Mr. Robert D. Housley, Trustee
Ms. Ana A. Henderson, Trustee
Housley Communications Profit Sharing Plan and Trust

We have audited the accompanying financial statements of the Housley Communications Profit Sharing Plan and Trust, which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Housley Communications Profit Sharing Plan and Trust, as of December 31, 2014 and 2013, and the changes in its net assets available for benefits for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedules of (1) Assets held for investment purposes, and (2) Reportable transactions, together referred to as "supplemental information," are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

For The Years Ended December 31, 2014 and 2013

Note A Description of Plan

Housley Communications is an incorporated entity engaged in the design, construction, and repair of telecommunication cable systems. The following description of the Housley Communications, Inc. (the Company) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who have one year of service (defined as 1,000 hours over a twelve month period) and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute a percentage of their pretax annual compensation, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Additional profit sharing amounts may be contributed at the option of the Company's board of directors and are invested according to the participant's investment fund election. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and rollover contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Forfeited Accounts

At December 31, 2014 and 2013, forfeited non-vested accounts totaled $3,238.36 and $7,527.79 respectively.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant will receive a lump sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant must receive the value of the vested

Note A Description of Plan (Continued)

interest in his or her account as a lump-sum distribution. Participant's whose vested account balances exceed $1,000.00 can direct the timing of the distribution.

Participant Loans
Participants may borrow from their fund accounts a minimum of $1,000.00 up to a maximum equal to the lesser of $50,000.00 or 50% of the present value of the Participant's non-forfeitable accrued account balance, whichever is less. The Participant may only have 2 loans outstanding at any time. The loans are secured by the balance in the participant's account and bear interest rates ranging from 4.25% to 6.25%, which is commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is earned and paid ratably through payroll deductions.

Note B Summary of Accounting Policies

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting.

Subsequent Events
The plan administrator has evaluated subsequent events through September 10, 2015, the date the financial statements were available to be issued.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Participant loans are valued at their outstanding balances, which approximate fair value. Purchases and Sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis, while dividends are recorded on the ex-dividend date.

Payment of Benefits
Benefits are recorded when paid.

Operating Expenses
All expenses of maintaining the Plan are paid by the Plan and are allocated to each participant's account on a prorated basis.

Notes to Financial Statements (Continued)

For The Years Ended December 31, 2014 and 2013

Note C Employer's Contribution Receivable

At the discretion of the Company's board of directors, additional profit sharing amounts may be contributed to the Plan. Included in the employer's contribution receivable is an additional $325,000.00 for 2014, while $325,000.00 was contributed by the Company to the Plan for 2013.

Note D Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

Note E Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated February 26, 1993, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Note G Reconciliation of Financial Statements to Schedule H of Form 5500

Form 5500 does not report gains and losses on the sale of investments. Cost information is not required because participants direct the investment of 100% of the assets allocated to their account.

Note H Related Party Transactions

Certain Plan investments are shares of investment funds issued by John Hancock Life Insurance Company. These investment funds are managed by John Hancock Life Insurance Company, and these transactions qualify as party-in-interest transactions which are exempt from the prohibited transactions rules.

The Company has contracted with Pension Planning Consultants to serve as a third party administrator in managing the Plan. For the year ended December 31, 2014, fees paid by the Plan for investment management services were $17,277.03. No fees were owed or paid by the Company.

In addition, the Company provides certain accounting and administrative services to the Plan for which no fees are charged.

Note I Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note J Fair Value Measurement

The Plan records its financial assets and liabilities at fair value, in accordance with the framework for measuring fair value in generally accepted accounting principles. This framework establishes a fair value hierarchy that prioritizes the inputs used to measure fair value.

Fair value is the price to hypothetically sell an asset or transfer a liability in an orderly manner in the principal market for that asset or liability. Accounting standards prioritize the use of observable inputs in measuring fair value. The level of a fair value measurement is determined entirely by the lowest level input that is significant to the measurement. The three levels are (from highest to lowest):

Notes to Financial Statements (Continued)
For The Years Ended December 31, 2014 and 2013

Note J Fair Value Measurement (Continued)

Level 1: Observable inputs that reflect unadjusted quoted prices for identical assets or liabilities traded in active markets.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs that are generally unobservable. These inputs may be used with internally developed methodologies that result in management's best estimate of fair value.

All of the Plan's investments are considered level 1, because their fair value is determined using quoted market prices.

At December 31, 2014, the Plan carried the following financial assets at fair value:

Recurring fair value measurements	Level 1: Quoted Prices in Active Markets for Identical Assets	Level 2: Significant Other Observable Inputs	Level 3: Significant Observable Inputs	Total at December 31, 2014
Shares of an Investment Company	$ 8,903,340.83	$	$	$ 8,903,340.83
Participant Loans		530,897.24		530,897.24
Total recurring fair value assets	$ 8,903,340.83	$ 530,897.24	$	$ 9,434,238.07
