A - DESCRIPTION OF PLAN

The following description of the Ace World Companies 401(k) Plan (the "Plan") is provided for general information purposes only. The plan Sponsor is Ace World Companies, Ltd. Participants should refer to the Plan Agreement for more complete information.

General

The Plan was adopted effective January 1, 1994 and has been subsequently amended to conform to Federal regulations, and is a qualified defined contribution plan covering all eligible employees of Ace World Companies, Ltd. (the Company) who are 21 years of age or older and have completed one year of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). America's 401k, Inc. is the third-party administrator for the Plan and First Mercantile Trust Company is the trustee.

The Plan invests in mutual funds through a contract with First Mercantile Trust Company. The Trustee of the Plan has been designated to hold the assets of the Plan for the benefit of Plan Participants and their beneficiaries in accordance with the terms of this Plan. The Trust Fund established by the Plan's Trustee will be the funding medium used for the accumulation of assets from which Plan benefits will be distributed.

Contributions and Allocations

In order to allow participants the opportunity to increase their retirement income, each participant may, in accordance with nondiscriminatory procedures established by the administrator, elect to make employee voluntary contributions to the Plan. Such contributions must generally be paid to the trustee within a reasonable period of time after being received by the employer. There are two types of salary deferrals: Pre-Tax 401(k) deferrals and Roth 401 (k) deferrals.

The Company may make a discretionary profit sharing contribution to the Plan to be determined annually. The Company made matching contributions of $93,907 in 2014.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of the participant's accounts plus actual earnings thereon is 20% after two years of service increasing 20% each year until fully vested after six years of service. A participant will be fully vested in all of his/her accounts under the Plan (including those accounts attributable to the adopting employer's contributions) upon reaching the Plan's normal retirement age (age 65), his/her disability or death as well as termination of the plan.

A - DESCRIPTION OF PLAN (Continued)

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant with an account balance of $5,000 or less will automatically have benefits distributed in a lump-sum payment. A terminated participant may receive a distribution of his or her contributions at any point. If a mandatory distribution is made which is less than $1,000, the Plan does not require the Participant consent.

A participant may receive a hardship distribution of his or her salary reduction contributions if the distribution is (1) on account of medical expenses incurred by the participant, his spouse or dependents, (2) to purchase (excluding mortgage payments) a principal residence of the participant, (3) for the payment of tuition, related educational fees and room and board for the next twelve months of post-secondary education for the participant, his spouse, children or dependents, (4) needed to prevent eviction of the participant from his principal residence or foreclosure upon the mortgage of the participant's principal residence, (5) payments for burial or funeral expenses of your deceased parent, spouse, children or other dependents, or (6) expenses for the repair of damage to your principal residence that would qualify for the casualty deduction under the Internal Revenue Code.

Forfeitures

The Employer may use forfeitures to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. There were no unallocated forfeitures as of December 31, 2014.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment Options

The Plan allows a participant to direct investments of the balance of their participant account. If a participant does not elect to direct the investment of their account, then the account will be invested in accordance with the default investment alternatives established under the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Because the Plan is a defined contribution plan, it is not covered by Pension Benefit Guaranty Coverage insurance.

A - DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Participant loans are permitted under the Plan. A participant can borrow the lesser of fifty percent of their vested account balance or $50,000. The initial loan must at least $1,000. All loans are considered directed investment of the participant's account and all payments of principal and interest will be credited to their account. A participant may only have one loan outstanding at any given time. Loan terms may not exceed five years except in the case of a loan for a primary residence which may not be longer than ten years. The participant's loan is collateralized by the balance in the participant's account and bears interest at a fixed, commercially reasonable rate. Principal and interest are paid ratably through payroll deductions each pay period.

Participant Rollovers

Participants are allowed to transfer or rollover funds into the Plan from other qualified plans.

Administrative Expenses

Any fees related to the administration of the Plan or associated with the investment of Plan assets may be paid by the Plan or by the Plan sponsor. If the Sponsor does not pay Plan-related expenses, such fees or expenses will generally be allocated to the accounts of Participants either proportionally based on the value of account balances or as an equal dollar amount based on the number of participants in the Plan.

B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following summary of the Plan's significant accounting policies is presented to assist in understanding the financial statements. The financial statements and notes are representations of the Plan's management, who is responsible for their integrity and objectivity.

Basis of Presentation and Use of Estimates

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. The accrual basis of accounting requires the use of estimates and assumptions that affect the assets, liabilities, revenues and expenses reported in the financial statements, as well as amounts included in the notes thereto, including discussion and disclosure of contingent liabilities. Although the Plan uses its best estimates and judgments, actual results could differ from these estimates as future confirming events occur.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on the cash basis when received. Related fees are charged directly to the borrowing participant's account when incurred. As of December 31, 2014 and 2013, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Contributions
Contributions from employees are recorded in the period in which they are deducted from participant earnings. Company contributions may be recorded when received or accrued.

Plan Expenses and Payments of Benefits
Plan expenses and the payment of benefits are recorded when paid by the Plan.

Fair Value Measurements
The framework for measuring fair value is a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted price in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2
Input to valuation methodology includes:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to for valuation are unobservable and significant to the fair value measurement.

Fair Value Measurements

Asset type	Proposed Level	Rationale
Mutual funds (including Money Market funds)	Level 2	Mutual funds are priced and trades executed at the published net asset value daily, or the public offering price for accounts trading under rights accumulation (ROA). The net asset value or POP is widely available from a variety of pricing services, including Yahoo and Google Finance.

C - TAX STATUS

Ace World Companies 401(k) Plan has not applied for a determination letter from the Internal Revenue Service ("IRS") to determine if the Plan is designed in accordance with applicable sections of the IRC. The Plan document is based upon a volume submitter plan instrument from America's 401k, Inc. which received an IRS advisory letter dated March 31, 2014. The volume submitter plan instrument has been updated for legislative and regulatory changes. Management Committee of America's 401k, Inc. and Plan administrator believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for tax periods in progress. Under normal circumstances, the Federal tax returns for the three preceding years remain open and subject to examination by the Internal Revenue Service.

F - ADMINISTRATIVE FEES

The Plan paid America's 401k, Inc. $1,295 in 2014. The Sponsor continues to incur the expenses for the Plan such as payroll administration and the fee paid to the auditor.

G - CONCENTRATIONS OF RISK

The following is a summary of financial instruments subject to credit risk at year end.

Investment Securities
The Plan's investments are not insured by agencies of the United States government. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits. The maximum amount of loss due to credit risk that the Plan would incur if parties to the financial instruments failed to perform according to the terms of the contracts and the collateral, in any, proved to be of no value would approximate the balances that appear on the Statement of Net Assets Available for Benefits.

Notes Receivable from Participants
As discussed in Note A above, if a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

H – PARTY IN INTEREST TRANSACTIONS

America's 401k, Inc. is the third party administrator of the plan and as such is a party-in-interest with respect to the plan. First Mercantile Trust Company is the trustee/custodian of the Plan's investments and as such is a party-in-interest to the Plan.
