Notes to Financial Statements

December 31, 2014 and 2013

---

## **Note (1) - Summary of Significant Accounting Policies**

### **Basis of Accounting**

The Plan's financial statements are presented on the accrual method of accounting.

### **Investment Valuation**

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

### **Date of Management's Review**

Subsequent events were evaluated through August 10, 2015 which is the date the financial statements were available to be issued.

### **Expenses**

Certain expenses of the Plan are paid directly by the Company and are excluded from these financial statements.

### **Payment of Benefits**

Benefits are recorded when paid.

### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

## **Note (2) - Plan Description**

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

### **General**

The Plan is a salary deferral plan covering substantially all employees of BH Electronics, Inc. Employees are eligible to participate when they complete 90 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

## **Salary Deferral**

Participants may elect to defer up to the maximum percentage allowable not to exceed the dollar amount set by law. Participants who have obtained the age of 50 before the end of the Plan year are eligible to make catch-up contributions.

## **Contributions**

Each year, the Employer will contribute to the Plan the total amount of salary deferrals that the participants have elected. Participants may also contribute amounts representing distributions from other qualified plans. Additionally, the Employer may make a discretionary profit sharing contribution.

Upon enrollment in the Plan, a participant may direct employee contributions in any of seventeen investment options. The participant's choices are invested in mutual funds and collective trust funds with Wells Fargo.

Contributions to the Plan for the year ended December 31, 2014, totaled \$64,885 consisting entirely of participant salary deferrals. There were no employer profit sharing contributions for the year ended December 31, 2014.

## **Forfeited Accounts**

At December 31, 2014 and 2013, forfeited nonvested amounts totaled \$4,267 and \$3,450, respectively. Nonvested forfeiture accounts may first be used to pay any plan administrative expense and then may reduce future employer contributions.

## **Participant Accounts**

Each participant's account is credited with the amount of their deferred salary, rollovers from other qualified plans, and an allocation of the Employer's discretionary profit sharing contribution in the ratio that each eligible participant's compensations bears to the eligible compensation of all participants. The net investment income or losses of the Plan are allocated based upon the actual earnings for each participant's individual account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

## **Vesting**

Upon their effective date of participation, participants are 100% vested in their salary deferral contributions plus the earnings thereon. Participants are vested in the employer profit sharing contributions based on a cliff vesting schedule, becoming 100% vested after year three.

## **Payment of Benefits**

Participants are eligible to receive a distribution of benefits upon death, disability, termination of employment, or in the event of certain hardships as defined under the plan. Participants entitled to receive a distribution of benefits shall be paid in a lump-sum payment.

At December 31, 2014 and 2013, Plan net assets of \$5,463 and \$2,467, respectively, are allocated to participants who have withdrawn from the Plan but have not been paid.

## Excess Contributions Payable

Excess contributions represent amounts withheld from participants in excess of IRC limitations that are to be refunded at year-end. As of December 31, 2014 and 2013, \$32,147 and \$33,365, respectively, of excess contributions and earnings thereon are required to be refunded prior to December 31, of the subsequent year. These amounts were refunded to participants prior to March of the year following the plan year-end. Excess contributions and earnings are netted against contributions and interest income in the statements of changes in net assets available for benefits.

## Note (3) - Fair Value Measurements

The Plan, in accordance with generally accepted accounting principles, classifies its investments into three broad levels: Level 1 which refers to securities for which prices can be easily quoted in an active market, Level 2 which refers to securities not traded on an active market but for which observable market inputs are readily available or Level 3 securities where there is a contractual restriction, and Level 3 which refers to securities not traded in an active market and for which no significant observable market inputs are available.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013:

Mutual Funds - valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the security and exchange commission. These funds are required to publish the daily net asset value (NAV) and to transact at that price.

Collective trust funds - valued at the NAV of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

At December 31, 2014 and 2013, the Plan's portfolio investments were classified as follows:

| <u>December 31, 2014</u>   | <u>Fair Value</u> | <u>Quoted Prices in<br/>Active Markets-<br/>Identical Assets<br/>(Level 1)</u> | <u>Significant<br/>Other<br/>Observable<br/>Inputs (Level 2)</u> |

The following is a description of the investment strategies for the collective trust funds at December 31, 2014 and 2013:

**Stable Return Fund** - This fund seeks to provide investors with a moderate level of stable income without principal volatility.

