We have conducted a Department of Labor (DOL) limited-scope audit of the financial statements of the Owens Healthcare 401(k) Plan for the year ended December 31, 2014 and have issued our report thereon dated August 27, 2015. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note D to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated March 25, 2015. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

You are responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Owens Healthcare 401(k) Plan are described in Note B to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended December 31, 2014. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on your knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

Your estimate of the fair value of investments (Pooled Separate Accounts valued using Net Asset Value and the Group Annuity Contract valued using discounted cash flows) is based on the fair value of the underlying investments held less any liabilities. We believe the fair value estimation to be reasonable in relation to the financial statements as a whole.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. No misstatements were identified during the audit.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of you and evaluated the form, content, and methods of preparing the information to determine that the information complies with the Internal Revenue Service (IRS) requirements, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of the Administrative Committee of the Owens Healthcare 401(k) Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Report on the Financial Statements

We were engaged to audit the accompanying statements of the Owens Healthcare 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in note D, which was certified by The Standard Insurance Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2014 and 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements.

Other Matter

The supplemental schedule, the schedule of assets held for investment purposes as of December 31, 2014, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA) and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

OWENS HEALTHCARE 401(k) PLAN
Notes to Financial Statements
December 31, 2014 and 2013

NOTE A – PLAN DESCRIPTION

The following description of the Owens Healthcare 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

GENERAL
The Plan is a defined contribution plan covering substantially all employees of Owens Healthcare (the "Company"). The Company is a pharmacist-owned healthcare company specializing in the areas of retail pharmacy, compounding pharmacy, infusion services, medical equipment and respiratory services. The original Plan became effective January 1, 1991 and has been subsequently amended. The provisions of the Plan are included in the official Plan Document, which legally governs the operations of the Plan and is available for more detailed information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

ELIGIBILITY
Covered employees who have completed 500 hours of service and are age eighteen or older may elect to enter the Plan. In general, covered employees may enter the Plan on the first day of the month coinciding with or next following the date on which they satisfy the eligibility requirements.

PARTICIPANT AND COMPANY CONTRIBUTIONS
Each year, participants may elect to make contributions to the Plan, subject to a maximum annual limitation set by the Internal Revenue Service ("IRS"). Participants who have attained age 50 or more before the end of the plan year are eligible to make catch-up contributions. Participants may also rollover contributions to the Plan using amounts distributed to them from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

In addition, the Plan requires the employer to make mandatory safe harbor matching contributions whereby the employer matches 100% of each participant's deferral up to 3% of the participant's compensation and 50% of each participant's deferral between 3% and 5% of compensation. Contributions are subject to certain IRS limitations.

PARTICIPANT ACCOUNTS
Each participant's account is credited with the participant's contributions and allocations of (a) the employer's contributions, and (b) Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING
Participants are immediately 100% vested in their elective (voluntary) contributions, rollover contributions, employer contributions and actual earnings thereon.

NOTES RECEIVABLE FROM PARTICIPANTS
The Plan provides that participants can borrow funds of at least $1,000 up to a maximum equal to the lesser of 50 percent of their vested account balance or $50,000. The loans are secured by the balance in the participant's account. The term of the loan cannot exceed five years, except if the loan proceeds are used to finance the purchase of a primary residence, in which case the loan term may not exceed ten years. Principal and interest is paid ratably through payroll deductions. The interest rate on all outstanding loans as of December 31, 2014 was 3.25%.

NOTE A – PLAN DESCRIPTION – Cont.

BENEFIT PAYMENTS
Distributions of benefits are defined in the Plan document. Generally, distributions may be made upon retirement, total and permanent disability, reaching fifty-nine and one half years of age, termination of employment, or demonstration of a financial hardship. Participants or beneficiaries receive, upon request, either a lump-sum payment or installments paid over a fixed number of years, or any other form of payment that may be permitted under the Plan.

NOTE B – SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING
The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

USE OF ESTIMATES
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note C for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend rate. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and management deems the participant loan to be in default, the loan balance is reduced and a benefit payment is recorded.

PAYMENT OF BENEFITS
Benefit payments to participants are recorded when paid.

OPERATING EXPENSES
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of the fair value of investments.

NOTE B – SIGNIFICANT ACCOUNTING POLICIES – Cont.

SUBSEQUENT EVENTS
Subsequent events were evaluated through August 27, 2015, which is the date the financial statements were available to be issued. Management is not required to and has not evaluated events or transactions that occurred after August 27, 2015.

NOTE C – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation method include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset and liability; and • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used by the Plan for investment assets measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Pooled Separate Accounts: The underlying assets of the pooled separate accounts consist of funds known as sub-accounts. Each sub-account invests its shares or units in an underlying mutual fund. Sub-accounts are measured in terms of accumulation units. The sub-accounts are valued based on the quoted market prices of the mutual funds. Certain fund fees and expenses, mortality and risk charges, and administration charges are deducted from the value of the mutual funds to arrive at the value of the sub-accounts. The accumulation units are valued at Net Asset Value (NAV) on a daily basis. Participant transactions (issuances and redemptions) may occur daily.

