NOTE 1 – DESCRIPTION OF PLAN

McCoy-Rockford, Inc. 401(k) Retirement Plan (the Plan) is a qualified retirement plan adopted by McCoy-Rockford, Inc. (the Company), originally effective on January 1, 1994, to help its employees save for retirement. The Plan was amended and restated effective December 15, 2013, to conform to new tax laws and regulations. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The summary of significant provisions of the Plan presented below only provides general information. Participants should refer to the legal plan document for a more complete description of the Plan's provisions.

Eligibility – All eligible employees of the Company who have attained the age of 21 may participate in the Plan. Participants may enter the Plan on the date they satisfy the age requirement.

Contributions – Participants may elect to reduce their compensation by a specific percentage or dollar amount and have that amount contributed to the Plan as a salary deferral, not to exceed an annual dollar limit which is set by law. Participants who attain age 50 before the end of a calendar year may also elect to defer additional catch-up contributions to the Plan. Participants may increase or decrease their salary deferrals at any time.

The Company may make a discretionary matching contribution on behalf of eligible Plan participants, as a percentage of salary deferrals participants' make during each payroll period or as a uniform dollar amount. The Company will decide each year how much, if any, they wish to make as a matching contribution.

Rollover contributions from other qualified retirement plans and certain IRAs may be permitted by the Plan.

Participant Accounts – Each participant's account is credited with the participant's contributions, employer contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options – Participants direct the investment of their entire interest in the Plan into various investment securities offered by the Plan. The Plan currently offers various mutual funds and a guaranteed interest account as investment options for its participants. Participants may change their investment choices at any time.

Vesting – Participants are always 100% vested in their salary deferrals and rollover contributions. Participants become vested in employer contribution accounts under a 6-year graded vesting schedule, earning 20% vesting each year of service after 2 years of service. A participant will become 100% vested in all contributions under the Plan upon reaching normal retirement age, disability, or death.

Notes Receivable From Participants – Loans are available to participants on a reasonably equivalent basis. Participants may borrow from their vested fund accounts a minimum of $1,000 up to a maximum of $50,000 reduced by the excess of their highest outstanding balance of loans during the prior one-year period or 50% of their vested account balance, whichever is less. The loans are adequately secured by the balance in the participant's account and bear a reasonable rate of interest. Principal and interest payments are paid ratably through payroll deductions over a term not to exceed five years, unless the loan was obtained to acquire a principal residence.

Payment of Benefits – Upon termination of employment due to death, disability, or normal retirement, a participant may elect to receive either a lump sum payment equal to the value of the participant's vested interest in their account or installments over a period of assumed life expectancy. Upon termination of employment for reasons other than death, disability, or normal retirement, lump sum distributions may be made at the participant's election. If a participant's total vested benefit exceeds $5,000, no distribution will be made from the Plan without their consent. If a participant's total vested benefit is $1,000 or less when they terminate employment, their entire vested benefit will be distributed to them in a lump sum, even if the participant does not consent to a distribution.

Participants may be entitled to receive an in-service distribution. A participant may request a hardship withdrawal to satisfy certain immediate and heavy financial needs. Participants who have attained age 59½ may receive an in-service distribution from the Plan from fully vested accounts prior to termination of employment.

Forfeited Accounts – The non-vested benefits of a terminated participant's account balance remains in the Plan and is called a forfeiture. Forfeitures totaled $13,091 and $5,681 at December 31, 2014 and 2013, respectively. Forfeitures may be used to pay any administrative expenses or to reduce any employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 3* for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013.

Excess Contributions Payable – Amounts payable to participants for contribution in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2014 and 2013 excess contributions to the applicable participants prior to March 15, 2015 and 2014, respectively.

Payment of Benefits – Benefits are recorded when paid. As of December 31, 2014, there were no amounts allocated to participants who have terminated from the Plan, but have not yet been paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events – The Plan has evaluated subsequent events through September 9, 2015, the date the financial statements were available to be issued (*see Note 12*).

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed Interest Account – Valued at fair value by the custodian by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the custodian evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms while others are substantiated utilizing available market data.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

NOTE 4 – GUARANTEED INTEREST ACCOUNT

The Guaranteed Interest Account (GIA), backed by MassMutual's general assets, is designed to provide a stable, guaranteed rate of return and guarantee of principal. The GIA contract backed by MassMutual's general investment account is provided through a group annuity. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. MassMutual is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Contract value, as reported to the Plan by the custodian, represents fair value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk. The crediting interest rate is based on a formula agreed upon with MassMutual, but it may not be less than 1%.

If the GIA is fully or partially terminated, participants will receive the liquidation value of the GIA instead of the book value (i.e., contract value). The liquidation value is determined in accordance with a formula contained in the GIA contract and is designed to reflect the value of the assets in the general investment account. This liquidation value may be more or less than the book value of the Plan's investment in the GIA. This means that upon partial or full termination of the GIA contract a participant's account balance in the GIA may be either increased or decreased.

NOTE 5 – INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The Company has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Massachusetts Mutual Life Insurance Company, the custodian, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2014 and 2013, the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2014, the related investment activity reflected on the statement of changes in net assets available for benefits for the year ended December 31, 2014, and the information reflected in *Note 6*. Accordingly, as permitted under such election, the Company instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the custodian, expect for comparing such information certified by the custodian with information included in the Plan's financial statements and supplemental schedule.

NOTE 6 – INVESTMENTS (UNAUDITED)

At December 31, 2014 and 2013, all investments of the Plan were participant-directed. The following presents investments that represent 5% or more of the Plan's net assets at December 31:

		2014	2013
*	AmerCnt One Choice 2015 Pft Fd	**$ 1,747,480**	$ 2,178,803
*	AmerCnt One Choice 2020 Pft Fd	**2,075,904**	2,207,829
*	AmerCnt One Choice 2025 Pft Fd	**2,506,874**	2,446,815
*	AmerCnt One Choice 2030 Pft Fd	**2,077,333**	1,917,742
*	AmerCnt One Choice 2035 Pft Fd	**1,572,145**	1,380,550

* Indicates a party in interest.

During 2014, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in fair value by $304,475.

NOTE 7 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by the custodian. These transactions qualify as party in interest transactions.

NOTE 8 – PLAN TERMINATION

Although the Company expects to maintain the Plan indefinitely, the Company has the ability to terminate the Plan at any time. If the Plan is terminated, all amounts credited to participants' accounts shall become 100% vested. In the event of the termination of the Plan, participants are entitled to a distribution of their entire vested benefit. Such distribution shall be made directly to the participant or, at their direction, may be transferred directly to another qualified retirement plan or IRA.

NOTE 9 – TAX STATUS

The Company adopted a prototype non-standardized profit sharing plan with CODA sponsored by Massachusetts Mutual Life Insurance Co. The prototype plan obtained its latest opinion letter on May 11, 2009, in which the IRS stated that the prototype plan, as then designed, was acceptable under section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan has not requested its own determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, no provision for income tax has been included in the Plan's financial statements.

U.S. GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Schedule C Soft Dollar Compensation
Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information ("SAI").

For additional information on soft dollar compensation, refer to the section of the mutual fund's SAI that discusses brokerage allocation and other practices.