Enhanced Fund - This fund seeks total returns in excess of the S&P 500 Index with risk characteristics similar to the S&P 500 Index. The fund invests principals in equity securities of large U.S. companies.

#### **Note (4) - Plan Termination**

The Employer has the right to terminate the Plan at any time. Upon termination all participants will become 100% vested in all amounts credited to their accounts.

#### **Note (5) – Related Party Transactions**

Certain Plan investments are units of collective trust funds and mutual funds managed by Wells Fargo. Wells Fargo is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Fees paid to Wells Fargo by the Plan for investment management amounted to \$3,209 and \$3,305 for the years ended December 31, 2014 and 2013, respectively.

#### **Note (6) - Tax Status**

The Plan, which is a prototype of a plan that has qualified under the Internal Revenue Code as exempt from federal income tax, has received a favorable tax determination letter from the Internal Revenue Service.

Accounting principles generally accepted in the United States of America require management of the Plan to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

#### **Note (7) – Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**Note (8) – Investments**

The fair values of individual investments which represent five percent (5%) or more of the Plan's net assets available for benefits as of December 31, 2014 and 2013, are as follows:

Notes to Financial Statements

December 31, 2014 and 2013

---

## **Note (1) - Summary of Significant Accounting Policies**

### **Basis of Accounting**

The Plan's financial statements are presented on the accrual method of accounting.

### **Investment Valuation**

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

### **Date of Management's Review**

Subsequent events were evaluated through August 10, 2015 which is the date the financial statements were available to be issued.

### **Expenses**

Certain expenses of the Plan are paid directly by the Company and are excluded from these financial statements.

### **Payment of Benefits**

Benefits are recorded when paid.

### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

## **Note (2) - Plan Description**

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

### **General**

The Plan is a salary deferral plan covering substantially all employees of BH Electronics, Inc. Employees are eligible to participate when they complete 90 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

## **Salary Deferral**

Participants may elect to defer up to the maximum percentage allowable not to exceed the dollar amount set by law. Participants who have obtained the age of 50 before the end of the Plan year are eligible to make catch-up contributions.

## **Contributions**

Each year, the Employer will contribute to the Plan the total amount of salary deferrals that the participants have elected. Participants may also contribute amounts representing distributions from other qualified plans. Additionally, the Employer may make a discretionary profit sharing contribution.

Upon enrollment in the Plan, a participant may direct employee contributions in any of seventeen investment options. The participant's choices are invested in mutual funds and collective trust funds with Wells Fargo.

Contributions to the Plan for the year ended December 31, 2014, totaled \$64,885 consisting entirely of participant salary deferrals. There were no employer profit sharing contributions for the year ended December 31, 2014.

## **Forfeited Accounts**

At December 31, 2014 and 2013, forfeited nonvested amounts totaled \$4,267 and \$3,450, respectively. Nonvested forfeiture accounts may first be used to pay any plan administrative expense and then may reduce future employer contributions.

## **Participant Accounts**

Each participant's account is credited with the amount of their deferred salary, rollovers from other qualified plans, and an allocation of the Employer's discretionary profit sharing contribution in the ratio that each eligible participant's compensations bears to the eligible compensation of all participants. The net investment income or losses of the Plan are allocated based upon the actual earnings for each participant's individual account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

## **Vesting**

Upon their effective date of participation, participants are 100% vested in their salary deferral contributions plus the earnings thereon. Participants are vested in the employer profit sharing contributions based on a cliff vesting schedule, becoming 100% vested after year three.

## **Payment of Benefits**

Participants are eligible to receive a distribution of benefits upon death, disability, termination of employment, or in the event of certain hardships as defined under the plan. Participants entitled to receive a distribution of benefits shall be paid in a lump-sum payment.

At December 31, 2014 and 2013, Plan net assets of \$5,463 and \$2,467, respectively, are allocated to participants who have withdrawn from the Plan but have not been paid.

