1. Description of Plan

The following description of the MITEQ, Inc. Employees' Savings and Security Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering all full-time employees of MITEQ, Inc. and its wholly-owned subsidiary, MCL, Inc. (collectively, the "Company" or the "Employer") who have six months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). During 2013, the assets of MCL, Inc. were sold and effective January 1, 2014, MCL, Inc. ceased participation in the Plan. The recordkeeper of the Plan is Transamerica Retirement Services ("TRS") and the trustee of the Plan is Transamerica Financial Life Insurance Company ("TFLIC").

Contributions

Each year, participants may contribute to the Plan a percentage of compensation, as defined, up to a maximum percentage allowable under the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or contribution plans. The Plan provides for a discretionary employer matching contribution of up to 25 percent of the first $4,000 that a participant contributes to the Plan. The matching Company contribution, if any, is invested directly into the participant's account. For 2014, there was no employer contribution to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution based upon the participant's directed investment selection and allocations of (a) the Company's contribution, if any, and (b) investment earnings, and charged with any investment losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participants' vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited service. Upon plan termination,

Investment Options

Upon enrollment in the Plan, participants may direct the Trustee to invest contributions in 1% increments in various investment options offered by the Plan. Participants may change their investment options weekly.

1. Description of Plan (Continued)

Participant Notes Receivable

Participants may borrow from their vested fund account balance a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. Loan terms range from one to five years or up to thirty years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Interest rates range from 4.25% to 8.25% with maturities through 2036. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or installment payments. Total amounts for participants who were terminated as employees of the Company as of December 31, 2014 and 2013, but still maintained a balance in the Plan were $14,416,296 and $13,922,025, respectively. As of December 31, 2014 and 2013, all employees who elected to withdraw from the Plan had been paid.

Expenses of the Plan

Certain administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan. Certain Plan expenses are deducted from participant accounts, and the remainder of the Plan expenses are generally paid by the Employer.

Forfeited Accounts

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. However, if the participant is re-employed and fulfills certain requirements, as defined in the Plan, the participant's account will be reinstated. At December 31, 2014 and 2013, forfeited non-vested accounts totaled $25,310 and $22,154, respectively. Unvested forfeitures may be used to reduce the Employer's matching contribution. During 2014, forfeitures were not used to reduce Employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the cash method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Participants' benefits are recorded when paid.

Use of Estimates

The trustee of the plan use estimates and assumptions in preparing financial statements in accordance with generally accepted accounting principles. Actual results could vary from the estimates used.

Deemed Distributions

Deemed distributions are recorded when a participant ceases making repayments on a loan from the Plan. These amounts are no longer included in net assets available for benefits.

Recently Issued Accounting Standards

In May 2015, the Financial Accounting Standards Board (FASB) amended guidance for reporting investments in certain entities that calculate net asset value per share (or its equivalent) so that entities will no longer be required to categorize these investments in the fair value hierarchy or to provide the related fair value disclosures. The guidance is effective for the fiscal years beginning after December 15, 2016 with early adoption permitted and is not expected to have a material impact on the Plan's financial statements.

Subsequent Events

In January 2015, the Employer was acquired by L-3 Communications Holdings, Inc ("L-3 Communications"). L-3 Communications has communicated its intent to merge the assets of the Plan into the L-3 Communications Master Savings Plan effective January 1, 2016. The Plan has evaluated subsequent events for recognition or disclosure through the date these financial statements were available to be issued, August 31, 2015.

3. Investment Contracts

At December 31, 2014 the stable value fund, which represent investments in a fully benefit-responsive stable value fund with TRS is included in the financial services at contract value, which the Trustee has certified is equal to fair value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yields and crediting interest rates approximated the contract rates. The crediting interest rate is based on a formula agreed upon with the issuer (1.60% and 1.70% at December 31, 2014 and 2013, respectively). Such interest rates are reviewed monthly for resetting.

4. Related Party Transactions

At December 31, 2014 and 2013 certain Plan investments were shares of mutual funds managed by TFLIC, the Trustee of the Plan, as such these transactions qualify as party-in-interest. Fees paid by the Plan for investment management services amounted to $9,125 for the year ended December 31, 2014.

5. Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts. As described in Note 2, the Plan is not intended to be terminated, however, it is intended to be merged into the L-3 Communications Master Savings Plan in the future.

6. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated January 25, 1993, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements or the IRC. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

7. Information Certified by the Trustees

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by TFLIC, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule.

TFLIC has certified to the accuracy and completeness of the investments at December 31, 2014 and 2013 as summarized below. Single investments that represent 5% or more of the Plan's net assets are separately identified.

	2014	2013
Transamerica Core Equity	**3,191,386***	3,253,495*
Artisan Small-Cap Growth	**2,965,261***	3,753,213*

Other investments, individually less than 5% of the Plan's net assets	**15,552,363**	15,864,052
	$ 44,941,876	$ 46,185,796

* Represents more than 5% of the Plan's net assets as of December 31, 2014 or 2013, respectively.
(a) TFLIC has certified that contract value is equal to fair value at December 31, 2014 and 2013.

TFLIC has also certified to the completeness and accuracy of $2,226,665 of net increase in fair value of investments for the year ended December 31, 2014.

8. Fair Value Measurements

The Financial Accounting Standards Board ("FASB") established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

8. Fair Value Measurements (continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Stable value fund: Valued at fair value which is equal to contract value as of December 31, 2014 and 2013 (see Note 3).

Pooled Separate Account: Valued at the sum of the market value of all of the trust's investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

8. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2014:	Level 1	Level 2	Level 3	Total
Pooled separate account	$32,209,324	$ -	$ -	$32,209,324
