NOTE A - DESCRIPTION OF THE PLAN

The following description of the Transdev North America, Inc. 401(k) Plan for Collectively Bargained Employees (the Plan) provides only general information. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution profit sharing and 401(k) plan covering eligible employees covered by a collective bargaining unit of Transdev North America, Inc. (the Company). The Company has multiple operating locations throughout the United States, and plan provisions specific to a location are specified in that location's governing adoption agreement. Employees of the Company are eligible to participate upon completion of a service period and age requirement, as specified in each respective location's adoption agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

2. Contributions

The Plan is funded by voluntary contributions of participants and matching and profit sharing contributions of the Company. Participants may contribute to the Plan, through regular payroll deductions, an amount subject to limitations imposed by the Internal Revenue Code. Participants may also roll over amounts representing distributions from other qualified employee benefit plans. The Company made or accrued matching contributions of $3,285,602 in 2014. In addition, the Company also made or accrued profit sharing contributions of $4,254,941 in 2014.

3. Investment Options

Participants must direct their salary deferral contributions and the Company's contributions into a variety of investment funds made available and determined by the Retirement Committee. Participants may change their investment options at any time.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

4. Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's matching or profit sharing contributions, and an allocation of plan earnings. The Company's matching contribution is allocated based on a percentage of the participant's contribution, as defined in each respective location's adoption agreement. The Company's profit sharing contribution is allocated based on either the participant's compensation or the number of eligible hours worked by the participant during the year, as defined in each respective location's adoption agreement. Plan earnings are allocated to participants' accounts in direct proportion to their respective account balances, based on the performance of the participants' investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

5. Vesting

Participants are immediately fully vested in participant and rollover contributions plus the actual earnings thereon. The portions of the participants' accounts attributable to the Company's contributions become vested at various rates, as defined in each respective location's adoption agreement. In the event of death, disability, or attainment of the Plan's normal retirement age of 65, participants become fully vested.

6. Payment of Benefits

On termination of service, a participant may elect to receive a single, lump-sum payment equal to the value of his or her vested account balance or a direct rollover distribution. In-service withdrawals are allowed for participants who have attained age 59½. Hardship withdrawals are also permitted by the Plan.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants are permitted to take loans from the Plan up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The loans are collateralized by the borrowers' respective vested account balances and bear interest at 4.25% to 9.25%. Principal and interest are paid through payroll deductions over a period not to exceed five years, unless for the purchase of a primary residence. Related interest income totaled $185,352 for the year ended December 31, 2014.

8. Administrative Expenses

Administrative expenses of the Plan are paid by the Company and the Plan. Administrative expenses paid by the Company approximated $165,000 for the year ended December 31, 2014.

9. Forfeitures

At December 31, 2014 and 2013, unallocated plan assets resulting from forfeited nonvested accounts totaled $9,061 and $178,118, respectively. These accounts will be used to reduce future Company contributions or pay plan administrative expenses. During 2014, forfeitures used to pay plan administrative expenses and reduce employer contributions approximated $27,000 and $162,000, respectively.

10. Plan Transfers

Participants may transfer their accounts to or from the Transdev North America, Inc. 401(k) Plan for Non-Collectively Bargained Employees, another Company-sponsored qualified plan, due to changes in the participant's job classification. In the event of a transfer, the participant's vested account balance in the new plan will equal the vested account balance in the previous plan upon the transfer.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Current accounting standards require investment contracts held by a defined contribution plan to be reported at fair value.

However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on the contract value basis.

2. Fair Value Measurements

Current accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include the following:

* Quoted prices for similar assets or liabilities in active markets;
* Quoted prices for identical or similar assets or liabilities in inactive markets;
* Inputs other than quoted prices that are observable for the asset or liability;
* Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's investments measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust: Valued based on the NAV of units of the common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2014 and 2013.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

The Plan held shares of interests in a common/collective trust fund at December 31, 2014 and 2013. There were no unfunded commitments and no redemption limitations or notice periods. The common/collective trust fund invests primarily in U.S. government and government agency obligations and nonconvertible bonds.

3. Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Unrealized gains or losses from appreciation or depreciation of investments are recognized as increases or decreases in net assets available for benefits.

4. Use of Estimates

In preparing the Plan's financial statements, management is required to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

5. Payment of Benefits

Benefits are recorded when paid.

6. Accounting for Uncertainty in Income Taxes

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

NOTE C - INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Investments and notes receivable from participants held at December 31, 2014 and 2013, net depreciation in the value of investments, and interest and dividend income for the year ended December 31, 2014, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the trustee.

The following tables present the fair value of the investments and notes receivable from participants in the Plan. Individual investments representing more than 5% of the Plan's net assets at December 31, 2014 and/or 2013 are separately identified.

	2014	2013
Fidelity Management Trust Company		
Mutual Funds		
Fidelity Freedom 2015 Fund	$ 7,571,548	$ 7,319,272
Fidelity Freedom 2020 Fund	18,006,101	15,533,137
Fidelity Freedom 2025 Fund	11,704,792	9,934,942

Notes receivable from participants	4,888,729	3,852,070
	$ 91,775,073	$ 81,330,177

During the year ended December 31, 2014, the Plan's investments in mutual funds (including investments purchased, held, and sold during the year) depreciated by $968,276.

NOTE D - INCOME TAX STATUS

The Plan obtained its latest determination letter on August 11, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code and is, therefore, exempt from income taxes.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become fully vested in their respective account balances.

NOTE F - MARKET RISK

The value of the Plan's investments is subject to market risk associated with potential fluctuations in the values of the underlying securities. Fluctuations in the market value of the Plan's investments could be material to the financial statements.

NOTE G - PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

NOTE H - PLAN AMENDMENTS

Effective August 18, 2014, the Plan name was formally changed from Veolia Transportation, Inc. 401(k) Plan for Collectively Bargained Employees to Transdev North America, Inc. 401(k) Plan for Collectively Bargained Employees.

NOTE I - RECONCILIATION OF AUDITED FINANCIAL STATEMENTS TO FORM 5500

The following are reconciliations of net assets available for benefits and interest and dividends from these financial statements to the Form 5500. The reconciliation items are a result of the fact that the 2014 and 2013 Forms 5500 report the Plan's investment in the Fidelity Managed Income Portfolio at fair value, rather than contract value, as required by accounting principles generally accepted in the United States of America.

	2014	2013
Net assets available for benefits - financial statements	$ 93,482,974	$ 83,318,247
Adjustment from contract value to fair value for the Plan's investment in a fully benefit-responsive investment contract	116,879	117,394
Net assets available for benefits - Form 5500	$ 93,599,853	$ 83,435,641

	Year ended December 31, 2014
Interest and dividend income - financial statements	$ 5,359,345
Add: 2014 adjustment from contract value to fair value for fully benefit-responsive investment contracts	116,879
Less: 2013 adjustment from contract value to fair value for fully benefit-responsive investment contracts	(117,394)
Interest and dividends - Form 5500	$ 5,358,830

NOTE J - PROHIBITED TRANSACTIONS

The Plan Sponsor failed to deposit participant contributions within the timeframe required by the United States Department of Labor (DOL). The DOL considers late deposits to be prohibited transactions as disclosed in the accompanying supplemental information. The Plan Sponsor has self-corrected these deficiencies by December 31, 2014.

NOTE K - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through September 15, 2015, the date that these financial statements were available to be issued. Plan management has determined that no events or transactions have occurred subsequent to the statement of net assets available for benefits date that require disclosure in the financial statements.
