F.C.B. 401(k) Plan
Notes to Financial Statements

1. Description of the Plan

The following description of the F.C.B. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The sponsor of the Plan was First Commercial Bank (collectively the "Company").

General

Effective on April 1, 2005, the Company established the Plan (Plan 002) for all eligible full-time employees of the Company. The last amendment was adopted on March 1, 2010. Employees of the Company are eligible to participate in the Plan generally reach age 21 and on the first day of the month following the date of hire except noted otherwise in the plan document. The Plan is subject to the provisions of the Employee retirement Income security Act of 1974 ("ERISA").

The Plan is administered by a Plan Committee. The Plan has entered into a service agreement with Fidelity Management Trust Company ("Fidelity") effective January 1, 2007. At the direction of the Plan Committee, the Custodians had the responsibility to invest, hold, and distribute the assets held by the Custodians for the benefit of the participants and their beneficiaries.

The Custodians maintains the Plan's assets in various fund accounts, which are credited with actual earnings on the underlying investments and charged for Plan withdrawals.

The costs associated with the formation and administration of the Plan are borne by the Company.

Contributions

Participants may make voluntary contributions in the form of salary deferrals at participant's discretion subject to the annual maximum amount imposed by the Internal Revenue Service. The Company matches 100% of the participants' deferrals up to the first 5% of the employees' compensation.

Investment Elections

The investments of the Plan are self-directed by the participants. Investment elections may be changed at any time.

1. Description of the Plan, continued

Participant Accounts

Each Participant's account is credited with the participant's and Company contributions and an allocation of Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service.

Vesting Schedule
Matching Contributions

Years of Service	Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Forfeited Accounts

A participant is 100 percent vested after five years of credited service during which an employee completes not less than 1,000 hours of service with the Company. There was a total of $844 forfeitures in 2014. Any forfeiture will first be used to pay administrative expenses and any remaining amounts will be used to reduce any nonelective contribution or to reduce future Company's matching contribution. The balances for the forfeiture account were $52,171 and $55,531, respectively as of December 31, 2014 and 2013.

Payment of Benefits

On termination of service, participants are to receive amounts equal to the value of their accounts If the account balances are less than $5,000. For participants with accounts balances between $1,000 and $5,000, if the participant does not choose a distribution option, the plan sponsor will roll over the balances to a special safe harbor IRA. For participants with accounts balances of $5,000 or more, they may elect to remain in the Plan or to receive the value of their vested interest in the form of lump-sum distribution.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Benefits are recorded when paid.

As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans (the FSP), investment relevant measurement attribute for that portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the FSP, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Significant Risk and Uncertainty

The fair value of the Plan's assets is subject to change as a result of changes in market rates and prices. A significant change in market rates and prices can significantly reduce the net assets available for Plan benefits and concurrently participant balances. Plans that invest in foreign securities are subject to foreign exchange and political risks among other risks.

Contributions

Participant contributions are recorded in the period during which the Company makes payroll deductions from the Plan participants' earnings. Company contributions are recorded based upon the required Company matching levels as defined in the Plan agreement.

Valuation of Investments

The Plan's investments in the registered investment companies are valued at fair value as reported to the Plan by Fidelity. Participant notes receivable are valued at cost, which approximates fair value. The Plan presents, in the statement of change in net assets available for benefits with fund information, the net appreciation (depreciation) in the fair value of its investments, which consist of the realized gains or losses and the unrealized appreciation (depreciation) of those investments.

2. Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Date of Management's Review

Subsequent events were evaluated through August 18, 2015, which is the date the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the administrator and trustee to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at December 31, 2014 and the reported amounts of additions to and deductions from net assets for the year ended December 31, 2014. Actual results may differ from those estimates.

3. Investments

Investments are reported at fair value. Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Investments are held in custodial capacity by Fidelity Management Trust Company, the trustee of the plan. Individual Plan participants direct the transactions that take place in their accounts.

