Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Gregory Industries, Inc. Retirement and Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by The Charles Schwab Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2014 and 2013, and for the year ended December 31, 2014, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

NOTES TO FINANCIAL STATEMENTS

GREGORY INDUSTRIES, INC. RETIREMENT AND SAVINGS PLAN

Note 1. Description of the Plan

The following description of the Gregory Industries, Inc. Retirement and Savings Plan (Plan) provides only general information. Participants should refer to the Summary Plan Description and Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution, safe harbor 401(k) plan covering substantially all employees of Gregory Industries, Inc. and Subsidiaries (Plan Sponsor). Subsidiaries of the Plan Sponsor include Gregory Roll Forming, Inc. and Gregory Galvanizing & Metal Processing. The Plan covers: (1) hourly employees of Gregory Roll Forming, Inc. who are covered by a collective bargaining agreement with the United Steelworkers of America AFL-CIO, and (2) salaried or hourly employees who are not covered by a collective bargaining agreement. Excluded employees not permitted to participate in the Plan are as follows: Employees of affiliated employers who have not specifically adopted the Plan and employees classified by the employer as independent contractors who are subsequently determined by the Internal Revenue Service to be employees, or employees who are leased employees. Eligible employees are able to enter the Plan on their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participant deferrals are voluntary. Deferrals of not more than 100% of gross salary are tax deferred up to a maximum as established by the Internal Revenue Code. The Plan's provisions require the Company to fully match participant contributions equal to the sum of 100% of the amount of salary reductions that are not in excess of 5% of compensation. The Plan's provisions also allow for discretionary contributions. Contributions are subject to certain statutory limitations. The Plan further provides that contributions will be made on behalf of the union employees of Gregory Roll Forming, Inc. who are covered under the collective bargaining agreement with the United Steelworkers of America, AFL-CIO. The contribution rates per hour for those union employees hired prior to January 1, 2012 are as follows:

<u>Years of employment</u>	<u>Contribution on or after anniversary of employment</u>
Less than 1 year	No contribution
At least 1 year but less than 3 years	Fifty cents (\$.50) per hour of service completed by such participant in such Plan year
At least 3 years but less than 5 years	Seventy-five cents (\$.75) per hour of service completed by such participant in such Plan year
At least 5 years but less than 10 years	One dollar and twenty-five cents (\$1.25) per hour of service completed by such participant in such Plan year
After 10 years	One dollar and fifty cents (\$1.50) per hour of service completed by such participant in such Plan year

For those union employees hired after January 1, 2012, the company match will equal 50% of the first \$175 in participant contributions and then a 100% match up to 5% of total compensation.

Participant Accounts

Each participant's account is credited with the participant's deferrals and allocations of (a) the Company's contributions and (b) Plan earnings, and is charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

GREGORY INDUSTRIES, INC. RETIREMENT AND SAVINGS PLAN

Note 1. Description of the Plan (Continued)

Vesting

Participants are immediately vested in their deferrals and the Company's safe harbor contributions plus actual earnings thereon. Employer contributions made on behalf of employees covered by the collective bargaining agreement with the United Steelworkers of America, AFL-CIO are 100% vested. Accounts transferred from the Gregory Roll Forming, Inc. Hourly Retirement Plan are fully vested, as well. Vesting in discretionary Company contributions plus actual earnings thereon is based on years of service with full vesting taking place after three years of credited service.

Participant Investment Options

Upon enrollment in the Plan, a participant must direct employer contributions and employee deferrals to any of the investment options made available and determined by the plan administrator. Participants may change their investment options and withholding percentage at any time without penalty.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance. Notes receivable terms range from 1 to 5 years or longer for the purchase of a primary residence. The notes receivable are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 5.25%, which approximates the market rate of interest at the date of the note receivable. Principal and interest are repaid ratably through monthly payroll deductions.

Payment of Benefits

Upon the retirement, termination, disability, or death of a participant, all amounts attributable to the participant's account (elective salary deferrals, elective contributions by the Company, discretionary contributions, and income allocable to such amounts) become payable to the participant or beneficiary. Also, in the event of hardship as defined by the Plan, a participant is entitled to distribution of benefits. Benefits may be received either in a lump-sum payment or installment payments for a period not to exceed the life expectancy of the participant or the joint life expectancy of the participant and the participant's designated beneficiary.

Forfeited Accounts

Nonvested forfeited balances of terminated participants are used first to reduce plan administrative expenses and then to reduce future contributions by the Company. Any forfeiture not used by the Plan will be allocated to participants eligible to share in employer discretionary profit sharing contributions in the same proportion that their compensation bears to the total compensation of all such participants. The balance of nonvested forfeited accounts was not significant as of December 31, 2014 and 2013. There were no forfeitures used to reduce Company contributions for the year ended December 31, 2014.

