Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Restaurant Management, Inc. Employees Profit Sharing Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2014, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Capital Bank and Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2014 financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes transactions. The Plan Administrator has obtained a certification from the trustee as of and for the year ended December 31, 2014, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2014 financial statements. Accordingly, we do not express an opinion on the 2014 financial statements.

Report on Supplemental Schedule

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2014, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Prior Period Financial Statements

The statement of net assets available for benefits of the Plan as of December 31, 2013, was audited by Joseph Decosimo and Company, PLLC ("Decosimo"), who merged with Elliott Davis Decosimo, LLC as of January 1, 2015. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed Decosimo not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated, October 6, 2014, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, they did not express an opinion on the financial statements; and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL's Rules and Regulations

The form and content of the information included in the 2014 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL Rules and Regulations for Reporting and Disclosure under ERISA.

Restaurant Management, Inc. Employees Profit Sharing Plan

Notes to Financial Statements

December 31, 2014 and 2013

Note 1. Description of the Plan

The following description of the Restaurant Management, Inc. (the "Company") Employees Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all employees of the Company who have completed at least one year of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions:

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes 50 percent of each dollar contributed by each participant, capped at \$900 annually. Additional profit sharing amounts may be contributed at the option of the Company's board of directors (no such contributions were authorized for 2014). Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant accounts:

Each participant's account is credited with the participant's contributions and Company contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are vested immediately in their contributions plus actual earnings thereon. A participant is fully vested in Company contributions upon reaching age 65, upon death or upon permanent disability. Termination of employment before any of the above occurs activates the following vesting schedule for the Company's matching and profit sharing accounts:

Completed years of service	Vesting percentage
Less than 2	0%
2 years	50%
3 years	75%
4 years	100%

Restaurant Management, Inc. Employees Profit Sharing Plan

Notes to Financial Statements

December 31, 2014 and 2013

Note 1. Description of the Plan, Continued

Payment of benefits:

On termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or other installment options as provided by the Plan. Hardship distributions are permitted upon demonstration of financial hardship. All fully vested balances are available for distribution after the participant reaches the age of 59½.

Forfeited accounts:

At December 31, 2014 and 2013, there were no forfeited nonvested accounts. During 2014, employer contributions were reduced by \$2,474 from forfeited nonvested accounts.

Note 2. Summary of Significant Accounting Policies and Activities

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive contracts.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess contributions payable:

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan had no excess contributions to be refunded to the applicable participants as of December 31, 2014.

Payment of benefits:

Benefits are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the processing of benefit payments are deducted from the payment and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events:

The Plan has evaluated subsequent events through September 1, 2015, the date the financial statements were available to be issued.

Recently issued accounting pronouncements:

In May 2015, the Financial Accounting Standards Board ("FASB") amended the Fair Value Measurement topic of the Accounting Standards Codification by issuing guidance that removes the requirements to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The amendments will be effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2016, with early adoption permitted. A reporting entity should apply the amendments retrospectively to all periods presented. The retrospective approach requires that an investment for which fair value is measured using the net asset value per share practical expedient be removed from the fair value hierarchy in all periods presented in an entity's financial statements. The Plan does not expect these amendments to have a material effect on its financial statements.

Recently issued accounting pronouncements, continued:

In July 2015, the FASB amended the Defined Benefit Pension Plans, Defined Contribution Pension Plans, and Health and Welfare Benefit Plans topics of the Accounting Standards Codification by issuing guidance that (I) removes the requirements that fully benefit-responsive investment contracts be measured at fair value for purposes of presentation and disclosure and (II) removes the requirement that investments (both participant directed and nonparticipant-directed) be grouped and disclosed on the basis of nature, characteristics, and risks in the fair value disclosures of the financial statements of employee benefit plans, thereby allowing that such investments need only be grouped and disclosed by general type. These amendments will be effective for fiscal years beginning after December 15, 2015, with early adoption permitted. A reporting entity should apply the amendments retrospectively to all periods presented. The Plan is currently evaluating the impact of these amendments on its financial statements.