During the year ended December 31, 2014, the Plan's investments (including gains and losses on investments bought and sold as well as held during the year) appreciated (depreciated) in value by ($12,192), using contract value, as follows:

Registered Investment Companies (Mutual Funds)	$ (15,220)
Common/collective trust	3,028
	$ (12,192)

3. Investments, continued

This is a summary of information included in the Plan's financial statements which was prepared by Fidelity Management Trust Company, the Plan's custodian and was furnished to the Plan administrator. The Plan administrator obtained a certification from Fidelity Management Trust Company that such information was complete and accurate.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because these inputs provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

4. Fair Value Measurements, continued

Level 3 Fair Value Measurements

The guaranteed investment contract with an insurance company and participant loans are not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is determined using an income approach based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer and discount rates in a range.

For those assets with fair value measured using Level 3 inputs, the Plan administrator determines the fair value measurement policies and procedures in consultation with the Company's chief financial officer and the Plan trustee. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

The following tables reconcile the beginning and ending balances of fair value measurements using significant unobservable inputs (Level 3) of the guaranteed investment contract with insurance company for the years ended December 31, 2014 and 2013:

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)

	Common/ Collective Trust	Participant Loans	Total
December 31, 2014			
Beginning balance	$ 288,663	$ 24,335	$ 312,998
Total gains or loss(realized and unrealized) included in changes in net assets available for benefits	3,029	1,048	4,077
Purchases, sales, issuances, and settlements (net)	20,665	(10,380)	10,285
Ending Balance	$ 312,357	$ 15,003	$ 327,360
December 31, 2013			
Beginning balance	$ 258,210	$ 37,741	$ 295,951
Total gains or loss(realized and unrealized) included in changes in net assets available for benefits	2,229	1,777	4,006
Purchases, sales, issuances, and settlements (net)	28,224	(15,183)	13,041
Ending Balance	$ 288,663	$ 24,335	$ 312,998

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2014 are reported in net appreciation (depreciation) in fair value of investments.

The Plan's policy is to recognize transfers into and out of level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31. 2014, there were no significant transfers into or out of level 3.

5. Participant Notes Receivable

Under the terms of the Plan, participants may borrow from their vested balances, subject to certain limitations as set forth in the Plan and the Internal Revenue Code. The loan amount must be between a minimum of $500 and a maximum of $50,000. Only 50% of the participant's vested balance is available for the loan. The amounts borrowed carry fixed interest rates which are based on the indexed rate published by the Federal Reserve Bank. Loans are payable in full upon the participant's termination of employment from the Company. There was no employee loan granted during the year ended December 31, 2014.

6. Plan Amendment and Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

7. Income Tax Status

The Company has received a favorable determination letter from the Internal Revenue Service dated December 2005 that the Plan qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Company has also received a favorable determination letter from the Internal Revenue dated May 12, 2008 on its latest amendment adopted on December 19, 2006. The Company is of the opinion that the Plan is currently being operated in compliance with the applicable requirements of the IRC and that the trust, which forms a part of the Plan, is tax exempt. Accordingly, no provision for state or federal income taxes has been provided.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

8. Related Party Transactions

Certain Plan investments are in units of participation in a registered investment companies and a fixed income offered by the Plan trustee, and therefore, these transactions qualify as party-in-interest. Any purchases and sales of these funds are open market transactions at fair market value. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transaction under ERISA.

9. Payment of Benefits

Benefits are recorded when paid.

10. Operating Expenses

During the year of 2014, $2720 of administrative fees was paid by the plan.

11. Guaranteed Investment contract

Certain events limit the Plan's ability to transact at contract value with Fidelity. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other than plan sponsor events (for example, 13 divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

Guaranteed portfolio fund does not permit the insurance company to terminate the agreement prior to the scheduled maturity date and total number of shares were 308,350 and 284,312 as of December 31, 2014 and 2013, respectively.

	2014	2013
Average yields:		
Based on underlying Investment Return	1.67%	1.54%
Based on interest rate credited to participants	1.07%	0.89%

12. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risk such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonable possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