## Excess Contributions Payable

Excess contributions represent amounts withheld from participants in excess of IRC limitations that are to be refunded at year-end. As of December 31, 2014 and 2013, \$32,147 and \$33,365, respectively, of excess contributions and earnings thereon are required to be refunded prior to December 31, of the subsequent year. These amounts were refunded to participants prior to March of the year following the plan year-end. Excess contributions and earnings are netted against contributions and interest income in the statements of changes in net assets available for benefits.

## Note (3) - Fair Value Measurements

The Plan, in accordance with generally accepted accounting principles, classifies its investments into three broad levels: Level 1 which refers to securities for which prices can be easily quoted in an active market, Level 2 which refers to securities not traded on an active market but for which observable market inputs are readily available or Level 3 securities where there is a contractual restriction, and Level 3 which refers to securities not traded in an active market and for which no significant observable market inputs are available.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013:

Mutual Funds - valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the security and exchange commission. These funds are required to publish the daily net asset value (NAV) and to transact at that price.

Collective trust funds - valued at the NAV of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

At December 31, 2014 and 2013, the Plan's portfolio investments were classified as follows:

| <u>December 31, 2014</u>   | <u>Fair Value</u> | <u>Quoted Prices in<br/>Active Markets-<br/>Identical Assets<br/>(Level 1)</u> | <u>Significant<br/>Other<br/>Observable<br/>Inputs (Level 2)</u> |

The following is a description of the investment strategies for the collective trust funds at December 31, 2014 and 2013:

**Stable Return Fund** - This fund seeks to provide investors with a moderate level of stable income without principal volatility.

Enhanced Fund - This fund seeks total returns in excess of the S&P 500 Index with risk characteristics similar to the S&P 500 Index. The fund invests principals in equity securities of large U.S. companies.

#### **Note (4) - Plan Termination**

The Employer has the right to terminate the Plan at any time. Upon termination all participants will become 100% vested in all amounts credited to their accounts.

#### **Note (5) – Related Party Transactions**

Certain Plan investments are units of collective trust funds and mutual funds managed by Wells Fargo. Wells Fargo is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Fees paid to Wells Fargo by the Plan for investment management amounted to \$3,209 and \$3,305 for the years ended December 31, 2014 and 2013, respectively.

#### **Note (6) - Tax Status**

The Plan, which is a prototype of a plan that has qualified under the Internal Revenue Code as exempt from federal income tax, has received a favorable tax determination letter from the Internal Revenue Service.

Accounting principles generally accepted in the United States of America require management of the Plan to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

#### **Note (7) – Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**Note (8) – Investments**

The fair values of individual investments which represent five percent (5%) or more of the Plan's net assets available for benefits as of December 31, 2014 and 2013, are as follows:

| <u>Investment</u>                      | <u>2014</u> | <u>2013</u> |

For the year ended December 31, 2014, net appreciation (depreciation) in fair value of mutual funds and pooled funds totaled (\$23,671) and \$983, respectively.

Notes to Financial Statements

December 31, 2014 and 2013

---

## **Note (1) - Summary of Significant Accounting Policies**

### **Basis of Accounting**

The Plan's financial statements are presented on the accrual method of accounting.

### **Investment Valuation**

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

### **Date of Management's Review**

Subsequent events were evaluated through August 10, 2015 which is the date the financial statements were available to be issued.

### **Expenses**

Certain expenses of the Plan are paid directly by the Company and are excluded from these financial statements.

### **Payment of Benefits**

Benefits are recorded when paid.

### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

## **Note (2) - Plan Description**

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

### **General**

The Plan is a salary deferral plan covering substantially all employees of BH Electronics, Inc. Employees are eligible to participate when they complete 90 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

## **Salary Deferral**

Participants may elect to defer up to the maximum percentage allowable not to exceed the dollar amount set by law. Participants who have obtained the age of 50 before the end of the Plan year are eligible to make catch-up contributions.

## **Contributions**

Each year, the Employer will contribute to the Plan the total amount of salary deferrals that the participants have elected. Participants may also contribute amounts representing distributions from other qualified plans. Additionally, the Employer may make a discretionary profit sharing contribution.

Upon enrollment in the Plan, a participant may direct employee contributions in any of seventeen investment options. The participant's choices are invested in mutual funds and collective trust funds with Wells Fargo.