Note 4. Trustee Certifications

The following is a summary of the Plan's asset information as of December 31, 2014 and 2013, and for the year ended December 31, 2014, included throughout the Plan's financial statements and supplemental schedule of assets held for investment purposes at end of year, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule of assets held for investment purposes at end of year related to the following assets and related income:

	<u>2014</u>	<u>2013</u>
Investments at fair value:		
Mutual funds	\$ 2,063,431	\$ 1,839,571
Investments at contract value:		
Common collective trust fund	<u>750,144</u>	<u>745,037</u>
	<u>\$ 2,813,575</u>	<u>\$ 2,584,608</u>

The trustee also certified to the completeness and accuracy of \$27,692 net appreciation in the fair value of investments and \$109,072 of interest and dividends for the year ended December 31, 2014.

Note 5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Notes to Financial Statements

Note 5. Fair Value Measurements, Continued

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at NAV. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2014 and 2013:

- (a) This category includes a common collective trust fund (the "Fund") whose objective is stability of principal and high current income. The Fund holds guaranteed investment contracts ("traditional GICs"), separate account guaranteed investment contracts ("separate account GICs") and synthetic guaranteed investment contracts ("synthetic GICs"). Traditional GICs represent deposits which guarantee a stated interest rate for the term of the contracts. The fair value of traditional GICs is determined based on the present value of the contract's expected cash flows, discounted by current market interest rates for like-duration and like-quality investments. Separate account GICs are portfolios of securities (fixed-income securities or shares of open-end mutual funds) held in a separate account owned and managed by or on behalf of the insurance company issuing the GIC for the exclusive benefit of investors in the separate account. Synthetic GICs are portfolios of securities owned by the Fund. Each of the separate account GICs and synthetic GICs has a wrap contract that provides a minimum guaranteed rate of return for the term of the contracts. The fair value of a separate account GIC and a synthetic GIC is determined based on the fair value of the securities underlying each GIC. The underlying securities can be comprised of, primarily, over-the-counter market securities and open-end mutual funds. Over-the-counter securities, such as fixed-income instruments, with remaining maturities greater than 90 days are fair valued using price evaluations provided by a pricing service. In addition, the fair value of the wrap contract is calculated using the contract value of the GIC as the balance sheet date, giving consideration to any contractually agreed-upon replacement fees charged by the wrap contract provider.

Short-term securities are stated at amortized cost (which approximates market value) if maturity is 90 days or less at the time of purchase, or at market value if maturity is greater than 90 days at the time of purchase.

Investments in open-end, registered investment companies are valued at the respective net asset values as reported.

Note 6. Common Collective Trust Fund

The KeyBank EB Managed Guaranteed Investment Contract Stable Value Fund (KeyBank EB MaGIC Fund) is comprised of fully benefit-responsive contracts and is therefore valued at contract value, which represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The crediting interest rate was 1.87 percent and 1.68 percent as of December 31, 2014 and 2013, respectively. The average yield was 1.86 percent for the year ended December 31, 2014.

Note 7. Related-Party and Party in Interest Transactions

Certain Plan investments are shares of mutual funds managed by Capital Bank and Trust Company. Capital Bank and Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to the third party administrator totaling \$1,050 which were not covered by revenue sharing. The plan sponsor pays directly any other fees related to the Plan's operations.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Note 9. Tax Status

The Company has adopted the Plan based on a prototype plan document sponsored by American Funds. American Funds has received an opinion letter from the IRS dated May 28, 2002, that states that the form of the prototype plan is acceptable under Section 401 of the Internal Revenue Code ("IRC"). The Plan Administrator has not requested a determination letter from the IRS on the Plan. The Plan has been amended since the date of the IRS opinion letter on the prototype plan. While the Plan cannot rely on the IRS opinion letter, the Company and the Plan Administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note 10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
