Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Transamerica Financial Life Insurance Company, the trustee of the Plan, except for comparing such information with the related information included in the 2014 financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the trustee as of December 31, 2014 and for the year then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

The financial statements of the plan as of December 31, 2013 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated July 31, 2014, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee (or custodian), were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

PEZOLD MANAGEMENT ASSOCIATES, INC. 401(K) PROFIT SHARING PLAN
COLUMBUS, GEORGIA
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2014 AND 2013

NOTE 1: Description of Plan

The following brief description of the Pezold Management Associates, Inc. 401(K) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan sponsored by Pezold Management Associates, Inc. (the "Plan Sponsor") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was originally adopted on June 1, 1988 and was restated and amended effective November 12, 2013. The Plan covers all eligible employees of the Plan Sponsor, Pezold Air Charter, LLC, Bealls Communication Group, LLC, Computer Networking Solutions, LLC, Valley Hospitality Services, LLC, and Geo-Energy Solutions, LLC.

The Retirement Plan Committee (the "Committee"), appointed by the Plan Sponsor, has responsibility for the administration of the Plan. Transamerica Retirement Solutions ("Transamerica") is the Plan's recordkeeper. Transamerica Financial Life Insurance Company, Inc. ("TFLIC") is the trustee of the Plan. The Plan's trustee has responsibility for the management of the Plan's trust fund. A fee is charged by the recordkeeper and trustee for services rendered.

Eligibility - Employees must be at least twenty-one years of age to become eligible following one year of service with at least 1,000 hours worked. Entry dates to the Plan are on January 1 and July 1 following completion of the one year service requirement.

Contributions - Participants may contribute up to 15% of annual compensation, not to exceed the maximum allowed by the Internal Revenue Code ("IRC"). The employer, at its discretion, may contribute to the Plan matching contributions equal to a percentage set by the Plan Sponsor prior to the end of the Plan year. For the years ended December 31, 2014 and 2013, the discretionary matching contributions were equal to 50% of a participant's contribution not to exceed a matching contribution of 2.5% of annual compensation for the current plan year. The employer matching contribution is reviewed annually and can be changed at the discretion of the Committee.

NOTE 1: Description of Plan (continued)

In addition to the employer matching contribution, the employer may also make a discretionary profit sharing contribution which is allocated to each participant based on the participant's compensation to total compensation of all participants. Participants must be actively employed at year end to receive the contribution. The Plan Sponsor elected to make no profit sharing contributions for the years ended December 31, 2014 and 2013, respectively.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the (a) Plan Sponsor's contributions, (b) Plan earnings and (c) administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer's matching and profit sharing contributions plus earnings is as follows:

YEARS OF SERVICE	VESTING %
Less than two years	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six years or more	100%

Investment Options - A participant may direct employee and employer contributions in any of the investment options established by the Committee. Participants may change their investment options daily.

Payment of Benefits - Upon termination of employment due to death, disability, retirement or other reasons, participants are entitled to receive either a lump-sum distribution in an amount equal to the value of the participant's vested interest in his or her account, roll over a portion or all of the distribution directly into an eligible retirement plan, or receive monthly, quarterly, semiannual, or annual installments over a specified period of time as defined in the Plan.

NOTE 1: Description of Plan (continued)

Forfeitures - At December 31, 2014 and 2013, forfeited, nonvested accounts totaled $3,439 and $7,165, respectively. The Retirement Committee may elect to pay Plan administrative expenses with such forfeitures. Forfeitures may also be used to restore previous forfeitures of participant accounts or to reduce employer contributions. In 2014 and 2013, forfeitures of approximately $11,000 and $27,000 were used to reduce employer contributions and pay Plan administrative expenses, respectively.

Plan Termination - Although there is no present intention to terminate the Plan, the Plan Sponsor may terminate the Plan at any time. In the event of termination, the participants will become fully vested in their account balances and the trustee shall dispose of the Plan assets by distribution to participants and beneficiaries.

NOTE 2: Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared using the accrual basis of accounting.

Accounting principles generally accepted in the United States of America ("GAAP") require investment contracts held by a defined-contribution plan to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis for fully benefit-responsive contracts which is also equal to fair value.

