Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Notes to Financial Statements

1. Description of Plan

Description of Plan

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan provisions. In addition, there are no differences between the Plan's financial statements and the year ended December 31, 2014 Form 5500.

During the first plan year ended December 31, 2014, the 401(K) Retirement Plan Custodian was State Street Bank & Trust Company.

General
Under this plan arrangement, the amounts employees defer from their wages are not subject to income taxes at the time of deferral. However, deferred amounts are subject to Social Security taxes. Upon retirement, death or disability, termination of employment or financial hardship, their distribution, including earnings and employer contributions, will be subject to income taxes.

The 401(k) portion of the Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is defined by Section 401(k) of the Internal Revenue Code.

Eligibility
In order to participate in the Plan, participants must be a least age 21 and have completed one Year of Eligibility Service. A Year of Eligibility Service is accomplished after completing 1,000 Hours of Service during the first twelve months of employment. If 1,000 Hours of Service is not completed in the first twelve months of employment, participants will be credited with a Year of Eligibility Service, provided they complete 1,000 Hours of Service in any following calendar year. An Hour of Service is any hour for which participants are paid or are entitled to payment. If they are absent from employment with the employer because of qualified military service, the military service will count as service for purposes of meeting the plan's eligibility requirements.

Contributions
The Elective Deferrals to the Plan are made from participants' eligible earnings before taxes are taken out. Participants may contribute from 1% to 80% (in whole percentages) of their eligible earnings. However, total deferred compensation may not exceed the limits set by ERISA in any one year.

Matching

Participant contributions are not matched by DJK Home Healthcare, LLC (Employer). There was no Company matching for the year ended 2014.

Vesting
Participants are 100% vested in their respective 401(k) accounts.

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Payment of Benefits
Participants may withdraw all or part of their vested account balance once they reach age 59½ to the extent the amount in the retirement account is otherwise distributable. Participants may also withdraw any or part of their Rollover Contributions Account to the extent the amount in the retirement account is otherwise distributable in the Plan, at any time and at any age.

In the event of a financial hardship participants may withdraw their own Elective Deferrals (excluding earnings on their Elective Deferrals). To make a hardship withdrawal under current Internal Revenue Service rules, you must be able to show that you are suffering an immediate and heavy financial hardship and that the money cannot be obtained from any other source.

Termination of Employment
A participant may elect to receive his or her contribution account balance upon termination of employment for any reason other than death, disability or retirement.

Disability or Death
The participant's combined account shall be paid to participant or his or her beneficiary following the disability or death of any employee. Upon his or her death, his or her vested account balance will be payable in a single lump sum to his or her beneficiary.

Financial Hardship
Financial hardship withdrawals are allowed for certain authorized purposes such as purchasing a primary home, paying for college education, or paying extraordinary medical expenses. Hardship withdrawals require approval of the Plan Committee and must comply with regulations and interpretations established by the IRS and Congress which may change from time to time. Hardship withdrawals prior to age 65 may be subject to a ten percent tax penalty.

Non-vested Forfeitures
Non-vested forfeitures are returned to the Company by the Custodian.

Administrative Fees
Other than fees deducted from the Plan assets by the Custodian, the Company absorbs all administrative costs related to the Plan. The Company does not consider these costs to be significant.

Investment Options
Upon enrollment in the Plan, a participant may direct their elective deferrals into a variety of mutual funds.

Participant Loans
The plan does not allow in participant loans as of December 30, 2014

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies

Basis of Presentation
The Plan maintains its books and records on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices that represent the net asset value of shares held by the Plan at year-end. All fair value measurements are based on ASC 820 Level 1 Inputs. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Fair Value of Financial Instruments
The carrying value of cash and cash equivalents, other receivables, accounts payable, and accrued expenses approximates fair value due to the relatively short-term nature of the financial instruments.

Considerable judgment is required to interpret market data to develop estimates of fair value. Accordingly, the estimates presented herein are not necessarily indicative of the amounts we could realize in a current market exchange. The use of different market assumptions and estimation methodologies may have a material effect on the estimated fair value amounts.

ASC Topic 820 "Fair Value Measurements and Disclosures" defines fair value as the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants. ASC Topic 820's valuation techniques are based on observable or unobservable inputs. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Company's market assumptions. These two types of inputs have created the following fair value hierarchy:

Level 1 – Quoted prices for identical instruments in active markets

Level 2 – Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations in which significant value drivers are observable

Level 3 – Valuations derived from valuation techniques in which significant value drivers are unobservable

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Fair values of assets measured on a recurring basis at December 31, 2014 are as follows:

		Fair Value Measurements at Reporting Date Using:

TRO 2035 R	5,791
TRO 2045 R	3,351
All Other Funds	1,436
	$ 34,564

4. Plan Termination

Although it has not expressed the intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

5. Employer Contributions

The Company is not obligated to make contributions to the Plan. During the twelve months ended December 31, 2014, employer contribution was $0

6. Tax Status

The Plan has not received a favorable determination letter from the Internal Revenue Service under section 401(a) of the Internal Revenue Code as of September 4, 2015.

7. Concentration of Credit Risk

The investment structure of the Plan consists of an arrangement involving mutual funds. Thus, no investments in the Plan are insured.

8. Income Taxes

The plan's activities for year may be subject to audit and review by the Internal Revenue Service and other jurisdictions. As of December 31, 2014, the plan has not been notified of any pending audit or review.

9. Subsequent Events

On July 14, 2015, the Company learned that its 401K plan would require an audit. The Company then learned the cost associated with the audit. After carefully considering the cost of the plan and all alternative options, the President decided to terminate the 401K plan with ADP effective September 30, 2015.

Subsequent events have been evaluated through September 4, 2015, the report issuance date.