Contributions to the Plan for the year ended December 31, 2014, totaled \$64,885 consisting entirely of participant salary deferrals. There were no employer profit sharing contributions for the year ended December 31, 2014.

## **Forfeited Accounts**

At December 31, 2014 and 2013, forfeited nonvested amounts totaled \$4,267 and \$3,450, respectively. Nonvested forfeiture accounts may first be used to pay any plan administrative expense and then may reduce future employer contributions.

## **Participant Accounts**

Each participant's account is credited with the amount of their deferred salary, rollovers from other qualified plans, and an allocation of the Employer's discretionary profit sharing contribution in the ratio that each eligible participant's compensations bears to the eligible compensation of all participants. The net investment income or losses of the Plan are allocated based upon the actual earnings for each participant's individual account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

## **Vesting**

Upon their effective date of participation, participants are 100% vested in their salary deferral contributions plus the earnings thereon. Participants are vested in the employer profit sharing contributions based on a cliff vesting schedule, becoming 100% vested after year three.

## **Payment of Benefits**

Participants are eligible to receive a distribution of benefits upon death, disability, termination of employment, or in the event of certain hardships as defined under the plan. Participants entitled to receive a distribution of benefits shall be paid in a lump-sum payment.

At December 31, 2014 and 2013, Plan net assets of \$5,463 and \$2,467, respectively, are allocated to participants who have withdrawn from the Plan but have not been paid.

## Excess Contributions Payable

Excess contributions represent amounts withheld from participants in excess of IRC limitations that are to be refunded at year-end. As of December 31, 2014 and 2013, \$32,147 and \$33,365, respectively, of excess contributions and earnings thereon are required to be refunded prior to December 31, of the subsequent year. These amounts were refunded to participants prior to March of the year following the plan year-end. Excess contributions and earnings are netted against contributions and interest income in the statements of changes in net assets available for benefits.

## Note (3) - Fair Value Measurements

The Plan, in accordance with generally accepted accounting principles, classifies its investments into three broad levels: Level 1 which refers to securities for which prices can be easily quoted in an active market, Level 2 which refers to securities not traded on an active market but for which observable market inputs are readily available or Level 3 securities where there is a contractual restriction, and Level 3 which refers to securities not traded in an active market and for which no significant observable market inputs are available.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013:

Mutual Funds - valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the security and exchange commission. These funds are required to publish the daily net asset value (NAV) and to transact at that price.

Collective trust funds - valued at the NAV of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

At December 31, 2014 and 2013, the Plan's portfolio investments were classified as follows:

The following is a description of the investment strategies for the collective trust funds at December 31, 2014 and 2013:

**Stable Return Fund** - This fund seeks to provide investors with a moderate level of stable income without principal volatility.

Enhanced Fund - This fund seeks total returns in excess of the S&P 500 Index with risk characteristics similar to the S&P 500 Index. The fund invests principals in equity securities of large U.S. companies.

#### **Note (4) - Plan Termination**

The Employer has the right to terminate the Plan at any time. Upon termination all participants will become 100% vested in all amounts credited to their accounts.

#### **Note (5) – Related Party Transactions**

Certain Plan investments are units of collective trust funds and mutual funds managed by Wells Fargo. Wells Fargo is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Fees paid to Wells Fargo by the Plan for investment management amounted to \$3,209 and \$3,305 for the years ended December 31, 2014 and 2013, respectively.

#### **Note (6) - Tax Status**

The Plan, which is a prototype of a plan that has qualified under the Internal Revenue Code as exempt from federal income tax, has received a favorable tax determination letter from the Internal Revenue Service.

Accounting principles generally accepted in the United States of America require management of the Plan to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

#### **Note (7) – Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**Note (8) – Investments**

The fair values of individual investments which represent five percent (5%) or more of the Plan's net assets available for benefits as of December 31, 2014 and 2013, are as follows:

| <u>Investment</u>                      | <u>2014</u> | <u>2013</u> |

For the year ended December 31, 2014, net appreciation (depreciation) in fair value of mutual funds and pooled funds totaled (\$23,671) and \$983, respectively.
