Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Keihin Thermal Technology of America, Inc. Retirement Plan (the "Plan"), which comprise the statement of net assets available for benefits as of November 30, 2014 and 2013 and the related statement of changes in net assets available for benefits for the year ended November 30, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by American United Life Insurance Company (the "Trustee"), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and participant notes receivable and executes related transactions. The plan administrator has obtained a certification from the Trustee as of November 30, 2014 and 2013 and for the year ended November 30, 2014 that the information provided to the plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held at end of year as of November 30, 2014 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Retirement Plan

Notes to Financial Statements

November 30, 2014 and 2013

Note 1 - Plan Description

The following description of Keihin Thermal Technology of America, Inc. Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees of Keihin Thermal Technology of America, Inc. (the "Company") who have completed six months of service and are age 18 or older, except for Japanese nationals on temporary assignment with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - The Plan provides for employee salary 401(k) contributions up to a maximum of 100 percent of the annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. The Plan allows participants to contribute up to 100 percent of their compensation on an after-tax basis. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provides for employer discretionary contributions at the discretion of its board of directors. If a discretionary contribution is made, each participant's allocation of the contribution is based upon the participant's compensation as defined in the plan agreement. There were no discretionary contributions made to the Plan during 2014.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on the participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting - Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Participants vest in contributions made by the Company 50 percent after one year of service, and they become fully vested after two years of service.

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions. At November 30, 2014 and 2013, there were no forfeited account balances.

Retirement Plan

Notes to Financial Statements

November 30, 2014 and 2013

Note 1 - Plan Description (Continued)

Benefit Payments - Distributions are payable upon the retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account.

Participant Notes Receivable - Participants may borrow from their accounts subject to certain maximum and minimum amounts as prescribed in the Plan and in the Internal Revenue Code. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan document and ERISA. In the event of plan termination, the Trustee shall distribute all assets remaining in the Plan, after payment of any expenses properly chargeable against the Plan, to the participants in accordance with the value of the units credited to such participants as of the date of such termination. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by American United Life Insurance Company or its affiliates. American United Life Insurance Company is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation and Income Recognition - Investments held by the Plan are stated at fair value except for the unallocated insurance contract, which is valued at contract value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Various administrative costs are paid by the Company.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Retirement Plan

Notes to Financial Statements November 30, 2014 and 2013

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including August 31, 2015, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

American United Life Insurance Company (the "Trustee") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by the Trustee.

Significant investments included in end of year net assets are as follows:

	2014	2013
Pooled separate accounts - At fair value:		
Goldman Sachs Mid Cap Value Service	\$ 1,434,219	\$ 1,821,896
Goldman Sachs Small Cap Value Service	1,077,819	1,555,056
American Century Real Estate	17,953	758,553
PIMCO Total Return	115,800	2,368,579
Pioneer Bond	2,368,482	-
T. Rowe Price Equity Income	1,930,771	212,383

Note 4 - Tax Status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) indicating that the Plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.

Keihin Thermal Technology of America, Inc.

Retirement Plan

Notes to Financial Statements

November 30, 2014 and 2013

Note 4 - Tax Status (Continued)

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan administrator believes the Plan is no longer subject to tax examinations for years prior to 2011.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at November 30, 2014 and 2013.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Keihin Thermal Technology of America, Inc.

Retirement Plan

Notes to Financial Statements November 30, 2014 and 2013

Note 5 - Fair Value Measurements (Continued)

The following valuation methodologies have been used to value the Plan's investments:

Unallocated Insurance Contract - The AUL Stable Value Fund is a group annuity contract with American United Life Insurance Company (AUL) that invests in the general assets of AUL. AUL considers this contract to be benefit-responsive; however, since there are no specific securities in AUL's general account related to this contract and due to the contract terms, including the frequency of the interest rate reset intervals, contract value approximates fair value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

Pooled Separate Accounts - The pooled separate accounts are valued at net asset value per share (or its equivalent) of the funds, which is based on the fair value of the funds' underlying net assets. There were no unfunded commitments or redemption restrictions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 6 - Unallocated Insurance Contract

During 2013, the Plan entered into a benefit-responsive unallocated insurance contract with American United Life Insurance Company (AUL). AUL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Interest is credited on contract balances using a single “portfolio rate” approach. Under this methodology, a single interest rate is applied to all contributions made to the product regardless of the timing of those contributions. Interest crediting rates are reviewed on a semiannual basis for resetting. When establishing interest credit rates for this product, AUL considers many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account. The minimum crediting rate under the contract is 0.00 percent.

Generally there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days or, in rare circumstances, contract value paid over time. There are not any events that allow the issuer to terminate the contract and which require the plan sponsor to settle an amount different than contract value paid either within 90 days or over time.

Average yields:

Based on actual earnings	0.75 %
Based on interest rate credited to participants	0.75 %

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
