Section I - Internal Control Related Matters Identified in an Audit

Section II - Required Communications with Those Charged with Governance

Section I includes any deficiencies we observed in the Plan's accounting principles or internal control that we believe are significant. Current auditing standards require us to formally communicate annually matters we note about the Plan's accounting policies and internal control.

Section II includes information that current auditing standards require independent auditors to communicate to those individuals charged with governance. We will report this information annually to the Plan Trustee of Glacier Clevite Heavywall Bearings Collective Bargaining 401(k) Profit Sharing Plan and Trust.

We would like to take this opportunity to thank the Plan's staff for the cooperation and courtesy extended to us during our audit. Their assistance and professionalism are invaluable.

This report is intended solely for the use of the Plan Trustee and management of Glacier Clevite Heavywall Bearings Collective Bargaining 401(k) Profit Sharing Plan and Trust and is not intended to be and should not be used by anyone other than these specified parties.

We welcome any questions you may have regarding the following communications and we would be willing to discuss any of these or other questions that you might have at your convenience.

Very truly yours,

Section I - Internal Control Related Matters Identified in an Audit

In planning and performing our limited scope audit of the financial statements of Glacier Clevite Heavywall Bearings Collective Bargaining 401(k) Profit Sharing Plan and Trust (the "Plan") as of and for the year ended December 31, 2014, we considered the Plan's internal control over financial reporting (internal control) other than those controls over investments and related investment activity. Our limited scope audit was performed in accordance with auditing standards generally accepted in the United States of America except, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, we did not perform any auditing procedures with respect to certified information except for comparing such information to the related information included in the financial statements. We considered internal control as a basis for designing our procedures to enable us to express an opinion as to whether the form and content of the information included in the financial statements, other than that derived from the certified information, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified a deficiency in internal control that we consider to be a significant deficiency.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis.

A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiency in the Plan's internal control to be a significant deficiency:

- During our audit, we noted there was no review of the third-party service provider's SOC-I/SSA16 reports. SOC-I reports are issued by the independent auditors of the service providers and address the service providers' own internal control policies and procedures. The SOC-I reports issued by the auditors typically note whether key internal control structure policies and procedures are suitably designed to achieve specified control objectives. Deficiencies, if any, are disclosed in the SOC-I reports. By reviewing the SOC-I reports, plan management can determine that the control objectives and associated control policies and procedures were tested for operating effectiveness at the service providers. These SOC-I internal control reports can be obtained from the service providers directly, normally on an annual basis. It is plan management's fiduciary responsibility to consider the controls in place at such organizations, or the lack thereof, and their potential impact on the Plan's financial reporting. The impact of not reviewing the SOC-I report is that the Plan's controls may not be appropriately adjusted to address controls not in place or not effective at the record-keeper; thus controls may not be in place to detect or prevent material misstatements.

Section II - Required Communications with Those Charged with Governance

Our Responsibility Under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter dated June 10, 2015, we conducted our audit in accordance with professional standards, except that, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA and as instructed by you, we did not perform any auditing procedures with respect to certified information except for comparing such information to the related information included in the financial statements. Because of the significance of the information that we did not audit, we did not express an opinion on the financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the certified information, were audited by us in accordance with auditing standards generally accepted in the United States of America and were subjected to tests of your accounting records and other procedures as we considered necessary to enable us to express an opinion as to whether they are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit of the financial statements does not relieve you or management of your responsibilities. As part of our audit, we considered the applicable internal control of Glacier Clevite Heavywall Bearings Collective Bargaining 401(k) Profit Sharing Plan and Trust. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our meeting about planning matters on July 6, 2015.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by Glacier Clevite Heavywall Bearings Collective Bargaining 401(k) Profit Sharing Plan and Trust are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2014.

September 17, 2015

We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus.

There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was the Plan's valuation of investments.

Management has informed us that in determining the appropriateness of the estimate of investment values, they have recorded the fair values based on market values provided by the investment custodian, plus any applicable valuation adjustments. We performed no specific procedures related to the valuation of the investments due to the limited scope nature of the engagement.

The disclosures in the financial statements are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Disagreements with Management

For the purpose of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management.

The attached schedule summarizes uncorrected misstatements of the financial statements which were requested to be recorded. Management has determined that their effects are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

Significant Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, and plans and strategies that may affect the risks of material misstatement with management each year prior to our retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition of our retention.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 17, 2015.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts.

To our knowledge, there were no such consultations with other accountants.