Valuation of Investments - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

NOTE 2: Summary of Significant Accounting Policies (continued)

Net appreciation or depreciation of the fair value of investments consists of the unrealized appreciation or depreciation of investments held during the year, as well as the realized gain or loss on sale of investments which represents the difference between net sales proceeds and cost or previous fair value of the investments sold. Purchases and sales of securities are recorded on a trade-date basis.

Tax Status - The Plan obtained its latest favorable determination letter on May 30, 2008, in which the Internal Revenue Service ("IRS") stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS or state or local taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions within the standard statute of limitations periods; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

Plan Expenses - Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements, including legal, administrative, and accounting fees. Trustee and recordkeeper fees are incurred and paid by the Plan. Investment related expenses are included in net appreciation of fair value of investments.

Reclassification - Certain items in the 2013 financial statements have been reclassified in order to be in conformity with the 2014 statement presentation.

Use of Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2: Summary of Significant Accounting Policies (continued)

Subsequent Events - The Committee has evaluated all subsequent events that might qualify for disclosure through September 8, 2015, which is the date the financial statements were available to be issued. Subsequent to year-end, Qualified Plans, Inc. was contracted to be the third-party administrator. Transamerica remains the Plan's recordkeeper, and TFLIC remains the Trustee of the Plan.

NOTE 3: Fair Value Measurements

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy according to GAAP are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

NOTE 3: Fair Value Measurements (continued)

Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts: The unit value of the pooled separate accounts is based on the net asset value per share of the underlying mutual fund held by the pooled separate accounts, less any applicable charges.

Unallocated insurance contract: This is an investment in the general account of Transamerica and the value is guaranteed by Transamerica as a going concern. Regardless of the activity of the general fund, Transamerica pays the stated interest rate and backs the capital deposit where the "risk" is measured by their insurance credit rating. This is a depository liability with no formal underlying maturities, and because of this distinction, contract value is equal to fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3: Fair Value Measurements (continued)

The following table sets forth the Plan's investments at fair value, which are all classified as level 2 within the fair value hierarchy, as of December 31, 2014 and 2013:

	2014	2013
Pooled separate accounts:		
Growth funds	**$ 767,328**	$ 716,342
Value funds	**43,824**	38,456
Blend funds	**1,066,493**	1,058,774
Bond funds	**269,937**	315,523
Sector funds	**51,239**	51,253
Target date funds	**714,797**	639,374
International funds	**145,976**	167,954
Total pooled separate accounts	**3,059,594**	2,987,676
Unallocated insurance contract	**2,010,080**	1,744,565
Total investments at fair value	**$ 5,069,674**	$ 4,732,241

NOTE 4: Investments

The following table presents investments that represent 5% or more of the Plan's net assets available for benefits at December 31, 2014 and 2013:

	2014	2013
Investments at fair value:		
Pooled separate accounts:		
Munder Mid-Cap Core Growth Ret Opt	**$ 724,525**	$ 651,919
Vanguard Total Stock Market Index Ret Opt	**987,679**	894,973
Investments at contract value:		
Transamerica Stable Value Option	**2,010,080**	1,744,565

NOTE 4: Investments (continued)

During 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as, held during the year) appreciated in value as follows:

	2014	2013
Pooled separate accounts	**$ 240,299**	$ 493,942
Unallocated insurance contract	**25,458**	22,463
	$ 265,757	$ 516,405

Unallocated insurance contract - the Plan's investment in the unallocated insurance contract (the Stable Value Fund) is deemed fully benefit-responsive. As such, contract value is the relevant measurement attribute for benefits attributable to the Fund. Because Transamerica classifies this type of investment as a deposit liability with no defined maturities, the contract value is also the fair value.

Average yields:	**2014**	2013
Based on actual earnings	**1.35%**	1.45%
Based on interest rate credited to participants	**1.35%**	1.45%

Certain events limit the ability of the Plan to transact at contract value with the Stable Value Fund issuers. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

NOTE 5: Information Prepared and Certified by Trustees (Unaudited)

As explained in Note 1, the Plan's funds are maintained by the Plan's trustee TFLIC. The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee:

	2014	2013
Investments at fair value:		
Pooled separate accounts	**$ 3,059,594**	$ 2,987,676
Investments at contract value		
Unallocated insurance contract	**$ 2,010,080**	$ 1,744,565
Total investments		
Investment income	**$ 265,757**	$ 516,405

NOTE 6: Party-in-Interest Transactions

Certain Plan investments are affiliated with TFLIC who is the trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest.

NOTE 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.
