BWI GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of the **BWI Group 401(k) Plan** (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - On November 13, 2009, BWI North America, Inc. (the "Company") adopted a Section 401(k) profit-sharing plan. The Plan allows all salaried employees of the Company, not covered by a collective bargaining agreement to be immediately eligible to participate. Employees may enter the Plan immediately upon satisfaction of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Contributions - The Plan contains an automatic enrollment feature. Employees that do not make an election to participate or decline within 30 days of employment are automatically enrolled into the Plan at a 3% pre-tax contribution rate. The Plan provides for employee salary deferrals up to 60% of eligible compensation for pre-tax and after-tax contributions. Roth contributions are also available. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have attained age 50 by the end of the Plan year are eligible to make catch-up contributions.

Employer Contributions - Employer matching contributions are discretionary, and participants become eligible for these contributions subsequent to completion of six months of service. For the years 2014 and 2013, the Plan contributed 50% of the eligible deferrals that a participant contributed to the Plan. Contributions in excess of 9% of an eligible participant's compensation for employees hired on or before December 31, 1995, and in excess of 7% of an eligible participant's compensation for employees hired after December 31, 1995 were not considered for the match. No contributions shall be made on behalf of a participant to the extent that, when added to the participant's salary deferral contributions, it would cause the amounts allocated to exceed the limitations allowed by the Internal Revenue Service. The Company contributed \$1,252,636 and \$1,277,008 of employer matching contributions for the years 2014 and 2013.

Additionally, the Plan provides for employer discretionary contributions. Participants become eligible for these contributions on the first day of the first month subsequent to completion of six months of service. For the years 2014 and 2013, the Company elected to contribute an amount equal to 4% of each eligible participant's compensation. For the years 2014 and 2013, the Company contributed \$1,436,442 and \$1,409,658 of employer discretionary contributions.

Participant Accounts - Fidelity Management Trust Company is Trustee of Plan investments. Each participant's account is credited with the participant's contributions, Company contributions, net earnings or losses, distributions, and withdrawals. Company contributions are allocated based on participants' compensation as defined by the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs both separately, and distinctly, into which investment the participant contribution, employer match, and discretionary contribution are to be invested.

BWI GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Vesting - Participants are immediately vested in their voluntary contributions, rollovers, and corresponding earnings. The following schedule will be used to determine vesting in the Plan match, discretionary contributions and their earnings:

<u>Completed Years of Service</u>	<u>Vesting Percentages</u>
Fewer than 3	0%
3 or more	100%

Participant Loans - Participants may borrow from their vested account balance, up to 50%, not to exceed \$50,000. Loans bear interest at an agreed-upon percentage based on prevailing market rates, subject to applicable usury limits. Loan terms are for a period not exceeding five years. A longer term may be approved by the Plan if proceeds are to be used for the purchase of a primary residence. Loans are secured by the balance in the participants' accounts. Principal and interest are paid ratably through payroll deductions.

Benefits Paid - Upon termination of service by reason of retirement, death, permanent disability, or otherwise, participants, or designated beneficiaries, may elect to receive their vested balance either in a lump-sum amount, or payments over a period of time in cash installments, or in a form agreeable to the Plan Administrator. If the participant's account balance is \$1,000 or less, the Plan Administrator may elect to automatically distribute the balance to the participant in a single-sum payment. The Plan also allows for withdrawals of all or a portion of a participant's vested employer or employee contributions. These withdrawals are allowed after the contributions have been held in the Plan for at least 24 months. Participants may elect to withdraw all or a portion of their rollover contributions at any time. In addition, participants may receive distributions of the employee deferral amount for qualified financial hardships.

Forfeitures - Forfeited balances of terminated participants' non-vested accounts are used to reduce future Company contributions and pay Plan expenses. Forfeitures in the amount of \$60,289 and \$0 were used during 2014 and 2013. Unallocated forfeitures at December 31, 2014 and 2013 were \$6,441 and \$38,227.

Investment Options - Upon enrollment in the Plan, a participant may currently direct contributions in any of 28 investment options in increments of one percent. In addition, a self-directed brokerage account (BrokerageLink) is available to qualifying participants. Participants are eligible for BrokerageLink based on the balance in their individual accounts. BrokerageLink participants can elect to invest their plan assets in individual securities. BrokerageLink is to be counted as one investment option.

Participants may change their investment options and deferral percentages at any time via telephone or the Internet.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits presents the fair value of the investment contracts, as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Financial Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's Administrator to make estimates and assumptions that affect the reported amounts of net assets, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Benefit-responsive investment contracts are valued at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Participant Loans Receivable - Loans receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowances for credit losses has been recorded as of December 31, 2014 and 2013. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced. A benefit payment is only recorded upon termination of service by reason of retirement, death, permanent disability, or otherwise.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - The Company pays substantially all administrative expenses of the Plan. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events - In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through September 14, 2015, the date the financial statements were available to be issued.

Government and corporate bond funds	32,438	(437,543)
	<u>\$ (703,036)</u>	<u>\$ 4,831,836</u>

NOTE 4 - SUMMARY OF INFORMATION CERTIFIED BY PLAN TRUSTEE

The fair value of investments held by the Trustee at December 31, 2014 and 2013 was \$62,301,030 and \$53,221,616. The Trustee of the Plan has supplied the Plan Administrator with a certification as to the completeness and accuracy of the following information at December 31, 2014 and 2013:

- Investments
- Interest and dividend income
- Net appreciation (depreciation) in fair value of investments

NOTE 5 - FAIR VALUE MEASUREMENTS

Accounting standards provide a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements).

NOTES TO FINANCIAL STATEMENTS

NOTE 5 - FAIR VALUE MEASUREMENTS - CONTINUED

The three levels of the fair value hierarchy under the accounting standards are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014.

Money market fund, common stocks, equity security funds, and government and corporate bond funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Common collective trusts: Valued based on the valuation formula contained in the contract of the underlying guaranteed interest account.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

BWI GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 6 - FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT

The Fidelity Managed Income Portfolio Fund is a collective fund of investment contracts held in trust by Fidelity. Investments included in the fund are contracts issued by insurance companies and other financial institutions, fixed income securities, and money market funds.

The contract is included in the statements of net assets available for benefits as a common collective trust at its fair market value. The average yield and crediting interest rates were approximately 1.07% and 0.89% for December 31, 2014 and 2013. The underlying investment return was 1.67% and 1.54% for December 31, 2014 and 2013.

Certain events, such as premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Fidelity Management Trust Company. The Plan Administrator believes the occurrence of such events, which would also limit the Plan's ability to transact at contract value with Plan participants, is not probable.

NOTE 7 - RELATED PARTY TRANSACTIONS

Certain Plan assets are invested with Fidelity Management Trust Company. Thus, Fidelity Management Trust Company, as Trustee defined by the Plan, qualifies as a party-in-interest.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of Plan termination, participants will become 100% vested in the employer portion of contributions.

NOTE 9 - TAX STATUS

The Plan adopted a Prototype Non-Standardized Profit Sharing and 401(k) Plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter; however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

BWI GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 11 - BENEFITS ALLOCATED TO WITHDRAWN PARTICIPANTS

At December 31, 2014 and 2013, there were no amounts due to participants who have withdrawn from the Plan and requested benefit payment prior to year-end.

NOTE 12 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits, and the net increase in net assets available for benefits according to the financial statements, as compared to Form 5500 for 2014 and 2013:
