MCSWAIN CARPETS 401(K) PLAN

Notes to Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements of McSwain Carpets 401(k) Plan (the "Plan") have been prepared under the accrual basis of accounting using accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants

For reporting purposes, participant loans are classified as notes receivable from participants. Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. All notes receivable from participants bear interest at a fixed rate as determined by the Plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. All notes receivable from participants by their terms require that repayment (principal and interest) be amortized in level payments, not less than quarterly, over a period not extending beyond five years from the date of issuance unless such note is for the purchase of a participant's primary residence. Limitations on notes receivable from participants are made to the extent that such note does not exceed the lesser of one-half of the participant's vested account balance or $50,000. Notes receivable from participants are secured by the participant's vested interest in their account not to exceed fifty percent of such vested interest.

Notes receivable from participants are repaid through payroll withholding in which the Plan Sponsor remits such repayments to the custodian as of the earliest date on which such amount can reasonably be segregated from the Employer's general assets, but no later than the earlier of the close of the period specified in the separate note procedures for preventing a default or the fifteenth business day of the calendar month in which such amount otherwise would have been paid to the participant. This could include filing a lawsuit or foreclosing on the security for the note receivable. Under certain circumstances, a loan that is in default may be considered a distribution from the Plan and could result in taxable income and penalties to a participant.

Payment of Benefits

Benefits are recorded when paid.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Related Party Transactions

Certain Plan investments are shares of mutual funds, and money market funds managed by Ascensus Trust Company. Ascensus Trust Company is the asset custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

Several employees of the Company provide administrative services to the Plan. These services include Plan oversight and day-to-day Plan administration. The Plan is not charged by the Company for the services of the employees to the Plan.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent Event Evaluation

In preparing its financial statements, the Plan Sponsor has evaluated events subsequent to the Statement of Net Assets Available for Benefits date through August 26, 2015, which is the date the financial statements were available to be issued.

NOTE 2 DESCRIPTION OF THE PLAN

The following description of the McSwain Carpets 401(k) Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of MCAF, LLC, (the "Company") who have reached age eighteen and have completed one year of service. Participants become eligible for participation on the entry date (January 1, April 1, July 1, and October 1) nearest the attainment of eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 75% of pre-tax annual compensation, as defined in the Plan. However, contributions may not exceed limitations established under Section 402(g) of the Internal Revenue Code of 1986 as amended ($17,500 at December 31, 2014). For 2014, Section 414(v) of the Internal Revenue Code of 1986 as amended allowed a maximum catch-up contribution of $5,500.

The Company is required to contribute 25% of the first 6% of compensation that a participant contributes to the Plan. Additional amounts may be contributed at the option of the Company's board of directors.

NOTE 2 DESCRIPTION OF THE PLAN (CONTINUED)

Rollover Contributions

Participants may roll over their taxable portion of funds previously held for their account in another employee benefit plan to the Plan on a tax-free basis.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution, Plan earnings, forfeitures of terminated participants' non-vested accounts and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Participants may designate investment of the amount held in their account and earnings thereon in various funds. Participants may change their investment options daily and allocation in investments must be made in increments of 1%.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at 3.25 percent, which is appropriate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through monthly payroll deductions. Outstanding loan balances are $65,802 and $65,941 for 2014 and 2013, respectively.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Participants become partially vested after two years of service with 100% vesting being attained after five years.

Payment of Benefits

On termination of service due to retirement, disability, or termination of service due to other reasons, participant benefits shall be distributed either in the form of a single lump-sum amount equal to the value of the participant's vested interest in his or her account or have the amount rolled over into an IRA or another qualifying plan to avoid current taxation. On termination due to death, the beneficiary will receive a benefit equal to 100% of the participant's vested interest in his or her account which is distributed in a single lump-sum payment or installment payments.

In conditions of "financial hardship", a participant may apply to the Plan administrator for approval to withdraw that portion of his or her elective account balance necessary to meet the financial hardship, subject to the limitations of the Plan and the Internal Revenue Code.

Upon termination of the Plan, the assets will be distributed to participants in accordance with the Plan's provision and existing laws and regulations.

NOTE 2 DESCRIPTION OF THE PLAN (CONTINUED)

Forfeitures

At December 31, 2014 and 2013, the balances in forfeited non-vested accounts were $-0- and $2,213, respectively. Forfeitures are to be used to reduce future employer contributions or reallocated as employer contributions to participants. For 2014 and 2013, the Sponsor did not use forfeitures to reduce employer contributions.

Administrative Expenses

Certain Plan administrative expenses are paid for in part by the Plan Sponsor. Expenses charged to the Plan totaled $39,952 for 2014.

NOTE 3 INFORMATION CERTIFIED BY ASSET CUSTODIAN

The following information provided by Ascensus Trust Company for the years ended December 31, 2014 and 2013 was certified by them to be complete and accurate with respect to the following:

NOTE 4 INVESTMENTS (CONTINUED)

During 2014, the fair value of the Plan's investments appreciated as follows:

Net dividends and interest plus appreciation in fair value of investments:	
Mutual funds	$ 375,797
Participant loans	2,213
	$ 378,010

NOTE 5 TAX STATUS OF PROFIT SHARING PLAN

The Plan Sponsor has adopted a prototype plan which has received an opinion letter from the Internal Revenue Service dated March 31, 2008, which states the provider's prototype, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan itself has not received a determination letter from the IRS. Furthermore, the Plan has been amended since receiving the opinion letter. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provisions for income taxes have been included in the Plan's financial statements.

NOTE 6 FAIR VALUE MEASUREMENTS

Generally Accepted Accounting Principles (GAAP) provisions for accounting for Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements and the lowest priority to unobservable inputs) (Level 3 measurements). The three levels of the fair value hierarchy under GAAP provisions for accounting for Fair Value Measurements are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 6 FAIR VALUE MEASUREMENTS (CONTINUED)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation approaches used for assets measured at fair value.

Mutual funds: Value at the net asset value ("NAV") of shares held by the plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different approaches or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets Measured at Fair Value on a Recurring Basis

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

Description	12/31/2014	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Assets