NOTE C – FAIR VALUE MEASUREMENTS – Cont.

Were the Plan to initiate a full redemption of the pooled separate account, the investment advisor reserves the right to temporarily delay withdrawal from the pooled separate account in order to ensure that securities liquidations will be carried out in an orderly business.

Group Annuity Contract: The contract is included in the financial statements at fair value. Fair value is determined by discounting the related cash flows based on current yields of similar instruments with comparable duration considering the credit-worthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Company evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms while others are substantiated utilizing available market data.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2014 and December 31, 2013.

Investment Assets at Fair Value as of December 31, 2014

Balance at the end of year	$ 1,801,477

NOTE C – FAIR VALUE MEASUREMENTS – Cont.

Unrealized gains/(losses) from the group annuity contract are not included in the statement of changes in net assets available for benefits as the contract is recorded at contract value for the purposes of the net assets available for benefits.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Instrument	Fair Value 12/31/2014	Fair Value 12/31/2013	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2014 and 2013, respectively.

December 31, 2014	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	$ 5,056,647	Not applicable	Daily	30 days

December 31, 2013	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	$ 4,106,670	Not applicable	Daily	30 days

NOTE D – UNAUDITED INVESTMENT INFORMATION CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR Section 2520.103-8 of the Department of Labor Rules and Regulations and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the plan's trustee, The Standard Insurance Company, and was not subjected to any auditing procedures performed by the independent public accountants.

a. All investments shown in the accompanying statements of net assets available for benefits.

b. Net investment income from the investments, as shown in the accompanying statement of changes in net assets available for benefits, including dividends and interest income and net realized and unrealized appreciation (depreciation) in the fair value of assets.

NOTE E – SIGNIFICANT INVESTMENTS

The following presents investments that represent 5 percent or more of the Plan's net assets.

	2014	2013
Pooled Separate Accounts	$ 5,056,647	$ 4,106,670
Group Annuity Contract	1,801,477	2,005,567

During 2014, the Plan's investments, (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

	2014
Pooled Separate Accounts	$ 369,499

NOTE F – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a benefit-responsive investment contract with The Standard Life Insurance Company. The Standard Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the plan by The Standard Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2014 and 2013, was $1,801,477 and $2,005,567, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than the contractually guaranteed rate. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability for the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan document (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan Administrator believes that any events that would limit the plan's ability to transact at contract value with participants are probable of not occurring.

The guaranteed insurance contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The average yields earned by the guaranteed investment contract are as follows:

Average yields:	2014	2013
Based on actual earnings	2.08%	1.87%
Based on interest rate credited to participants	1.94%	2.12%

NOTE G – RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

The Plan's assets are invested in pooled separate accounts and a group annuity contract sponsored by The Standard Life Insurance Company. The Standard Life Insurance Company is the trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in the net appreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

Audit fees and Third Party Administrator fees for services are paid by the Employer. In addition, the Employer provides certain accounting, administrative and investment management services to the Plan for which it receives no compensation.

NOTE H – TAX STATUS

The Plan was restated to adopt a prototype plan established by Sungard Corbel, LLC effective January 1, 2008. The Sungard prototype plan was granted an opinion letter from the Internal Revenue Service dated March 31, 2008 stating that the Plan document as then designed, was in compliance with Section 401 of the Internal Revenue Code, and, therefore, the underlying trust is not subject to tax under IRC 501(a). The Plan has been amended since receiving the determination letter. However, the plan sponsor is not aware of any course of action or series of events that have occurred that would adversely affect the qualified status of the Plan. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE I – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE J – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts including all employer contributions.

NOTE K – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2014 and 2013, to the Form 5500:

	2014	2013
Net assets available for benefits per the financial statements	$ 6,982,924	$ 6,200,623
Less: Participant receivables	(23,368)	(13,297)
Less: Employer receivables	(8,098)	(5,693)
Net assets available for benefits per Form 5500	$ 6,951,458	$ 6,181,633

NOTE K – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 – Cont.

The following is a reconciliation of contributions per the financial statements to the Form 5500 as of and for the years' ended December 31, 2014 and 2013:

	2014
Contributions per financial statements	$ 739,455
Add: Contributions included as receivables at beginning of year	18,990
Less: Contributions included as receivables at end of year	(31,466)
Participant contributions per Form 5500	$ 726,979

NOTE L – SUBSEQUENT EVENT

The Company has restated the Plan, effective April 1, 2015. The Plan was changed to accept Roth contributions from participants and to allow participants to initiate only one loan per calendar year. Please refer to the Plan Document for a more detailed description of this restatement.

To the Administrative Committee of the
Owens Healthcare 401(k) Plan
Redding, CA

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of the Owens Healthcare 401(k) Plan, as of and for the year ended December 31, 2014, in accordance with auditing standards generally accepted in the United States of America, we considered the Owens Healthcare 401(k) Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a Department of Labor (DOL) limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by auditing standards generally accepted in the United States of America and did not include a consideration of internal control relating to the information summarized in Note D to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the plan's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first two paragraphs and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance that all such deficiencies have been identified. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

This communication is intended solely for the information and use of management, the Administrative Committee, and others within the Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.
