrued benefits prior to January 1, 2004, by multiplying years of service by a benefit rate specified in the Plan. Effective January 1, 2004, the benefit for active employees was amended to provide retirement benefits using a cash balance formula on a prospective basis for most groups. Under the cash balance formula, participant benefits grow as an “account” each year based on contribution credits and interest credits. For most participants who were changed to the cash balance formula, annual contribution credits are equal to \$700 and interest credits are based on the average 10-year U.S. Treasury rate for the month of November of the previous year, determined using the value of each participant’s cash balance at the beginning of the year. Hourly employees at the Leesburg, Florida plant who were hired on or after January 1, 2007 are not eligible to participate in the Plan.

Wolverine Plant, Inkster, Michigan – Inactive

Inactive participants are no longer employed by the Plan Sponsor, but have a vested benefit in the Plan. Inactive participants accrued benefits prior to January 1, 2004, by multiplying years of service by a benefit rate specified in the Plan. Effective January 1, 2004, the benefit for active employees was terminated due to the closing of this location.

Effective January 2014, the Plan was frozen for the accrual of additional benefits to participants. Participants will be entitled to their frozen accrued benefit and the cash balance benefit upon retirement. Benefit payments are recorded when paid.

Note 2—Significant accounting policies

Basis of accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that the changes in the values of investment securities will occur in a near term that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

Note 2—Significant accounting policies—continued

Investment valuation

The Plan's investments are presented at fair value. In instances where quoted market prices are not available, the fair value of investments is estimated primarily by independent investment brokerage firms and insurance companies. Purchases and sales of investment securities are recorded on a trade-date basis. Appreciation includes that Plan's gains and losses on investments bought and sold as well as held during the year.

Prepaid benefits paid directly to participants

As of November 30, 2013, the Plan made payments to participants for the following year prior to year end for administrative reasons. The total amount of prepaid benefits paid directly to participants was \$72,159. As of November 30, 2014, the Plan had made no prepayments for the following year prior to year end.

Actuarial present value of accumulated plan benefits

Accumulated plan benefits are those future periodic payments, including lump sum distributions that are attributable under the Plan's provisions for the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (1) retired or terminated participants or their beneficiaries, (2) beneficiaries of participants who have died, and (3) present participants or their beneficiaries.

Benefits under the Plan are described in Note 1, and accumulated plan benefits under all circumstances are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an independent actuary, and is that amount which results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money, and the probability of payment between the valuation date and the expected date of payment.

The significant assumptions used in the valuations as of December 1, 2013 and 2012 presented in Note 6 were:

- Interest rate: 2013 and 2012 – 6.75%
- Life expectancy of participants for 2013 and 2012:
 - Mortality tables mandated by PPA as specified in IRS Regulation 1.430(h)(3)-1, applied on a static basis, projected 7 years from the valuation date for annuitants and 15 years for non-annuitants.
- Average retirement age: 2013 and 2012 – 65 for active 67 for terminated and vested

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Subsequent events

The Plan has evaluated all subsequent events through September 14, 2015, the date that the financial statements were available to be issued.

Note 3—Investments

All investment information as of and for the years ending November 30, 2014 and 2013 disclosed in the accompanying financial statements, including investments held at November 30, 2014 and 2013, interest and dividends and net appreciation in fair value of the investments and investment fees and expenses for the years ended November 30, 2014 and 2013, were obtained or derived from information supplied by the Plan Administrator and certified as complete and accurate by the Trustee, Comerica Bank as of and for the years ended November 30, 2014 and 2013. Such information has not been examined by independent auditors.

Note 4—Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification Topic, Fair Value Measurement, are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- a. Quoted prices for similar assets or liabilities in active markets;
- b. Quoted prices for identical or similar assets or liabilities in inactive markets;
- c. Inputs other than quoted prices that are observable for the asset or liability;
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

WOLVERINE HOURLY PENSION PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
November 30, 2014 and 2013

Note 4—Fair value measurements-continued

Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value by the Plan. There have been no changes in the methodologies used at November 30, 2014.

Mutual Funds/Money Market – valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year end. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Common/Collective Trust Fund – valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5—Funding policy

Contributions to provide benefits under the Plan are made solely by the Plan Sponsor. The Plan Sponsor has agreed to make contributions to the Plan sufficient to provide the Plan with assets to ensure it meets the minimum funding requirements of ERISA. The Plan Sponsor made contributions at least equal to the minimum funding requirements of ERISA for the years ended November 30, 2014 and 2013.

Total accumulated benefits, end of year	<u>\$ 11,751,930</u>	<u>\$ 11,432,346</u>

Note 7—Administrative fees and expenses

Fees and expenses of the Trustee paid for by the Plan, in addition to other allowable pension administrative expenses, qualify as party-in-interest transactions. Expenses paid by the Plan are direct expenses for administration of the Plan. All other expenses and costs of administering the Plan are paid for by the Plan Sponsor.

Total administrative fees and expenses paid by the Plan are as follows:

	2014	2013
Investment advisory and management fees	\$ 15,954	\$ 4,207
Professional fees	187,164	190,656
Trustee fees	11,314	10,493

WOLVERINE HOURLY PENSION PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
November 30, 2014 and 2013

Note 8—Party-in-interest transactions

Fees paid from plan assets in 2014 and 2013 for legal, accounting, and other services rendered to the Plan were based on customary and reasonable rates for such services. In addition, certain plan investments are managed by the Trustee and certain administrative expenses are paid by the Plan Sponsor. There are no known prohibited transactions with a party-in-interest.

Note 9—Tax status

The Plan has received a determination letter from the Internal Revenue Service dated November 17, 2010, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and is exempt from taxation. Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note 10—Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan, in certain circumstances, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, the net assets of the Plan will be allocated for payment of plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations thereunder and the Plan document. In the event of any termination of the Plan or upon complete or partial discontinuance of contributions, the accounts of each affected participant shall become fully vested.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminates. Generally, the PBGC guarantees most vested, normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide these benefits, the priority of those benefits to be paid, and the level and type of benefits guaranteed by the PBGC at the time. Some benefits fully or partially provided by the existing assets and the PBGC guaranty, while other benefits may not be provided at all.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Asset valuation method

The Actuarial Value of Assets is Market Value as of the valuation date, including discounted receivable contributions, reduced by 2/3 and 1/3 of the gain/(loss) in the prior two years, respectively. The gain/(loss) for each period is determined as the actual return on Market Value during the period less the expected return on Market Value based on an assumed earnings rate chosen by the actuary but required by PPA to be not greater than the applicable third segment rate. The resulting value is constrained to be within a corridor of 90% to 110% of Market Value, including discounted receivable contributions.

The expected return on plan assets is 6.75% per annum, limited by PPA to the applicable Third Segment Rate as follows:

2012 measurement period:	7.52%
2011 measurement period:	6.32%

Future actuarial measurements may differ significantly from current measurements due to plan experience differing from that anticipated by the economic and demographic assumptions, changes expected as part of the natural operation of the methodology used for these measurements, and changes in plan provisions, applicable law or regulations. An analysis of the potential range of such future differences is beyond the scope of this report.
