Independent Auditor's Report

To the Administrator of the Advanced Lighting Technologies, Inc.
401(k) Retirement and Savings Plan
Solon, Ohio

We were engaged to audit the accompanying financial statements of Advanced Lighting Technologies, Inc. 401(k) Retirement and Savings Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2014 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the 2014 financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedule

The supplemental schedule of assets (held at end of year) as of December 31, 2014, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for purposes of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Other Matter - 2013 Financial Statements

The 2013 financial statements of the Plan were audited by SS&G, Inc. (SS&G) whose directors and professional staff joined BDO USA, LLP effective January 1, 2015 and has subsequently ceased operations. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed SS&G not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan. SS&G's report, dated July 7, 2014, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2014 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Advanced Lighting Technologies, Inc. 401(k) Retirement and Savings Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Advanced Lighting Technologies, Inc. 401(k) Retirement & Savings Plan (the "Plan") provides only general information. The Plan Sponsor is Advanced Lighting Technologies, Inc. and its controlled group of domestic subsidiaries (collectively the Company). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan was established on July 1, 1984 and was most recently restated effective January 1, 2010. The Plan operates in accordance with Section 401(k) of the Internal Revenue Code.

General

The Plan is a defined contribution plan generally covering all eligible employees of the Company. There are no age or service requirements for employee contributions, as defined in the Plan. The Plan excludes certain non-resident aliens who have no earned income from sources within the United States, residents of Puerto Rico, leased employees, and any member of a collective bargaining unit for which retirement benefits have been subject of good faith negotiations. The Plan is subject to the provision of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan's administration costs, including third party administration expenses and investment management fees are paid by the Plan. Fees attributable to loans and distributions are paid by the participants. All other expenses of maintaining the Plan, including the fees required for the Plan's annual audit, are paid by the Company.

Contributions

Participants can elect to defer up to 60% of their pretax compensation, as defined in the Plan, or the maximum permitted by the Internal Revenue Service. Effective September 20, 2014, participants may also elect to make Roth 401(k) contributions. The Plan allows for catch-up contributions for participants who are age 50 or older. Participants may also rollover distributions from other qualified retirement plans.

After six months of service, the Company is required to make matching safe harbor contributions equal to 100% of the first 3% of each participant's eligible compensation, and 50% of each participant's next 2% of eligible compensation.

The Plan also allows for discretionary non-elective contributions, based on years of service, to be determined by the Board of Directors for each Plan year.

Vesting

Participants are vested immediately as to 100% of their contributions and the Company's safe harbor matching and qualified nonelective contributions.

See accompanying independent auditor's report.

401(k) Retirement and Savings Plan

Notes to Financial Statements

Participant accounts

A separate account is maintained for each participant in the Plan reflecting participant and Company contributions and allocation of the Plan's earnings and losses. The net value of each participant's account is established at the close of each business day through the valuation of each fund's assets at market value. The Plan includes provisions whereby participants can direct investment of their account balances between many programs depending on their personal investment objectives. Participants can change their investment direction or transfer funds on a daily basis.

Payment of benefits

Distributions from a participant's account are not permitted before age 59½ except in the event of death, disability, termination of employment, qualified domestic relations order, or financial hardship (including from rollover accounts), as defined in the Plan. Any distribution made without a qualifying event may be subject to a 10% federal tax penalty. Distributions may be made in the form of a lump-sum cash distribution or periodic installment amount equal to the value of the participant's vested interest. Automatic cash out of vested balances of \$1,000 or less are permitted under the Plan.

Financial hardship withdrawals of the participant's voluntary 401(k) contributions are permitted in specialized circumstances of immediate and heavy financial need. A participant who receives a hardship distribution of voluntary contributions shall be prohibited from making elective deferrals for six months after receipt of distribution.

Notes receivable from participants

The Plan allows participants to borrow against their vested account balance in the Plan, at the discretion of the trustee. Participants may borrow up to the lesser of \$50,000 or 50% of their account balance. No loan of less than \$1,000 will be made. No more than one loan per participant may be outstanding at any time. The loans are payable over one to five years, unless used to acquire a principal residence. The loans are secured by the balance in the participants account and bear a fixed interest rate based on prevailing interest rates charge by persons in the business of lending money for loans which would be made under similar circumstances. The interest rate on all outstanding loans at December 31, 2014 is 5.25%. Principal and interest is paid ratably through payroll deductions.