Note 2. Significant Accounting Policies

The accompanying statements reflect the application of certain accounting policies described in this note.

Basis of Accounting

The accompanying financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported changes in net assets during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the plan sponsor. No such officer or employee receives compensation from the Plan. The cost of administrative expenses is paid out of the Plan unless the Company elects to make payment.

Note 2. Significant Accounting Policies (Continued)

Pending Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update No. 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent). The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this Update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. Plan management is currently evaluating the impact this update will have on the Plan's financial statements.

In July 2015, the FASB issued ASU No. 2015-12, (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient – Consensus of the Emerging Issues Task Force. The amendments in this update (1) requires a pension plan to use contract value as the only measure for fully benefit-responsive investment contracts, (2) simplifies and increases the effectiveness of the investment disclosure requirements for employee benefit plans, and (3) provides benefit plans with a measurement-date practical expedient similar to the practical expedient provided to employers in ASU 2015-04, Practical Expedient for the Measurement Date of an Employer's Defined Benefit Obligation and Plan Assets. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Part I and Part II shall be applied retrospectively to all periods presented, while the amendments in Part III shall be applied prospectively. Plan management is currently evaluating the impact this update will have on the Plan's financial statements.

Subsequent Events

The Plan has evaluated subsequent events through September 21, 2015, the date the financial statements were available to be issued.

Note 3. Investments

All investment information including investments held and notes receivable from participants as of December 31, 2014 and 2013, interest and dividend income and net appreciation in fair value of investments for the year ended December 31, 2014, included in the Plan's financial statements and supplemental schedule, was prepared by or derived from information provided by The Charles Schwab Trust Company, the trustee, and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that the information provided to the plan administrator by the trustee related to the assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the investment information.

Note 3. Investments (Continued)

The value of individual participant-directed investments that represent 5% or more of the Plan's net assets as of December 31 are as follows:

	2014	2013
Common collective trusts		
* Schwab Managed Retirement 2020	\$ 3,626,672	\$ 5,784,284
* Schwab Managed Retirement 2030	1,262,006	740,830
* Schwab Managed Retirement 2040	759,584	654,101
Mutual funds		
Invesco Growth and Income	672,071	686,407
JP Morgan Core Bond Fund	694,622	576,225**
Money Market Fund		
* Schwab Value Advantage Fund	594,144	819,400

* party-in-interest to the Plan

** investment less than 5% of the Plan's net assets but presented for comparative purposes

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value during the year ended December 31, 2014 as follows:

Common collective trusts	\$ 391,892
Mutual funds	5,954
	<u>\$ 397,846</u>

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 Inputs to the valuation methodology include
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTES TO FINANCIAL STATEMENTS

GREGORY INDUSTRIES, INC. RETIREMENT AND SAVINGS PLAN

Note 4. Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Common Collective Trusts: Valued at the daily net value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund: Valued using amortized cost which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Assets at fair value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total

Fair Value of Investments That Use Net Asset Value

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31:

	2014			
	Fair value	Unfunded commitment	Redemption frequency	Redemption notice period
Common collective trusts				
Retirement income (a)	<u>\$ 6,025,907</u>	<u>\$ -</u>	Daily	None

Common collective trusts				
Retirement income (a)	<u>\$ 7,475,509</u>	<u>\$ -</u>	Daily	None

- (a) This category seeks to provide total return for investors in or near retirement. To pursue its investment objective, the category is designed to be a comprehensive investment option and is diversified across a variety of asset classes that may include, but are not limited to, domestic equity, international equity, global real estate (REITs), commodities, intermediate-term bond, short-term bond, cash equivalents and inflation-protected bond (U.S. TIPS). The category uses a blend of actively and passively managed sub-advised strategy to gain exposure to various market capitalizations and asset classes. The Income Custom Index is the index against which the category will be compared; however the category will not attempt to replicate the index.

Note 4. Fair Value Measurements (Continued)

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Plan management evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2014, there were no significant transfers in or out of Levels 1, 2 or 3.

Note 5. Transactions with Parties-in-Interest

The Plan invests in shares of mutual funds, common collective trusts and money market funds managed by The Charles Schwab Trust Company, trustee of the Plan (see Note 3). Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 7. Income Tax Status

Effective January 1, 2009, the Plan adopted a standardized form of a prototype plan sponsored by The Charles Schwab Trust Company. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
