ANAMET ELECTRICAL, INC. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2014 and 2013

1 DESCRIPTION OF PLAN

The following description of the Anamet Electrical, Inc. (Employer) Savings Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL -- The Plan is a defined contribution plan covering substantially all employees age 18 or older who have one service hour. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS -- Employees may elect to contribute, on a pre-tax or post-tax basis, up to the I.R.C. 402(g) limit ($17,500 for the years ended December 31, 2014 and 2013) of covered compensation. Employees age 50 or over may elect to make a catch-up contribution, on a pre-tax or post-tax basis, up to the I.R.C. 414(v) limit ($5,500 for the years ended December 31, 2014 and 2013) of covered compensation. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions made on a pre-tax or post-tax basis are subject to certain maximum limitations as defined by the IRS.

Employees may elect to have all or any portion of his or her deferral contributions and catch-up contributions treated as designated Roth contributions. For the calendar year, the maximum amount of elective contributions that an employee can designate as Roth contributions equals the maximum amount of deferral contributions and catch-up contributions according to the I.R.C. limits above, reduced by the aggregate amount of the employee's deferral contributions and catch-up contributions for the calendar year that the employee does not designate as Roth contributions.

The Employer may make matching contributions to participants during the Plan year, and the Plan Administrator determines the dates the matching contribution is allocated. For the years ended December 31, 2014 and 2013, the Employer contributed an amount equal to 50% of employee contributions up to a maximum of 4% of compensation. Each year, the Employer may also, contribute an additional discretionary amount. The Employer did not make a discretionary contribution for the years ended December 31, 2014 and 2013.

PARTICIPANT ACCOUNTS -- Each participant's account is credited with the participant's contribution, the Employer's matching contribution, and an allocation of the discretionary profit-sharing contribution and fund earnings. Allocations are based upon covered compensation or account balances as defined in the Plan agreement.

Participants may transfer amounts between funds at any time during the year. The custodian reinvests the amounts to reflect these changes. At the end of the year, the investments are presented net of any transfers in process as directed by the participants.

VESTING -- All participant contributions and income thereon are fully vested at all times. Vesting of amounts related to Employer contributions is based on years of service. A participant is 20% vested after one year, 40% vested after two years, 60% vested after three years, 80% vested after four years, and 100% vested after completion of five years of service. Employer contributions and income thereon vest immediately in the case of death, permanent disability, normal retirement, attainment of age 65, or upon termination of the Plan.

1 DESCRIPTION OF PLAN (continued)

LOANS TO PARTICIPANTS -- Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested plan account balance. The loans are secured by the balance in the participant's account and bear an interest rate of 4.75%, which is a reasonable rate of interest based on the prevailing interest rates charged by persons in the business of lending money for loans under similar circumstances, as determined by the Plan administrator. Principal and interest is paid through payroll deductions. A loan set up fee of $125 is charged to participants requesting loans. Participants are allowed one outstanding loan at a time.

PAYMENT OF BENEFITS -- Upon termination or retirement, a participant's account can be distributed in the form of a lump-sum payment, an annuity, or may be deferred until April 1 of the calendar year next following the later of the calendar year in which the participant attains age 70 1/2 or the calendar year in which the participant retires.

FORFEITURES -- Forfeitures are allocated to participants based upon compensation and who are employed on the last day of the plan year. Forfeitures amounted to $7,152 and $6,265 for the years ended December 31, 2014 and 2013, respectively. The forfeiture account balance was $7,152 and $6,265 at December 31, 2014 and 2013, respectively.

ACCOUNTING FOR UNCERTAIN TAX POSITIONS -- Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PRESENTATION -- The accompanying financial statements of the Plan have been prepared on the accrual basis and present the net assets available for plan benefits and changes in those net assets, except for benefits, which are recorded when paid.

INVESTMENT VALUATION AND INCOME RECOGNITION -- The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investments held by an investment company are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets of an investment company attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the underlying defined-contribution plans. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

ESTIMATES -- Certain amounts included in the financial statements are estimated based on currently available information and Plan Administrator's judgment as to the outcome of future conditions and circumstances. While every effort is made to ensure the integrity of such estimates, including the use of third-party specialists where appropriate, actual results could differ from these estimates.

RECLASSIFICATIONS -- Certain reclassifications have been made to the December 31, 2013 financial statements to conform with the December 31, 2014 presentation.