Forfeited Accounts

At December 31, 2014 and 2013, forfeited non-vested accounts totaled \$3,699 and \$2,877, respectively. These accounts are to be used to reduce future employer contributions. During 2014 and 2013, forfeitures of \$7,065- and \$ -0- were used to reduce employer contributions and \$25 and \$3,255 were used for plan administration expenses, respectively.

2. Summary of significant Accounting Policies

Basis of presentation

The accompanying financial statements have been prepared on an accrual basis and include recognition of net unrealized appreciation and depreciation of investments, which is included as a component of net appreciation in fair value of investments. The accounting records are maintained by a third party administrator engaged by the Plan sponsor, in conjunction with Fidelity Management Trust Company (the trustee) who maintains the assets and distributes benefits.

Valuation of investments

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

The Accounting Standards Codification (ASC) Topic on Defined Contribution Pension Plans requires that investment contracts held by a defined contribution plan be reported at fair value. However, contract value is the relevant measurement attribute for that portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits presents the fair value of the investment in the common / collective trusts as well as the adjustment from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

The Plan presents in the Statements of Changes in Net Assets Available for Plan Benefits the net appreciation (depreciation) in the fair value of investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit. Due to the level of risk associated with certain investment securities, it is reasonably possible that change in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

See accompanying independent auditor's report.

Notes to Financial Statements

Use of estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that effect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Evaluation of subsequent events

The Plan has evaluated subsequent events through August 17, 2015, the date the financial statements were available to be issued, and has determined that there were no subsequent events that have occurred through that date to recognize or disclose in these financial statements.

3. Investments / notes receivable from participants (unaudited)

All investments and notes receivable from participants information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2014 and 2013, and interest and dividends and net (depreciation) appreciation in the fair value of investments for the years ended December 31, 2014 and 2013, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee. As elected by the Plan administrator, no auditing procedures have been performed on this information, except to compare such information to the information in the accompanying financial statements.

Investments that represent 5% percent or more of the total Plan's net assets are as follows:

Notes to Financial Statements

The Plan's investments (including investments bought, sold and held during the year) changed in value as follows:

<i>December 31,</i>	2014	2013
Investments, at fair value:		
Registered investment funds	\$ (357,057)	\$4,331,208
Common / collective trust	25,818	29,587
Net (depreciation) appreciation	\$ (331,239)	\$4,360,795

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) ASC Topic 820, Fair Value Measurements and Disclosures, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value focuses on the price that would be received to sell the asset or paid to transfer the liability regardless of whether an observable liquid market price existed (an exit price). An exit price valuation will include margins for risk even if they are not observable. As the Company is released from risk, the margins for risk will also be released through net realized gains (losses) in net income. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1: Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2: Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3: Valuation is generated from model-based techniques that use significant assumptions not observable in the market. These unobservable assumptions reflect our own estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include the use of option pricing models, discounted cash flow models and similar techniques. The results cannot be determined with precision and may not be realized in an actual sale or immediate settlement of the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

See accompanying independent auditor's report.

Notes to Financial Statements

Registered investment funds: Valued at the daily closing price as reported by the fund. Registered investment funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The registered investment funds held by the Plan are deemed to be actively traded.

Common/collective trust: Valued at net asset value of units of a bank collective trust after adjustments to reflect all fund investments at fair value, including direct and indirect interests in fully benefit-responsive contracts as reported in the audited financial statements of the fund. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchase and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2014 and 2013.

The remainder of this page intentionally left blank.

Net adjustment from contract value to fair value fully benefit – responsive investment contracts	3,346	(59,039)
Income per the Form 5500	\$ 3,648,670	\$ 7,521,099

6. Tax Status

The Plan adopted a standardized prototype plan document sponsored by Fidelity Management Trust Company which was restated effective January 1, 2010. Fidelity Management Trust Company obtained its latest determination letter from the Internal Revenue Service (IRS) dated March 31, 2008, which states that the prototype document satisfies the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since the prototype was received. However, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related Trust established under the Plan is tax-exempt as of the financial statement date; and no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

See accompanying independent auditor's report.

7. Related Party Transactions

In 2014 and 2013, the Plan was under contract with the trustee of the Plan. Fees paid by the Plan for the administrative services provided were \$3,511 and \$8,244 in 2014 and 2013, respectively.

The Plan invests in various funds which are managed by Fidelity Management Trust Company, the trustee of the Plan. The transactions involving these investments qualify as party-in-interest transactions.

