Independent Auditor's Report

Board of Trustees
Drake Container 401(k) Plan
Houston, Texas

We have audited the accompanying financial statements (modified cash basis) of Drake Container 401(k) Plan, which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Drake Container 401(k) Plan (modified cash basis) as of December 31, 2014 and 2013, and the changes in its net assets available for benefits (modified cash basis) for the years then ended, in accordance with the modified cash basis of accounting described in Note 2.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplemental schedule (modified cash basis) listed in the table of contents is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Drake Container 401(k) Plan

Notes to Financial Statements (Modified Cash Basis)

December 31, 2014 and 2013

Note 1: Description of the Plan

The following description of Drake Container 401(k) Plan (the Plan) provides only general information. Participants should refer to the *Plan Document* and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

General

The Plan is a defined contribution plan sponsored by Drake Container Corporation (the Company) for the benefit of its full-time employees who have at least six months of service. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). The Company's Chief Executive Officer is the trustee of the Plan. Merrill Lynch Retirement Group (Merrill Lynch) serves as Plan custodian.

Contributions

The Plan allows eligible employees to defer up to 20 percent of their annual compensation as contributions to the Plan. Employee rollover contributions are also permitted. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Company makes matching contributions of 50 percent of the first 5 percent of employees' compensation. Company profit sharing contributions are discretionary, as determined by the Company's Board of Directors. Contributions are subject to certain limitations.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his or her contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contribution, Plan earnings and forfeitures of terminated participants' nonvested accounts, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, plus earnings thereon. Vesting in the Company's contribution portion of their accounts, plus earnings thereon, is based on years of credited service. A participant is fully vested after five years of credited service. The non-vested balance is forfeited upon termination of service. Forfeitures are allocated among active participants based upon compensation.

Drake Container 401(k) Plan
Notes to Financial Statements (Modified Cash Basis)
December 31, 2014 and 2013

Payment of Benefits

Upon termination of service, a participant may elect to receive either a lump-sum amount or a direct rollover equal to the value of his or her vested account or a joint and survivor annuity.

Forfeited Accounts

At December 31, 2014 and 2013, forfeited non-vested accounts totaled \$13,302 and \$5,946, respectively. These accounts will be reallocated among active participants based on compensation.

Notes Receivable from Participants

The *Plan Document* includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of \$50,000, or 50 percent of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years, except for loans for the purchase of a principal residence, through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on prime, plus 2 percent.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Modified Cash Basis of Accounting

The financial statements of the Plan have been prepared on the modified cash basis of accounting. The statements of changes in net assets available for benefits reflect only cash received and cash disbursed and changes in the fair value of investments. Therefore, receivables and payables and accrued income and expenses, which may be material, are not reflected in the accompanying financial statements. The financial statements are not intended to present net assets available for benefits or changes in net assets available for benefits in conformity with accounting principles generally accepted in the United States of America.

Drake Container 401(k) Plan

Notes to Financial Statements (Modified Cash Basis)

December 31, 2014 and 2013

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices are used to value investments, as provided by Merrill Lynch. Mutual funds are valued at the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the modified cash basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the years.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the *Plan Document*.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Note 3: Investments

The Plan's investments are held by Merrill Lynch. The fair value of the Plan's investments at the end of the year and the Plan's investments (including investments bought, sold and held during the year) appreciated (depreciated) in fair value as follows:

	2014	
	Net Depreciation in Fair Value During Year	Fair Value at End of Year
Mutual funds	\$ (197,066)	\$ 4,372,997
Money market fund	-	493,941

Money market fund	-	587,166
	<u>\$ 594,426</u>	<u>\$ 4,607,250</u>

The fair value of individual investments that represented 5 percent or more of the Plan's net assets available for benefits were as follows:

	2014	2013
Davis NY Venture A Fund	\$ 1,157,065	\$ 1,227,832
Merrill Lynch Retirement Reserves Money Fund	493,941	587,166

BlackRock Capital Appreciation Fund	540,633	478,188
Oppenheimer Global Growth & Income A Fund	*	317,379
Oppenheimer International Growth A Fund	386,223	306,263

*Investment did not represent 5 percent or more of the Plan's net assets in the respective year.

Note 4: Party-in-interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee organization, or relatives of such persons.

Certain Plan investments are shares of mutual funds managed by Merrill Lynch. The Plan paid \$7,419 and \$8,611 of recordkeeping fees to Merrill Lynch during 2014 and 2013, respectively. Merrill Lynch is the custodian as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions. The Company provides certain administrative services at no cost to the Plan.

Note 5: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets.
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets.
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets.

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2014 and 2013.

The following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2014 and 2013. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

Note 6: Plan Tax Status

The Plan operates under a non-standardized adoption agreement in connection with a prototype 401(k) profit sharing plan and trust sponsored by Merrill Lynch, Pierce, Fenner and Smith Incorporated. This prototype plan document has been filed with the appropriate agency and has obtained a determination letter from the Internal Revenue Service stating that the prototype

Notes to Financial Statements (Modified Cash Basis)
December 31, 2014 and 2013

constitutes a qualified plan under Section 401 of the Internal Revenue Code and that the related trust was tax-exempt as of the financial statement date. The Plan has been amended since the issuance of the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With a few exceptions, the Plan is no longer subject to U.S. Federal, state and local, or non-U.S. income tax examinations by tax authorities for years before 2011.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8: Subsequent Events

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.