Other Information in Documents Containing Audited Financial Statements

Our responsibility for other information in documents containing the Plan's financial statements and report does not extend beyond the financial statements. We do not have an obligation to determine whether or not such other information is properly stated. However, we read the Plan's 5500 filing and nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information or manner of its presentation appearing in the financial statements.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Glacier Clevite Heavywall Bearings Collective Bargaining 401(k) Profit Sharing Plan and Trust (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2014 and 2013 and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank and Trust Company (the "Trustee"), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes related transactions. The plan administrator has obtained a certification from the Trustee as of December 31, 2014 and 2013 and for the year ended December 31, 2014 that the information provided to the plan administrator by Automatic Data Processing, Inc. (ADP), on behalf of the Trustee, is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held at end of year as of December 31, 2014 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Glacier Clevite Heavywall Bearings Collective Bargaining 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements December 31, 2014 and 2013

Note 1 - Plan Description

The following description of Glacier Clevite Heavywall Bearings Collective Bargaining 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all full-time employees of MIBA Bearings US, LLC (the "Company") who are a part of IAM Local 986 and are eligible to participate in the Plan upon completing the Plan's eligibility requirements, including having completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - The Plan provides for employee salary 401(k) contributions up to a maximum of 20 percent of the annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

An additional discretionary contribution may be made by the employer at the direction of the Company. The Company made no discretionary contributions in 2014.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on the participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Participant Notes Receivable - Participants may borrow from their accounts subject to certain maximum and minimum amounts as prescribed in the Plan and in the Internal Revenue Code including, but not limited to, approval by the retirement program committee. The maximum amount of a participant's borrowings shall not exceed \$50,000 and is limited to 50 percent of the participant's account balance. Participant notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

Vesting - Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Participants are 0 percent vested in contributions made by the Company until they become fully vested after five years of service.

Glacier Clevite Heavywall Bearings Collective Bargaining 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements December 31, 2014 and 2013

Note 1 - Plan Description (Continued)

Benefit Payments - Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account.

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures of Company contributions are allocated to all participants eligible to share in the allocations in the same proportion that each participant's compensation for the year bears to the compensation of all participants. There were no forfeitures for 2014.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by State Street Bank and Trust Company or its affiliates. State Street Bank and Trust Company is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments are stated at fair value. The common collective trust funds and money market fund are valued at net asset value per share (or its equivalent) of the funds, which is based on the fair value of the funds' underlying net assets.

All other investments are valued based on quoted market prices. See Note 5 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements December 31, 2014 and 2013

Note 2 - Summary of Significant Accounting Policies (Continued)

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Various administrative costs are paid by the Company.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including September 17, 2015, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

State Street Bank and Trust Company (the "Trustee") holds the Plan's investments and executes all related transactions. Automatic Data Processing, Inc. (ADP) is the recordkeeper of the Plan. The investment balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by ADP, on behalf of the Trustee.

Note 3 - Unaudited Information (Continued)

Significant investments included in end of year net assets are as follows:

	2014	2013
Money market fund - SSGA Cash Series U.S. Government Fund Class L	\$ 163,716	\$ 298,680
Mutual funds:		
AB Equity Income A	395,125	379,349
PIMCO Total Return Fund	311,701	270,439

SSGA Conservative Strategic Balanced Securities Lending Series Fund Class VI	150,531	141,231
SSGA Moderate Strategic Balanced Securities Lending Series Fund Class VII	182,693	157,568

Note 4 - Tax Status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) that the Plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax position and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The plan administrator believes the Plan is no longer subject to tax examinations for years prior to 2011.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2014 and 2013.

Level I - Fair values determined by Level I inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Glacier Clevite Heavywall Bearings Collective Bargaining 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements December 31, 2014 and 2013

Note 5 - Fair Value Measurements (Continued)

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

- (1) This class represents investments in actively managed common collective trust accounts that invest primarily in equity securities which may include common stocks, options, and futures.
- (2) This class represents investments in actively managed common collective trust accounts with investments in both equity and debt securities. The investments may include common stock, corporate bonds, U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.
- (3) This class represents investments in actively managed common collective trust accounts that invests primarily in fixed-income securities, including, but not limited to, bonds, notes or other investments, such as government securities; commercial paper, certificates of deposits, master notes, or variable amount notes, with the objective of providing high current income consistent with the preservation of capital and the maintenance of liquidity.

There were no unfunded commitments or redemption restrictions on the investments described above.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the end of the reporting period. There were no significant transfers between levels of the fair value hierarchy during 2014.

Reclassification - Certain prior year amounts have been reclassified to conform with current year presentation. As a result of the reclassification during 2014, it was determined that an investment previously classified as a mutual fund - equity investment (Level 1) should have been classified as a mutual fund - fixed income fund (Level 1) investment based upon the underlying investment strategy of the fund. Accordingly, the 2013 fair value disclosure has been updated.