3 INVESTMENTS

The Plan has entered into a group annuity contract with John Hancock Life Insurance Company to hold the Plan's investments. Contributions may be allocated to sub-accounts which invest solely in shares of an underlying mutual fund. Contributions were also allocated to guaranteed interest accounts for the years ended December 31, 2014 and 2013.

Guaranteed interest accounts guarantee the return of principal plus interest earned over a 3, 5 or 10-year term provided all contributions remain in the account until maturity. Interest rates are established on the first day of the month and apply to all contributions made into the account during the period.

The group annuity contract offers Pooled Separate Accounts with investment options (sub-accounts) that invest in mutual funds managed by unaffiliated mutual fund companies, mutual funds managed by John Hancock Investment Management Services, LLC and sub-advised by MFC Global Investment Management or unaffiliated third parties, or bank collective trusts managed by John Hancock Life Insurance Company or unaffiliated third parties.

The following presents investments that represent 5% or more of the Plan's net assets at December 31:

4 FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures the fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 and Level 3 inputs are used only when Level 1 inputs are not available.

4 FAIR VALUE MEASUREMENTS (continued)

Level 2 Fair Value Measurements - The fair value of sub-accounts is equal to the market value of the underlying mutual funds as quoted by those funds. Investments in these accounts are represented by units and a per unit value. The unit values are calculated by John Hancock. The underlying measurements for the sub-accounts have observable (Level 1 or Level 2) inputs, including quoted prices for similar assets in active markets. While the underlying asset values are quoted prices, the net asset value of a sub-account is not publicly quoted. Accordingly, the fair value of these accounts is reported as Level 2.

Level 3 Fair Value Measurements - The guaranteed interest accounts are not actively traded and significant other observable inputs are not available. The accounts guarantee the return of principal plus interest provided all contributions remain in the account until maturity. The fair value of the accounts is the amount Plan participants would receive currently if they were to withdraw the funds prior to maturity.

5 INVESTMENTS MANAGED BY JOHN HANCOCK LIFE INSURANCE COMPANY

The Plan has entered into a benefit-responsive investment contract (John Hancock Stable Value Fund) with John Hancock Life Insurance Company at December 31, 2014. John Hancock maintains the contributions in a collective investment trust. The fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The contract is presented on the face of the Statement of Net Assets Available for Benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2014 was $720,530. The average yield and crediting interest rate was approximately 2.29% for the year ending December 31, 2014. The crediting interest rate is based on a formula agreed upon with the issuer.

Investment contracts are valued at contract value principally because participants are able to transact at contract value when initiating benefit-responsive withdrawals, taking loans or making investment option transfers permitted by the participant plan. A benefit-responsive withdrawal includes a payment to a participant arising from retirement, termination of employment, disability or death. In the normal course, participant events are predictable (for participants as a group) such that the economic integrity of investment contracts is largely unaffected by participant withdrawals. Due to the diverse nature & number of plans invested in the Fund, the Plan Administrator believes the occurrence of an employer initiated event that would limit the ability of the Fund to transact at contract value with the participants to the Fund is not probable.

6 INVESTMENTS MANAGED BY JOHN HANCOCK LIFE INSURANCE COMPANY

The Plan has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan has obtained a certification from John Hancock Life Insurance Company that all of the information provided by John Hancock Life Insurance Company is complete and accurate. Information as to the investment assets managed by John Hancock Life Insurance Company, investment transactions, income from investments, and all the information appearing in the accompanying schedules is presented based solely upon that certification.

7 PLAN ADMINISTRATIVE EXPENSES

Certain administrative expenses of the Plan have been paid by the Plan sponsor for the years ended December 31, 2014 and 2013, respectively. The Plan did not pay administrative expenses for participant loan processing fees, which were charged to participants' accounts.

8 PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested.

9 ERISA DISCLOSURES

Loan or fixed asset obligations in default or classified as uncollectible	None
Leases in default or classified as uncollectible	None
Investment assets both acquired and disposed of within the plan year	None
Nonexempt transactions	None
Reportable transactions	None
Delinquent participant contributions	None

10 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

11 TAX STATUS

The Plan obtained its latest determination letter on April 29, 2010, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

12 SUBSEQUENT EVENTS

Subsequent events were evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued. Management believes no such events require additional disclosures.