Notes receivable from participants also qualify as party-in-interest transactions.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

Independent Auditor's Report

To the Administrator of the Advanced Lighting Technologies, Inc.
401(k) Retirement and Savings Plan
Solon, Ohio

We were engaged to audit the accompanying financial statements of Advanced Lighting Technologies, Inc. 401(k) Retirement and Savings Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2014 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the 2014 financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedule

The supplemental schedule of assets (held at end of year) as of December 31, 2014, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for purposes of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Other Matter - 2013 Financial Statements

The 2013 financial statements of the Plan were audited by SS&G, Inc. (SS&G) whose directors and professional staff joined BDO USA, LLP effective January 1, 2015 and has subsequently ceased operations. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed SS&G not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan. SS&G's report, dated July 7, 2014, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2014 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Advanced Lighting Technologies, Inc. 401(k) Retirement and Savings Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Advanced Lighting Technologies, Inc. 401(k) Retirement & Savings Plan (the "Plan") provides only general information. The Plan Sponsor is Advanced Lighting Technologies, Inc. and its controlled group of domestic subsidiaries (collectively the Company). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan was established on July 1, 1984 and was most recently restated effective January 1, 2010. The Plan operates in accordance with Section 401(k) of the Internal Revenue Code.

General

The Plan is a defined contribution plan generally covering all eligible employees of the Company. There are no age or service requirements for employee contributions, as defined in the Plan. The Plan excludes certain non-resident aliens who have no earned income from sources within the United States, residents of Puerto Rico, leased employees, and any member of a collective bargaining unit for which retirement benefits have been subject of good faith negotiations. The Plan is subject to the provision of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan's administration costs, including third party administration expenses and investment management fees are paid by the Plan. Fees attributable to loans and distributions are paid by the participants. All other expenses of maintaining the Plan, including the fees required for the Plan's annual audit, are paid by the Company.

Contributions

Participants can elect to defer up to 60% of their pretax compensation, as defined in the Plan, or the maximum permitted by the Internal Revenue Service. Effective September 20, 2014, participants may also elect to make Roth 401(k) contributions. The Plan allows for catch-up contributions for participants who are age 50 or older. Participants may also rollover distributions from other qualified retirement plans.

After six months of service, the Company is required to make matching safe harbor contributions equal to 100% of the first 3% of each participant's eligible compensation, and 50% of each participant's next 2% of eligible compensation.

The Plan also allows for discretionary non-elective contributions, based on years of service, to be determined by the Board of Directors for each Plan year.

Vesting

Participants are vested immediately as to 100% of their contributions and the Company's safe harbor matching and qualified nonelective contributions.

See accompanying independent auditor's report.

Advanced Lighting Technologies, Inc.
401(k) Retirement and Savings Plan

Notes to Financial Statements

Participant accounts

A separate account is maintained for each participant in the Plan reflecting participant and Company contributions and allocation of the Plan's earnings and losses. The net value of each participant's account is established at the close of each business day through the valuation of each fund's assets at market value. The Plan includes provisions whereby participants can direct investment of their account balances between many programs depending on their personal investment objectives. Participants can change their investment direction or transfer funds on a daily basis.

Payment of benefits

Distributions from a participant's account are not permitted before age 59½ except in the event of death, disability, termination of employment, qualified domestic relations order, or financial hardship (including from rollover accounts), as defined in the Plan. Any distribution made without a qualifying event may be subject to a 10% federal tax penalty. Distributions may be made in the form of a lump-sum cash distribution or periodic installment amount equal to the value of the participant's vested interest. Automatic cash out of vested balances of \$1,000 or less are permitted under the Plan.

Financial hardship withdrawals of the participant's voluntary 401(k) contributions are permitted in specialized circumstances of immediate and heavy financial need. A participant who receives a hardship distribution of voluntary contributions shall be prohibited from making elective deferrals for six months after receipt of distribution.

Notes receivable from participants

The Plan allows participants to borrow against their vested account balance in the Plan, at the discretion of the trustee. Participants may borrow up to the lesser of \$50,000 or 50% of their account balance. No loan of less than \$1,000 will be made. No more than one loan per participant may be outstanding at any time. The loans are payable over one to five years, unless used to acquire a principal residence. The loans are secured by the balance in the participants account and bear a fixed interest rate based on prevailing interest rates charge by persons in the business of lending money for loans which would be made under similar circumstances. The interest rate on all outstanding loans at December 31, 2014 is 5.25%. Principal and interest is paid ratably through payroll deductions.

Forfeited Accounts

At December 31, 2014 and 2013, forfeited non-vested accounts totaled \$3,699 and \$2,877, respectively. These accounts are to be used to reduce future employer contributions. During 2014 and 2013, forfeitures of \$7,065- and \$ -0- were used to reduce employer contributions and \$25 and \$3,255 were used for plan administration expenses, respectively.

2. Summary of significant Accounting Policies

Basis of presentation

The accompanying financial statements have been prepared on an accrual basis and include recognition of net unrealized appreciation and depreciation of investments, which is included as a component of net appreciation in fair value of investments. The accounting records are maintained by a third party administrator engaged by the Plan sponsor, in conjunction with Fidelity Management Trust Company (the trustee) who maintains the assets and distributes benefits.

Valuation of investments

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

The Accounting Standards Codification (ASC) Topic on Defined Contribution Pension Plans requires that investment contracts held by a defined contribution plan be reported at fair value. However, contract value is the relevant measurement attribute for that portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits presents the fair value of the investment in the common / collective trusts as well as the adjustment from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

The Plan presents in the Statements of Changes in Net Assets Available for Plan Benefits the net appreciation (depreciation) in the fair value of investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit. Due to the level of risk associated with certain investment securities, it is reasonably possible that change in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Notes to Financial Statements

Use of estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that effect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Evaluation of subsequent events

The Plan has evaluated subsequent events through August 17, 2015, the date the financial statements were available to be issued, and has determined that there were no subsequent events that have occurred through that date to recognize or disclose in these financial statements.

3. Investments / notes receivable from participants (unaudited)

All investments and notes receivable from participants information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2014 and 2013, and interest and dividends and net (depreciation) appreciation in the fair value of investments for the years ended December 31, 2014 and 2013, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee. As elected by the Plan administrator, no auditing procedures have been performed on this information, except to compare such information to the information in the accompanying financial statements.

Investments that represent 5% percent or more of the total Plan's net assets are as follows:

Notes to Financial Statements

The Plan's investments (including investments bought, sold and held during the year) changed in value as follows:

<i>December 31,</i>	2014	2013
Investments, at fair value:		
Registered investment funds	\$ (357,057)	\$4,331,208
Common / collective trust	25,818	29,587
Net (depreciation) appreciation	\$ (331,239)	\$4,360,795

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) ASC Topic 820, Fair Value Measurements and Disclosures, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value focuses on the price that would be received to sell the asset or paid to transfer the liability regardless of whether an observable liquid market price existed (an exit price). An exit price valuation will include margins for risk even if they are not observable. As the Company is released from risk, the margins for risk will also be released through net realized gains (losses) in net income. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1: Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2: Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3: Valuation is generated from model-based techniques that use significant assumptions not observable in the market. These unobservable assumptions reflect our own estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include the use of option pricing models, discounted cash flow models and similar techniques. The results cannot be determined with precision and may not be realized in an actual sale or immediate settlement of the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Notes to Financial Statements

Registered investment funds: Valued at the daily closing price as reported by the fund. Registered investment funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The registered investment funds held by the Plan are deemed to be actively traded.

Common/collective trust: Valued at net asset value of units of a bank collective trust after adjustments to reflect all fund investments at fair value, including direct and indirect interests in fully benefit-responsive contracts as reported in the audited financial statements of the fund. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchase and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Adjustment from contract value to fair value for fully benefit – responsive investment contracts	41,314	37,968
Net assets per the Forms 5500	\$31,096,964	\$ 29,992,263

The following is a reconciliation of income per the financial statements to the Forms 5500:

<i>December 31,</i>	2014	2013
Income per financial statements	\$ 3,645,324	\$ 7,580,138
Net adjustment from contract value to fair value fully benefit – responsive investment contracts	3,346	(59,039)
Income per the Form 5500	\$ 3,648,670	\$ 7,521,099

6. Tax Status

The Plan adopted a standardized prototype plan document sponsored by Fidelity Management Trust Company which was restated effective January 1, 2010. Fidelity Management Trust Company obtained its latest determination letter from the Internal Revenue Service (IRS) dated March 31, 2008, which states that the prototype document satisfies the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since the prototype was received. However, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related Trust established under the Plan is tax-exempt as of the financial statement date; and no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

7. Related Party Transactions

In 2014 and 2013, the Plan was under contract with the trustee of the Plan. Fees paid by the Plan for the administrative services provided were \$3,511 and \$8,244 in 2014 and 2013, respectively.

The Plan invests in various funds which are managed by Fidelity Management Trust Company, the trustee of the Plan. The transactions involving these investments qualify as party-in-interest transactions.

Notes receivable from participants also qualify as party-in-interest transactions.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.
